(ii) The bill drafting service shall have supervision of and provide legal services for Enrollment and Review Committee.

(iii) The Chairperson of Enrollment and Review shall have authority, without being required to include the same specifically in his or her reports and recommendations to the Legislature, in accord with accepted usage:

(A) To correct the spelling of words, to correct erroneous division and hyphenation of words, to capitalize or decapitalize words, to convert masculine or feminine referents to neutral gender when appropriate, and to change numbers from words to figures or from figures to words, in new and independent acts, in the new matter of amendatory acts, in standing committee reports, and in General File, Select File, and specific amendments.

(B) To underscore or remove underscoring, as the case requires, in standing committee reports and in General File, Select File, and specific amendments.

(C) When an amendment to add the emergency clause, the severability clause, or provide an operative date is adopted on Select File which does not spell out the standard clause or section and make the necessary change in the title, the Chairperson of Enrollment and Review shall also have the authority to add to the engrossed bill the standard clause or section, assigning to it the appropriate section number, and make the necessary change in the title as a matter of course without including such action in his or her reports and recommendations to the Legislature or making any special record thereof.

(D) To add and/or delete names of introducers to reflect action on the bill while the bill remains in the possession of the Legislature at any stage of consideration.

(E) To reflect votes on Final Reading as they may occur pursuant to Rule 6, Section 10 and Rule 6, Section 15.

(e) Reference Committee.

(i) The Executive Board shall constitute the Reference Committee. The Reference Committee shall review each bill and resolution and either refer the matter to the appropriate committee or to General File. The appropriate committee is that committee which has subject-matter jurisdiction over the issue or which has traditionally handled the issue.

(ii) All nominations made to the Legislature by the Governor, requiring confirmation by the Legislature shall be referred to the appropriate standing committee and the same procedure shall be followed as governs the handling of other matters before standing committees, unless the Legislature shall otherwise direct by unanimous vote.

(iii) The Clerk of the Legislature's office shall be responsible for the collection of pertinent information on gubernatorial appointments. That information will be distributed to the appropriate standing committee prior to the time of the confirmation hearing. The Clerk's office shall be the "depository" for background information on the individual, a statement of financial interests if applicable, and other biographical information that the committee chair feels is appropriate for the committee to have before it during the confirmation process.

(iv) The committees to which a gubernatorial appointee has been referred for confirmation shall conduct a confirmation hearing. Each appointee shall be required to appear in person before the committee conducting the confirmation hearing. The appearance of the appointee may be waived for good cause shown by a majority vote of the members assigned to the committee conducting the hearing.

The committee shall prepare a report either approving or rejecting the appointment. Said report shall be filed with the Clerk of the Legislature. The Legislature shall then have the opportunity to accept or reject the report of the committee.

(v) Any appointment letter received by the Clerk of the Legislature during the last eight calendar days of any regular legislative session shall not be acted upon. Acknowledgement of receipt of the appointment shall be deferred until the next regular or special session of the Legislature.

(f) Rules Committee.

All proposed rules changes shall be set for public hearing within five legislative days after their referral to the committee. The hearing shall take place within fifteen legislative days after the referral, and the committee shall take final action on the proposal within ten legislative days after the hearing.

(g) Investigating Committees.

The Committee on Committees may appoint other select committees when authorized by the Legislature. No investigating committee of the Legislature shall be created except by resolution which shall set forth, with supporting statements, the reasons for and the purposes of the investigation, and no committee thus established shall function except during the interim between legislative sessions.

Sec. 5. Special Committees. (a) Special committees shall include all authorized committees other than standing and select committees. Unless otherwise specifically provided, special committees shall not have jurisdiction over legislative bills, but shall be subject to the same procedural rules as standing committees, insofar as they are applicable.

(b) The special committees authorized by statute as of January 1, 1980 are as follows:

Building Maintenance. RRS 81-185	6 members
Education Commission of the States. RRS 79-2504	3 members

Performance Review and Audit. RRS 50-701.02	9 members

(c) The following special provisions shall be in force with regard to the following special committees:

(i) Intergovernmental Cooperation Committee.

In addition to the members of the Intergovernmental Cooperation Committee chosen in accordance with Section 81-816, the Executive Board may appoint temporary members to serve on such assignments as the chairperson shall direct.

(ii) Nebraska Retirement Systems Committee.

The Nebraska Retirement Systems Committee (RRS 50-416) shall have jurisdiction over all bills proposing new or amending existing retirement systems of the state and its political subdivisions.

Sec. 6. Meeting Times. (a) After consultation with the Speaker, the Committee on Committees shall publish a schedule of standing committee meetings, in such manner as to avoid, as far as possible, conflicts in the assignment of members to committees. Standing committees shall meet at 1:30 p.m. on weekdays, unless otherwise approved by the Legislature.

(b) A standing committee deciding not to hold meetings on the appointed day must receive permission from the Reference Committee.

(c) Any legislative committee shall be subject to the call of its chairperson or to the call of a majority of its members, in accordance with the notice and procedural requirements set forth in its committee rules.

Sec. 7. Chairperson, Vice Chairperson. (a) The chairperson of each standing and select committee shall be selected by secret ballot on the floor of the Legislature.

(b) The chairperson of a special committee shall be selected in the manner provided by the act authorizing the committee, or if not specified, by the Executive Board.

(c) Each committee shall elect from its membership a vice chairperson to serve in the absence of the chairperson.

Sec. 8. Committee Quorum. A majority of the members of a committee shall constitute a quorum. A quorum must be present for the transaction of any committee business except a public hearing.

Sec. 9. Quorum at Committee Hearings. A quorum of committee members should be maintained throughout all committee hearings.

Sec. 10. Conduct During Committee Hearing. No member, staff, media representative, or individual shall smoke or otherwise consume tobacco products during a committee hearing or while the committee conducts an executive session within the hearing room assigned to that committee for such purpose, unless the committee by a vote of the majority, with all the members present, taken at least once a session, decides otherwise.

Sec. 11. Temporary Appointments. (a) When a member is unable to serve, the chairperson of the committee, after a majority vote of the remaining members, shall request that such vacancy be filled by the Committee on Committees. Such committee shall appoint either the Speaker or a member from a standing committee having eight members to fill each vacancy.

(b) A temporary appointment may be made by the Chairperson of the Committee on Committees for only one day when requested by a chairperson of a standing committee which lacks a quorum. When a member is appointed from an eight-member committee, the consent of the member to be appointed shall first be obtained. The temporary appointee shall have the right to vote only on the bill or bills that actually have been heard by the appointee and provided that the vote is taken on such bills on the day the bill or bills are heard. When such appointment is made in case of an incapacitated member, such appointee shall cease to be a member of such committee upon the return of the incapacitated member for whom he or she was appointed.

Sec. 12. Consideration and Correlation of Bills and Resolutions. (a) Committees shall consider and report without unnecessary delay all bills and resolutions referred to them. Committees shall be authorized to combine and to correlate the provisions of different bills and resolutions referred to them and related to the same subject under the number of one of the correlated bills or resolutions, and when reported out under one bill or resolution number, the remaining bills or resolutions will be reported out as indefinitely postponed. Committees may, before taking final action on any bill or resolution, adopt amendments thereto, for the consideration of the Legislature.

(b) The chairperson of each committee shall set for hearing all bills and resolutions referred to the committee.

Sec. 13. Public Hearing, Notice. Before taking final action on a bill, resolution, or gubernatorial appointment, a committee shall hold a public hearing thereon and shall give at least seven calendar days' notice, after the bill or pronouncement of the appointee shall have been printed, by publication in the Legislative Journal. No bill or resolution having been set for public hearing shall be withdrawn nor the hearing cancelled within seven calendar days of the date set for said public hearing.

Sec. 14. State Officials Appearing Before Committees. State officials and department heads or their designees and state employees are encouraged to appear before any legislative committee to comment upon bills having an impact on the operations of the administrative agency or department for which they work.

Sec. 15. Executive Sessions and Closed Meetings. (a) Executive session shall mean any meeting or portion of a meeting which is closed to the general public, and the proceedings of which are not electronically recorded and transcribed, unless the committee so provides, but the records of which shall be available for public inspection. Executive sessions shall be open to members of the news media who may report on action taken and on all discussions in executive session.

(b) All other meetings of a committee shall be public unless the committee, by a majority vote of all of its members, determines that a meeting should not be open to the public, including members of the news media, in a particular instance, due to rare and extraordinary circumstances. The meeting shall be reconvened in open session before any formal action may be taken.

Sec. 16. Report of Bill to Legislature. (a) In reporting a bill to the Legislature, whether with or without amendments, a committee shall by vote of a majority of its members, recommend that the bill be placed on General File or that the bill be indefinitely postponed. Such action shall be taken at regularly scheduled meetings only.

(b) A report on a bill or resolution must be made to the Legislature within eight calendar days after the committee has taken final action upon the particular measure. Final action shall mean an affirmative vote of a majority of the committee members to advance a bill to General File with or without committee amendments or an affirmative vote of a majority of the committee members to indefinitely postpone the bill. A committee may reconsider any final action prior to the committee making a report on the bill or resolution to the Legislature, provided the reconsideration takes place within eight calendar days of the final action.

(c) No bill shall be reported by the committee to be placed on General File unless the amendments, if any, are approved as to form and draftsmanship by the Bill Drafter.

Sec. 17. Indefinitely Postponed Bills. If the committee action on a bill be to postpone indefinitely, the bill shall stand indefinitely postponed; except that such bill may be placed on General File or referred back to the committee by a three-fifths vote of the elected members upon motion made within three legislative days after the committee makes its report to the Legislature, or by a two-thirds vote of the elected members upon motion made more than three legislative days after such committee report. Not more than one bill shall be raised from committee on any one motion. A motion to raise cannot be amended to include any other bill or subject matter. A motion to raise must be disposed of by the Legislature within five legislative days after the motion is available for consideration or it shall be deemed defeated.

Sec. 18. Committee Statement. (a) The chairperson of each committee with the assistance of the legislative staff shall, when reporting a bill, submit with such bill a committee statement which shall contain, but need not be limited to, the following information:

(1) the one-line title and number of the bill;
(2) a roll call vote of final committee action taken on the bill;
(3) the date of the public hearing on the bill;

(4) a list of all individuals testifying for and against the bill and any organization they represent;
(5) a summary of the bill's purpose and a description of all major provisions for change in the bill as written and as amended by the committee;
(6) if committee amendments are to be introduced, a copy of the amendments and an explanation thereof.

(b) A copy of the proposed statement shall be distributed to each committee member within five days after final action on the bill has been taken by the committee. A minority or concurring statement bearing the signature or signatures of its proponents and setting forth objections to the bill, to proposed amendments, or to the majority statement may be filed by its author(s) with the Clerk of the Legislature at any time prior to the first hearing of the bill on General File.

(c) A copy of the committee statement and any minority statements submitted shall be distributed to each senator after filing with the Clerk of the Legislature. Copies of such statements shall be made available to the public.

Sec. 19. Request From Committee, Bills Held. (a) Except for the general appropriation bills necessary for the support of the state government for the biennium, the Legislature may, by vote of a majority of the elected members, request a status report from any committee at any time after said committee shall have been in possession of a bill or resolution for twenty legislative days.

(b) Any senator may move that a bill be placed on General File twenty calendar days or more after the committee hearing, if the committee has not taken final action on the bill, and by a vote of a majority of the elected members, said bill shall be placed on General File. If, at the expiration of eight calendar days from the date final action was taken, the chairperson has not reported the bill, any senator may file with the Speaker a motion that the chairperson be compelled to submit a report. After determining that final action on the bill has been taken at least eight calendar days prior to the date the motion was submitted, the Speaker shall accept the motion and compel the chairperson to file the committee's report on the matter.

(c) Any time any member attempts to take a bill from committee to be placed on General File, the bill shall stand indefinitely postponed and shall not be subject to reconsideration if the motion fails to receive a majority vote of the members elected to the Legislature. The introducer of the bill must concur with any motion offered under this rule.

Sec. 20. Subpoena Procedure. It is within the inherent power of any legislative committee to gather information pursuant to its regular functions, and to conduct investigations of matters within its subject-matter jurisdiction.

A committee's power of subpoena should not be exercised unless the committee has determined that no other method of securing the desired information would be successful or practicable, and that the matter is of primary importance to the welfare of the State of Nebraska.

A committee of the Legislature conducting an investigation and gathering information, whether pursuant to legislative direction or pursuant to its regular functions of oversight and bill preparation, shall observe the following procedures in addition to regular committee procedures whenever subpoenas are issued:

(A) Issuance of Subpoenas.

(i) A committee may, by a majority vote of all of its members taken at a meeting properly called, issue a subpoena requiring a person to appear before the committee and be examined in reference to any matter within the scope of the inquiry or investigation being conducted by the committee, but only when the committee has received prior approval by a majority vote of the Executive Board to issue subpoenas in connection with the specific inquiry or investigation in question.

(ii) The committee may, in the same manner, issue a subpoena or subpoena duces tecum requiring any person to appear before the committee and bring with him or her any books, papers, or other documents pertinent thereto.

(iii) While the Legislature is in session, a committee deciding to issue subpoenas must promptly report each issuance to the Legislature. A record shall be made in the Journal reflecting the date the subpoena was issued, to whom it was issued, for what purpose it was issued, and the date on which testimony or production of documents is to take place. Under extraordinary circumstances, the identity of the person subpoenaed may be withheld from publication if necessary to protect the safety of an individual or the confidentiality of the matters to be heard.

(iv) A person subpoenaed to attend a hearing of a committee shall receive the same fees and allowances as a person subpoenaed to give testimony in an action pending in a court of record.

(B) Notice to Witnesses.

(i) Service of a subpoena requiring the attendance of a person at a hearing of a committee shall be made in the manner provided by law for the service of subpoenas in civil actions at least seven days prior to the date of the hearing unless a shorter period of time is authorized by a majority vote of all of the members of the committee in a particular instance when, in their opinion, the giving of seven days' notice is not practicable; but if a shorter period of time is authorized, the person subpoenaed shall be given reasonable notice of the hearing, consistent with the particular circumstances involved.

(ii) Any person who is served with a subpoena to attend a hearing of a committee shall also be served with a copy of the act defining the purpose of the committee, a copy of the rules under which the committee functions, a general statement informing him or her of the subject matter of the committee's investigation or inquiry, and a notice that he or she may be accompanied at the hearing by counsel of his or her own choosing.

(C) Conduct of the Hearing.

(i) No committee which has issued a subpoena directing a witness to appear at a hearing shall question the witness unless a quorum is present throughout the questioning.

(ii) The hearing shall be public unless the committee, by a majority vote of all of its members, determines that a hearing should not be open to the public in a particular instance, due to rare and extraordinary circumstances consistent with Legislative Rule 3, Section 15(b) regarding closed meetings.

(iii) The chairperson of the committee shall preside at all hearings and shall conduct the examination of witnesses himself or herself or supervise the examination by other members of the committee. The committee may, by a majority vote of all its members, authorize the questioning of a witness by the committee's counsel or by special counsel.

(D) Right to Counsel and Submission of Questions.

(i) Every witness at the hearing may be accompanied by counsel of his or her own choosing, who may advise the witness of his or her rights, subject to reasonable limitations which the committee may prescribe to prevent obstruction of or interference with the orderly conduct of the hearing.

(ii) Any witness at the hearing, or a witness' counsel, may submit to the committee proposed questions to be asked of the witness or any other witness relevant to the matters upon which there has been any questioning or submission of evidence, and the committee shall ask such of the questions as it deems appropriate and relevant to the subject matter of the hearing.

(E) Testimony.

(i) The committee shall cause a verbatim record to be made of all proceedings in which testimony or other evidence is demanded or offered, which record shall include rulings of the chair, questions of the committee and its counsel, the testimony or responses of witnesses, sworn written statements submitted to the committee and read into the record, and such other matters as the committee or its chair may direct.

(ii) All testimony given or offered at the hearing shall be under oath or affirmation if the witness has been subpoenaed, and in other cases if a majority of the committee members present at the hearing so decide.

(iii) The presiding member at the hearing may direct a witness to answer any relevant question or furnish any relevant book, paper, or other document, the production of which has been required by subpoena duces tecum. Unless the direction is overruled by a majority vote of the committee members present, disobedience shall constitute a contempt.

(iv) A witness at the hearing or his or her counsel, with the consent of a majority of the committee's members present at the hearing, may file with the committee for incorporation into the record of the hearing sworn written statements relevant to the purpose, subject matter, and scope of the committee's investigation or inquiry.

(v) Testimony and other evidence given or offered at a hearing closed to the public shall not be made public unless authorized by a majority vote of all of the members of the committee, which authorization shall also specify the form and manner in which the testimony or other evidence may be released.

(vi) A witness at a closed hearing, upon request and at his or her own expense, shall be furnished a transcript of his or her testimony at the hearing.

(F) Interested Persons.

(i) Any person whose name is mentioned or who is otherwise identified during the hearing and who, in the opinion of the committee, may be adversely affected thereby, may, upon his or her request or upon the request of any member of the committee, appear personally before the committee and testify in his or her own behalf, or, with the committee's consent, may file a sworn written statement of facts or other documentary evidence for incorporation into the record thereof.

(ii) Upon the consent of a majority of its members, a committee may invite any other person to appear at a hearing or submit a sworn written statement of facts or other documentary evidence for incorporation into the record thereof. No invitation to appear, and no request to appear, appearance, or submission of evidence shall limit in any way the committee's power of subpoena.

(iii) Any person who appears before a committee pursuant to this section shall have all the rights, privileges, and responsibilities of a witness provided to all other witnesses.

(G) Contempt.

A person shall be in contempt if he or she:

(i) Fails or refuses to appear in compliance with a subpoena or, having appeared, fails or refuses to testify under oath or affirmation;

(ii) Fails or refuses to answer any relevant question or fails or refuses to furnish any relevant book, paper, or other document subpoenaed by or on behalf of a committee; or

(iii) Commits any other act or offense against a committee which, if committed against the Legislature, would constitute a contempt.

The chairperson of a committee may apply to the Legislature or, during the interim, to the district court of any county to compel obedience by proceedings for contempt.

(H) Penalties.

(i) A person guilty of contempt under the provision of these rules shall be subject to punishment pursuant to RRS 50-105 and 50-106 during the session, or to RRS 50-407 when the Legislature is not in session.

(ii) If a committee fails in any material respect to comply with the requirements of these rules, any person subject to a subpoena or a subpoena duces tecum who is injured by such failure shall be relieved of any requirement to attend the hearing for which the subpoena was issued or, if present, to testify or produce evidence therein; and such failure shall be a complete defense in any proceeding against such person for contempt or other punishment.

(iii) Any member or employee of the Legislature, other than the witness concerned or his or her counsel who knowingly violates subsections of these rules concerning the publication of testimony taken at a closed hearing, shall be in contempt of the Legislature or, if a member of the Legislature, shall be subject to sanction or suspension according to the statutes governing the Legislature. The speaker on his or her own motion or on the application of any person claiming to have been injured or prejudiced by an unauthorized disclosure may institute proceedings for the determination of the issue and for the imposition of penalties provided herein. Nothing in this subsection shall limit any power which the Legislature may have to discipline a member or employee or to impose a penalty in the absence of action by a prosecuting officer or court.

(I) Limitation of Rules.

Nothing contained in this section shall be construed to limit or prohibit the acquisition of evidence or information by any committee by any lawful means not provided for herein.

RULE 4--RESOLUTIONS

Section 1. Identification. A resolution shall be designated as Legislative Resolution ____. All resolutions shall be numbered consecutively for each Legislature. All resolutions shall be introduced and read by the Clerk upon introduction and shall be printed in the Legislative Journal.

73-74 Attorney General Opinion No. 13--Resolutions must be printed and read before a vote is taken.

Sec. 2. When Considered as a Bill. Resolutions which propose amendments to the state constitution, propose the ratification or rejection of amendments to the federal Constitution, or memorialize the Congress with regard to amendments to the U.S. Constitution, shall be considered and adopted in the same manner as bills.

Const. Art. III, Secs. 13, 14; Art. IV, Sec. 15; Art. XVI, Sec. 1. Cannot appropriate funds by resolution. Const. Art. III, Sec. 25.

Sec. 3. Study Resolutions: Introduction; Referral; Standing Committees; Select Committees; Results. (a) Any senator or committee may introduce resolutions proposing interim studies. The resolutions shall be submitted to the Clerk of the Legislature on a form prescribed by the Clerk, printed in the Journal, and referred to the Executive Board.

(b) Study resolutions may be introduced up to and including the 80th legislative day in odd number years and the 50th legislative day in even number years. However, each standing committee may introduce one additional study resolution prior to adjournment sine die. The Executive Board shall refer the study resolutions to the appropriate standing committees or to select interim committees created by it to conduct such studies.

(c) Study resolutions shall be prioritized by the chairperson of the committee to which they are referred, and a report on those priorities shall be filed with the Clerk, on a form prescribed by the Clerk, prior to adjournment sine die. Also, the chairperson of each committee shall file with the Clerk, on a form prescribed by the Clerk, his or her committee's study plan for the highest prioritized interim studies referenced to such committee. This study plan shall be filed no later than thirty days after adjournment sine die. Unless otherwise agreed to, staff to interim studies conducted by standing committees shall be headed by the respective committee counsels. Legislative aides whose senators serve on such standing committees and legislative aides of other interested senators may be invited by the respective committee counsels to participate as staff in the conduct of the interim studies. The provisions of this section shall in no way limit the standing committees in their traditional prerogatives to conduct hearings and oversee matters and agencies that are within their subject matter jurisdiction.

(d) The Executive Board may, on its own behalf, conduct interim studies or create select interim committees to do so. Before creating a select interim committee, the Board shall consider whether the subject matter proposed for study by such a committee lies within the jurisdiction of one or more standing committee. To the extent possible, the jurisdiction of a select interim committee created by the Board shall be limited to subject matters that do not lie wholly within the jurisdiction of one or another standing committee. Membership on a select interim committee shall, to the extent possible, include senators who are both interested in serving on such a committee and are from the standing committees that have the most direct concern with the subject matter proposed for study. Select interim committees shall meet no later than five legislative days prior to adjournment sine die to organize and to review study plans. Staff to select interim committees shall be drawn from the Legislature's division staffs (e.g., fiscal, research, bill drafting), be based upon a joint plan submitted to the Executive Board by the division directors, may include other interested legislative staff, and shall be coordinated by the Legislative Research Division, and the chairpersons of the standing committees involved with the select interim committee.

(e) The Executive Board shall retain its traditional prerogatives to consider and refer study proposals arising from extraordinary circumstances after the deadlines established in this section.

(f) The chief sponsor of a study resolution, if not otherwise a member of the committee to which the resolution is referred, shall be an ex officio member of the committee during and only for the conduct of the study.

(g) On or before December 1 of each year, each standing and select interim committee shall file a report, on a form prescribed by the Clerk, with the Executive Board on the disposition of the study resolutions referred to them. These reports shall be printed in the Journal at the beginning of the next session of the Legislature.

(h) The results or final reports of studies conducted by standing committees may be prepared in a format of their choosing. Seven copies of each completed standing committee report shall be filed with the Legislative Reference Library. The results or final reports of studies conducted by select interim committees shall be prepared and published in a format prescribed by the Legislative Research Division, and copies of such studies will be indexed and filed with the Legislative Reference Library.

Resolutions specified in Section 2 shall be considered and adopted in the same manner as bills.

Sec. 6. Resolutions, Lay Over Requirement. Resolutions shall lay over for consideration at least one legislative day after introduction.

Sec. 7. Engrossed Resolutions. Only those resolutions specified in Sections 2 and 3 of this rule shall be engrossed unless otherwise ordered by the Legislature or unless the Clerk determines the nature of the resolution is such that upon its adoption it must be engrossed to properly achieve the purpose for which it was presented. All resolutions which are engrossed shall be enrolled and signed by the Lieutenant Governor or Speaker and certified to by the Clerk as to the date of final passage.

Const. Art. III, Sec. 14.

Sec. 8. Reference to Committee. Resolutions other than those covered by Sections 2 and 3 of this rule shall upon the recommendation of the Speaker of the Legislature be referred to the Reference Committee for referencing to the appropriate committee.

Sec. 9. Reviving Resolution Killed by Committee. If the standing committee report on a resolution be to postpone indefinitely, the resolution shall stand indefinitely postponed; Provided, that such resolution may be considered by the members of the Legislature if a majority vote of the elected members so direct, provided the motion is made within three legislative days after the committee makes its report to the Legislature. A motion to raise cannot be amended to include any other resolution or subject matter. The provisions of this section shall not apply to resolutions considered as bills pursuant to Rule 4, Section 2.

Sec. 10. Committee Statement. A committee, when reporting out a resolution, shall attach thereto a statement setting forth what is sought to be accomplished and the committee vote. The statement shall be set out in full in the Journal.

RULE 5--BILLS--GENERAL PROVISIONS

Section 1. Drafting of Bills. The Bill Drafter shall prepare all bills and amendments in proper form when requested by members of the Legislature, newly elected members of the Legislature, or heads of executive departments. No bills or major amendments shall be introduced or considered unless the same has been approved as to form and draftsmanship by the Bill Drafter. In order to shorten the length of sections, the Bill Drafter shall, in the drafting of new sections, make each paragraph a separate section except when to do so would be contrary to sound bill drafting practice. The Bill Drafter shall make available a continuing compilation of sections to which amendments are proposed so as to reduce unnecessary duplication of bills. This section index of bills drafted shall be available to all senators, newly elected senators, and other persons entitled to have bills drafted. After January 1 of each year no bill shall be drafted by the Bill Drafter unless requested or authorized by a member of the Legislature.

Sec. 2. Content and Form of Bills. (a) A bill shall be designated as Legislative Bill _____.

Style of bill. Const. Art. III, Sec. 13.

(b) No bill shall contain more than one subject and the same shall be clearly expressed in the title. No law shall be amended, unless the new act contains the section or sections as amended, and the section or sections so amended shall be repealed.

Const. Art. III, Sec. 13.

(c) An amendatory bill or constitutional provision shall be so prepared and printed as to show the new matter proposed, old matter to be retained, and old matter to be omitted from the statutes or constitution.

(d) Appropriations bills and "A" bills shall contain the following elements:

(1) the phrase "there is hereby appropriated";

(2) a specific fund type shall be identified and the fund shall be appropriated;

(3) the amount to be appropriated from such fund shall be identified;

(5) the time period during which such funds shall be expended shall be identified.

RRS 49-804.

Sec. 3. Revisor Correctional Bills, Preprinting. (a) Preceding each legislative session, the Chairperson or any member of the Executive Board of the Legislative Council, or if the Executive Board so requests, the senator who, in the preceding session served as Chairperson of the Judiciary Committee, shall sign as introducer the Revisor of Statutes' correctional bills. The Clerk of the Legislature shall number these bills consecutively beginning with number 1 and shall show the committee reference to be General File. The Clerk of the Legislature shall have these bills printed before the convening of the next regular session.

(b) In addition to causing to be printed the revisor bills, the Clerk shall number and cause to be printed all bills delivered to him or her by the Executive Board, provided said Board has referred said bills to a standing committee. No bill so printed shall be withdrawn until after the Legislature convenes.

Sec. 4. Introducers Signing Bills. (a) Members shall introduce only such bills as they are willing to endorse and support personally. The last name and district shall be used, unless an initial or name is necessary to identify the introducer. Any member may request to have his or her name added as co-introducer of a bill but only if the principal introducer has concurred, in writing, to that request.

(b) A standing committee or special committee may introduce a bill for any purpose, including at the request of another senator, provided said bill receives the endorsement of a majority of the committee members whose names shall be on the bill.

(c) No bill shall be introduced after the tenth legislative day of any session, except:

1. "A" bills, appropriation bills, and bills introduced at the request of the Governor may be introduced at any time;
2. A standing committee or special committee may request that the Legislature consider introduction of a bill. A vote of three-fifths of the elected members of the Legislature shall be required for such bill to be introduced, and a copy of the statement of intent for such bill

must be placed on each member's desk before introduction of the bill is voted upon.

3. The special committee created by Legislative Resolution 5 on January 11, 1989, and continued by Legislative Resolution 232 on January 4, 1990, regarding the Franklin Credit Union investigation and matters related thereto, may introduce bills at any time during the course of the 1990 legislative session. Said bills to be introduced must receive endorsement of a majority of the committee members whose names shall appear on the bill in order to fall within the purview of this section.

(d) Individual members shall not be limited as to bill introduction. Each committee shall be limited to 8 bills each session. Bills introduced as a result of an interim study of the Legislative Council shall be included within the limitations prescribed by this section. Special committees created as a result of an interim study resolution and as authorized by the Executive Board shall be considered as separate committees for purposes of the limitations prescribed by this section. Bills introduced under Rule 5, Section 3(a) and bills introduced at the request of the Governor will not be included in the limitation.

(e) The introducers of all bills must submit a statement of intent for each bill to the appropriate committee chairperson at least 24 hours prior to the bill's hearing. The statement of intent should discuss clearly and completely the purposes and effects of the bill.

Sec. 5. Scheduling of Bills, Priority Bills. (a) Each senator may designate one bill as a priority bill. Such priority bill need not be the designator's bill, but the principal introducer must concur with the designation as a priority bill and with the withdrawal of the designation once made.

(b) Each chairperson of those committees which are authorized to hold public hearings on bills may designate as priority bills two of the bills referenced to that committee and on which the committee has held a public hearing.

(c) The Speaker may designate up to 25 additional priority bills.

(d) Priority bill designations may be made at any time prior to the annual designation deadline which shall be set each year by the Speaker. The designation deadline shall be prior to the 45th legislative day in the ninety day session and prior to the 30th legislative day in the sixty day session.

(e) A senator or committee may withdraw a priority designation at any time, but will not be allowed to designate another bill as a priority bill in its place. The Speaker may withdraw a priority designation made by the Speaker.

(f) All committees shall schedule priority bills for public hearing ahead of all unscheduled, nonpriority bills unless the person or committee making the priority designation shall otherwise agree.

(g) All bills not designated as priority bills shall be heard on General File in the order in which they are reported to the floor by the committees, unless the introducer of the bill and the Speaker agree to delay the hearing of a particular bill. This provision shall not be construed to prevent the Speaker from placing bills reported out of committee with two or less dissenting votes on a consent calendar. Any bill placed on consent calendar shall be removed at the written request of three or more senators.

(h) Priority bills shall generally be considered ahead of all other bills at each stage of debate, except that priority bills requiring the expenditure of appropriated funds shall be held on Final Reading until such time as the annual appropriations bills have been passed. A priority bill which fails to advance after two votes on General File, or after one vote on Select File, shall return to nonpriority status.

(i) No priority bill designated under this rule shall have priority over appropriations bills.

Sec. 6. Fiscal Analyst. (a) A copy of every bill introduced shall be transmitted by the Clerk to the Legislative Fiscal Analyst. The Legislative Fiscal Analyst shall review each bill and make an estimate of the anticipated change in state, county, or municipal expenditures or revenue under the provisions of the bill. The Legislative Fiscal Analyst shall prepare a statement to be known as a fiscal note to be attached to each bill prior to its public hearing by a committee, or its first consideration on General File if the bill is referred directly to General File. The fiscal note shall set forth the fiscal impact of the bill and the governmental subdivision affected by the fiscal impact as determined by the Legislative Fiscal Analyst. No bill which has a fiscal impact shall be heard by a committee or considered on General File unless the fiscal note is attached.

(b) In determining the fiscal impact of any bill, the Legislative Fiscal Analyst shall request the appropriate department or other entity of state government or subdivision thereof, or appropriate association which will be affected by the bill, to prepare the fiscal note within five calendar days.

(c) The Legislative Fiscal Analyst shall review the fiscal note so prepared and shall also request a review of such fiscal note by the Budget Division of the Department of Administrative Services. The statement by the Budget Division of the Department of Administrative Services shall be attached to and become a part of the fiscal note. The Legislative Fiscal Analyst shall include in the fiscal note any exceptions to the conclusions of the department or other entity and of the Budget Division of the Department of Administrative Services.

(d) The fiscal note shall be delivered by the Legislative Fiscal Analyst to the Clerk at least twenty-four hours prior to the public hearing on the bill or, in the event the bill is referred directly to General File, twenty-four hours prior to the first consideration of the bill on General File. The Clerk shall present the fiscal note to the principal introducer. If extenuating circumstances prevent the Legislative Fiscal Analyst from meeting this deadline, he or she shall present to the principal introducer an unofficial summary of all available fiscal information on the bill by this deadline and deliver to the Clerk the fiscal note when it is available. The Clerk shall attach the fiscal note to the bill and to all copies prepared for members.

(e) When amendments to a bill are adopted by the Legislature and such amendments would change the fiscal impact of the bill, the appropriate changes shall be made in the fiscal note each time the bill is advanced to Enrollment and Review or upon the written request of a member of the Legislature.

(f) When any bill proposes adoption of a new program or change of an existing program either of which would require an appropriation to implement in the ensuing fiscal year, an appropriation bill for the purposes of funding the provisions of such bill shall be prepared from the information contained in the fiscal note. Such appropriation bill shall be prepared at the direction of the Chairperson of the

Appropriations Committee. Such bill shall be placed on General File and considered as introduced by the introducer of the original bill or by the committee which offered the amendments creating the expenditure, and shall bear the number of the original bill with the letter "A" added, and shall accompany the original bill through all stages of the legislative process. All bills for which an "A" bill is prepared shall be bracketed on Final Reading until the "A" bill is advanced to Final Reading.

(g) The authorization bill shall first be considered and if it should be passed on Final Reading then the "A" bill shall be read and voted on for final passage.

(h) The fiscal note shall be factual in nature, as brief and concise as may be, and shall, if possible, provide a reliable estimate in dollars and, in addition, it shall include both the immediate effect and, if determinable or reasonably foreseeable, the long range effect of the measure. If, after investigation, it is determined that no dollar estimate is possible, the fiscal note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given.

(i) No comment or opinion shall be included in the fiscal note with regard to the merits of the measure for which the note is prepared, however, technical or mechanical defects may be noted.

(j) The subject matter of bills submitted to boards, commissions, departments, agencies, or other entities of the state by the Fiscal Analyst shall be kept in strict confidence by said agencies and by the office of Fiscal Analyst together with the content of the fiscal note itself and no information relating thereto shall be divulged by any official or employee prior to its introduction in the Legislature.

(k) To implement the provisions of and assure compliance with Art. III, Sec. 22 of the Nebraska Constitution (deficiency appropriations), and Art. IV, Sec. 7 of the Nebraska Constitution (appropriations in excess of Governor's request), the Appropriations Committee shall advise the Legislature of the number of votes required to assure passage of the same.

Sec. 9. Engrossment of Bills. All bills, before being advanced to Final Reading and passage, shall be engrossed, and copies thereof showing new and stricken matter shall be made available to members.

Sec. 10. Expenditure of Legislative Funds. Those expenditures on which the Legislature votes shall require the approval of the majority of the elected members.

Sec. 11. Withdrawal of Bills. No bill, having been introduced, may be withdrawn except upon motion of the first introducer with the consent of his or her co-introducers. Such motion, when made, shall not be considered prior to the next succeeding legislative day, and, for its adoption, shall require the affirmative vote of a majority of those voting upon the question.

RULE 6--BILLS--STAGES OF CONSIDERATION

Section 1. Introduction of Bills. Starting with regular sessions in odd-numbered years, bills shall be numbered consecutively starting with the number 1. Bills introduced in regular sessions in even-numbered years shall start with the number following the number of the last bill introduced in the preceding regular session of an odd-numbered year, (bills introduced in any special session shall start with the number 1) and shall be numbered consecutively as read by the Clerk. Bills on General File for which public hearings have not been requested will be handled as all bills on General File.

(b) Each section shall be open to amendment. The amendments, if any, recommended by standing committees, shall first be considered. The introducer's amendments, if any, shall next be considered, after which he or she may move to advance and explain the bill. Other amendments and motions permitted by these rules may then be offered and shall be considered after the introducer has explained the bill in the order in which they are filed with the Clerk, subject to the provisions of Rule 7, Section 3.

(c) Bills shall be listed and considered on General File in the order in which they shall be reported from the standing committees, except as modified by the Speaker; Provided, that any bill that comes up for debate for a second time, with the introducer present, shall be placed by the Clerk at the bottom of General File if said introducer asked for further time, unless otherwise directed by the Speaker.

(d) During consideration of bills on either General or Select File, any member may move that the bill be passed over once and if the motion is carried by a majority of those voting, the bill shall be passed over and shall retain its place on the file.

(e) At any stage of consideration of a bill, a motion to bracket or to bracket to a day certain or to unbracket shall, if made by the primary introducer of the bill, require a majority of those voting. If made by other than the primary introducer, there shall then be required a majority vote of the elected membership. In any event, such motions shall alternatively be passed by unanimous consent of the body.

(f) In the event a motion to indefinitely postpone a bill is made before the bill is read on General File, such motion shall require the affirmative vote of a majority of the elected members.

(g) In the event a bill has become substantially a new and different bill by reason of amendments having been adopted, the Speaker may refer said bill to the Reference Committee who must refer the said bill to a proper committee for a public hearing; Provided, that a majority of the elected members may overrule the decision of the Speaker.

(h) If, in the opinion of the Speaker, the bill is in such form that it should properly be referred back to committee for further action, he or she may by order direct the same; Provided, that a majority of the elected members may overrule the decision of the Speaker. Any motion to amend a bill shall require a majority vote of the elected members and any amendment to an amendment shall require a majority vote of the members voting. Introduction of bills. Rule 6, Section 1.

(B) Voting Machine

Sec. 2. Voting, Electric Roll Call. (a) All votes shall be taken viva voca unless otherwise provided for herein. Questions shall be distinctly put in this form, to wit: "Those who are in favor of the question say 'aye'; those who are opposed to the question say 'nay.' "

(b) If a machine vote is called for or if the presiding officer is in doubt, he or she shall cause the result to be obtained by means of the electric roll call system, and in such event shall accept only machine tallied votes except that voice votes shall be accepted on a motion before the house while the house is under call. The presiding officer may vote by voice. Only the totals shall be printed in the Journal. Once having voted aye or nay, senators may call in a change to not voting prior to the locking of the voting board.

(c) Upon the final passage of a bill, or of a resolution if the same required the same consideration as a bill, the vote shall be by yeas and nays, and the electric roll call system shall be used. Voice votes shall be accepted on Final Reading.

(d) Whenever the "ayes" and "nays" are taken by machine vote, no member shall be permitted to vote after the decision is announced by the presiding officer or the Clerk. Votes not registered on the electric roll call system shall not be counted for or against a proposition. In announcing such vote, the Clerk shall announce the ayes, the nays, those present and not voting, those absent and not voting, and those excused and not voting, and on any action to advance or amend bills, these totals shall be set forth in the Journal. Voice votes shall be accepted on roll call or record votes.

(e) Only senators physically in the legislative chamber may vote.

(C) Motions

Sec. 3. Motion, in Writing, Withdrawal. (a) A motion shall be either stated by the presiding officer or read by the Clerk before a vote is taken. All motions shall be submitted in writing if requested by the presiding officer or any senator.

Once motions are stated they may be withdrawn or modified by the mover before a decision, amendment, or ordering of a vote has been made. A motion to reconsider may be withdrawn only with unanimous consent or a majority vote of the elected members.

When a question is under debate, no motion shall be considered except one of the following, which motions shall take precedence in the order stated.

a. To adjourn
b. For the previous question
c. To postpone to a time certain
d. To recommit to a committee
e. To amend
f. To postpone indefinitely

Such motions shall have precedence in the order in which they are arranged, except that motions to postpone indefinitely and amend do not yield to each other.

When any of the following motions shall be made, any action on such motion shall be delayed at least one legislative day and the motion shall be printed in the Legislative Journal:

a. Motion to postpone indefinitely on General File or Select File, unless the introducer(s) of the bill, or the committee chairperson in the case of committee bills, request(s) that the motion to postpone indefinitely be considered immediately without the one day delay.
b. Motion to place on General File pursuant to Rule 3, Section 19(b).
c. Motion to place bills on General File, notwithstanding the action of a standing committee.

(b) When a motion or other proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order.

(c) Amendments to the title shall be made by the Enrollment and Review Committee.

(d) No motion, proposition, or subject, different from that under consideration, shall be admitted under color of amendment. Any amendment that is not germane is out of order. Germane amendments relate only to details of the specific subject of the bill and must be in a natural and logical sequence to the subject matter of the original proposal. A nongermane amendment includes one that relates to a substantially different subject.

(e) Any member may call for the division of a question, which shall be divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the Legislature. Once a division is ordered by the presiding officer, each component shall be treated as a separate and distinct proposition. Once a vote or change has occurred on any of the divisible questions, the remaining divided sections may not be withdrawn without a majority of those voting or without unanimous consent. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall not preclude an amendment or a motion to strike out or insert. Such call for division shall not be allowed when considering motions under Rule 6, Section 6.

(f) When motions are made for reference of the same subject to a select committee and to a standing committee, the question on reference to the standing committee shall be considered first.

Sec. 4. Shall the Debate Cease. The previous question shall be in this form, "Shall the debate now close?"

The previous question shall be made only in the normal course of speaking order and shall be in order when demanded by five or more members, and must be sustained by the vote of a majority of the elected members, and until decided shall, except as provided in this section of this rule, preclude further debate and all amendments and motions, except one motion to adjourn. The presiding officer may rule the previous question out of order if in the presiding officer's opinion a full and fair debate has not been afforded, due to the complexity of the subject matter. The ruling of the presiding officer shall be subject to overrule in accordance with Rule 1, Section 12 of these rules.

On a previous question there shall be no debate. All incidental questions of order, arising after a motion is made for a previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

When the previous question shall have been ordered on a proposition under debate, the mover, proponent, or introducer of such proposition shall be given the right to close the debate thereon.

After a motion to indefinitely postpone a bill has been offered, and the introducer of the motion has made his or her opening remarks on the motion, the principal introducer of the bill shall immediately be permitted to speak for five minutes on such motion.

Sec. 5. Call of the House. A call of the house may be made by any member in the manner following: "I move for a call of the house." The presiding officer shall direct that the board be cleared and the members shall then vote on placing themselves under call. If a majority of the senators present and voting, vote in favor of such a motion, then the Legislature shall be deemed to be under call. Each member present shall indicate his or her presence upon the electric roll call system and shall remain in his or her seat during the call. After the Clerk shall note the names of the absentees, proceedings under the call may be suspended at any time by a majority vote of the members then present, and when so suspended shall not again be ordered on the proposition pending, except by a majority vote of the members elected.

Lieutenant Governor votes only when Legislature equally divided. Rule 1, Section 14.
Voice vote while house under call. Rule 7, Section 2b.

Sec. 6. Postpone to Time Certain. No motion to postpone to a time certain, to commit, or to postpone indefinitely being decided, shall again be allowed on the same day at the same stage of the bill or proposition.

Sec. 7. Reconsideration. (a) When a question has been decided, it shall be in order for any member voting with the prevailing side, or not voting, to move for a reconsideration thereof. A motion to reconsider must be made on the same day the original question was decided or on the next legislative day, except when it be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading. In such case, it must be made on the same day the original question was decided or on one of the next three legislative days. A motion to reconsider must be disposed of by the Legislature within five legislative days after making the same or it shall be deemed defeated. If the Legislature shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no further motion to reconsider shall be in order unless by unanimous consent.

Motion to reconsider cannot be withdrawn without leave. Rule 7, Section 3.

(b) Every motion to reconsider shall take preference over all other questions, except a motion to adjourn.

(c) For its adoption, a motion to reconsider shall require the vote of a majority of the elected members, except:

- i Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading, then a three-fifths vote shall be required for adoption.
- ii Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a Final Reading with the emergency clause attached, but which received the constitutional majority with the emergency clause stricken and the purpose of the motion is to again add the emergency clause, then a two-thirds vote of the elected members shall be required for adoption.
- iii Where such motion be to reconsider the vote on a motion to pass a bill notwithstanding the objections of the Governor or for override of a line-item veto, then a three-fifths vote shall be required for adoption.
- iv Where such motion be to reconsider the vote on a motion to suspend the rules, then a three-fifths vote shall be required for adoption.

(d) For a bill on General File, no motion to reconsider shall be in order until the bill has failed to advance three times; for a bill on Select File, no motion to reconsider shall be in order until the bill has failed to advance two times; for a bill passed on Final Reading, no motion to reconsider shall be in order except by the introducer of the bill, for technical or clarifying amendments.

(e) Whenever a bill is returned from the Governor for further action pursuant to the Legislature's request for such return, motions for reconsideration necessarily incident to opening a bill for further action shall be admitted regardless of the time limitation otherwise imposed by this rule.

Sec. 8. Strike the Enacting Clause. A motion to strike the enacting clause, if adopted, is equivalent to rejection of the bill. It shall not have precedence over a motion to amend nor a motion to indefinitely postpone.

Sec. 9. Motion to Adjourn. A motion to adjourn shall be in order, except:

a. While a member is speaking.
b. When a motion to adjourn has just been defeated.
c. After the Final Reading of a bill and during roll call thereon.

A motion to adjourn to a time certain shall have precedence over a motion to adjourn. A motion to recess shall take precedence over either of such motions.

When a motion to adjourn or recess has been made, the Speaker shall be privileged to speak to the motion prior to any vote on such motion. A motion to adjourn or recess is not debatable.

A motion to adjourn or recess shall be adopted if approved by a majority of members voting.

RULE 8--APPROPRIATIONS PROCESS

Section 1. Purpose. The purpose of this rule is to provide a procedure for the Legislature to develop appropriations for all state agencies, boards, and commissions. Such procedure shall consider the need to (1) continue the services and financial assistance provided by state agencies and programs, (2) restrict the growth in state appropriations, and (3) provide for the efficient and effective use of state revenue by utilizing standing committee subject matter expertise in the review of agency, board, and commission budget requests.

Sec. 2. Appropriations Committee Report. The Legislature's Appropriations Committee, by majority vote of its members, shall annually prepare a report summarizing the recommended total General Fund appropriation for each year of the following biennium. Such report shall include information based upon the committee's initial review of (1) state agency, board, and commission budget requests, (2) the Governor's budget, (3) the estimated revenue receipts for each year of the following biennium, (4) General Fund reserve requirements, (5) express obligations, and (6) economic conditions affecting the State of Nebraska.

Sec. 3. Report, When Required. The report required in Section 2 of this rule shall be printed in the Legislative Journal and presented to each member of the Legislature by the Chairperson of the Appropriations Committee between twenty and thirty legislative days after the Governor presents his or her budget during sessions in odd-numbered years and between fifteen and twenty legislative days after the Governor's budget presentation during session in even-numbered years.

Sec. 4. Standing Committee Appropriations Review. (a) Each standing committee may hold a budget request review hearing on the agency, board, and commission budgets reasonably encompassed in its subject matter jurisdiction. The chairperson of the standing committee shall coordinate the scheduling of such hearings with the Chairperson of the Appropriations Committee. The standing committee shall obtain a determination from the Executive Board that the budget to be reviewed is within its subject matter jurisdiction. It may make recommendations with regard to proposed appropriations to the Appropriations Committee.

(b) The chairperson of each committee may, when the budget review hearing on each agency, board, and commission is complete, submit a standing committee appropriations review statement which shall contain, but need not be limited to, the following information:

(1) the identity of the agency, board, or commission budget reviewed,

(2) the date of the hearing,

(3) a list of all the individuals testifying with regard to the budget,

(4) a summary of requested and proposed changes to the original agency, board, or commission budget, and

(5) a summary and explanation of standing committee recommendations on the agency, board, or commission budget in such form as the standing committee deems appropriate.

(c) A copy of the proposed standing committee appropriations review statement shall be distributed to each committee member within five days after final committee action on the budget review hearing has been taken by the committee. A minority or concurring statement bearing the signature or signatures of its proponents and setting forth objections to the standing committee appropriations review statement may be filed by its author(s) with the Clerk of the Legislature at any time prior to the first hearing of the Appropriations Bill on General File.

(d) A copy of the standing committee appropriations review statement and any minority statements submitted shall be distributed to each senator after filing one copy with the Appropriations Committee Chairperson and one with the Clerk of the Legislature. Distribution to senators shall be the responsibility of the Clerk of the Legislature.

(e) The Appropriations Committee shall review each standing committee appropriations review statement prior to final action by the Appropriations Committee and placement of the appropriations bills on General File, if such statement is received prior to final action on the permanent budget. The Appropriations Committee shall not be bound to adopt the recommendations in the standing committee appropriations review statement.

(f) The Appropriations Committee shall make available to the appropriate standing committee all currently available information at its disposal.

Sec. 5. Bills, Held on Final Reading. The report of the Appropriations Committee shall include a recommended dollar amount of the

General Fund biennium appropriation which shall be allocated for the funding of "A" bills, bills that result in the net reduction of revenue to the General Fund, tax expenditure bills, and amendments to the appropriations bills as reported to General File by the Appropriations Committee. During a 90 day session, all "A" bills which, when considered with their companion bill, appropriate general funds resulting in a net loss; all bills resulting in the reduction of revenue to the General Fund; and all tax expenditure bills shall not be read on Final Reading until the appropriations bills are passed by the Legislature. Provided the Appropriations Committee shall place appropriations bills on General File no later than the 70th legislative day in a 90 day session and the 40th legislative day in a 60 day session. If this deadline is not met, the Legislature shall consider the appropriations bills as introduced by the Governor. During a 60 day session, all "A" bills which, when considered with their companion bill, appropriate general funds resulting in a net loss; all bills resulting in the reduction of revenue to the General Fund; all tax expenditure bills; and all appropriations bills shall not be read on Final Reading prior to the 45th legislative day. The appropriations bills shall be passed no later than the 80th legislative day in a 90 day session and the 50th legislative day in a 60 day session. The appropriations provided for in an "A" bill shall be for not less than two fiscal years.

Sec. 6. Bill, Setting Tax Rates. The Legislature's tax rate bill shall be passed no later than the 85th legislative day in a 90 day session and the 55th legislative day in a 60 day session.

RULE 9--SPECIAL SESSIONS

Section 1. Purpose. The purpose of this rule is to establish special procedures for the Legislature to utilize during a special session. This rule recognizes the necessity of the Legislature to address the business for which it is called together in an expeditious and fair fashion and provides that certain legislative procedures established for regular sessions shall not unduly burden the activities of the Legislature during a special session.

Sec. 2. Convening of the Legislature. Pursuant to the directive contained in the proclamation issued by the Governor, either upon the concurrence of two-thirds of the members of the Legislature according to the procedure established by section 50-125 or upon the call of the Governor under the authority of Article IV, section 8, of the Nebraska Constitution, the Legislature shall convene in special session. The first item of business shall be the introduction of bills and resolutions, both of which shall be numbered consecutively beginning with the number one. Bills and resolutions offered by the Speaker at the request of the Governor or offered pursuant to the statement filed with the Secretary of State and agreed to by two-thirds of the members of the Legislature shall be introduced ahead of all other proposals. After introduction, all bills and resolutions shall be handled in the manner provided in this rule. Bills shall be introduced only during the first three days of the session. Resolutions which are not considered and adopted in the same manner as bills may be introduced at any time during the session.

Sec. 3. Resolution Considered as a Bill. Resolutions which propose amendments to the state constitution, propose the ratification or rejection of amendments to the federal Constitution, or memorialize the Congress with regard to amendments to the U.S. Constitution, shall be considered and adopted in the same manner as bills.

Sec. 4. Committee Hearings. Within one legislative day following the introduction of bills and resolutions, or pronouncement of a gubernatorial appointment, the Reference Committee shall review each bill, resolution, and gubernatorial appointment and refer the matter to the appropriate standing committee. The committee to which the bill, resolution, or gubernatorial appointment is referred shall provide as much public notice of the time and place of the hearing on the matter as is reasonable under the circumstances by publication in the Legislative Journal, but in no case shall the hearing be more than five calendar days after the date the bill, resolution, or gubernatorial appointment has been referred to the committee.

Sec. 5. Report of Bill or Resolution to Legislature. The committee to which a bill or resolution has been referred shall make a report on the bill or resolution to the Legislature within twenty-four hours after the committee has taken final action on the matter. If, at the expiration of twenty-four hours from the time final action was taken, the chairperson has not reported the bill or resolution, any senator may file with the Speaker a motion that the chairperson be compelled to submit a report. After determining that final action on the bill or resolution has been taken at least twenty-four hours prior to the time the motion was submitted, the Speaker shall accept the motion and compel the chairperson to file the committee's report on the matter.

Sec. 6. Indefinitely Postponed Bills and Resolutions. If the committee action on a bill or resolution is to postpone indefinitely, the bill shall stand indefinitely postponed, except that such bill or resolution may be placed on General File or referred back to the committee by a majority vote of the elected members. Not more than one bill or resolution shall be raised from committee on any one motion. A motion to raise shall not be amended to include any other bill, resolution, or subject matter. A motion to raise shall take precedence in order over all other motions, except a motion to adjourn.

Sec. 7. Bills and Resolutions Held by Committee. If the committee has not taken final action on a bill or resolution within two days after the committee hearing, any senator may move that the bill or resolution be placed on General File. If a majority of the elected members vote in favor of the motion, the bill shall be placed on General File.

Sec. 8. Pending Proposals Indefinitely Postponed. At the conclusion of a special session, all bills and resolutions which have not been enacted shall stand indefinitely postponed and shall not carry over to the next legislative session.

Sec. 9. Rules Controlling When Conflict Exists. When a conflict exists between the provisions of this rule and other provisions of the Rules of the Nebraska Legislature, the provisions of this rule shall apply.

LEGISLATIVE RESOLUTION 15CA. Introduced by Warner, 25.

A Resolution to propose amendments to the Constitution of Nebraska by adding a new section 19 to Article XV.

WHEREAS, in 1974 the United States Supreme Court in Roe v. Wade held that government had no compelling interest to interfere with a woman's fundamental right to have an abortion in the early stages of pregnancy and that laws restricting or criminalizing such right were unconstitutional; and

WHEREAS, in 1989 the United States Supreme Court in Webster v. Reproductive Health Services held that government could enact certain laws restricting a woman's access to or practical ability to obtain an abortion at any stage of pregnancy; and

WHEREAS, one position is that every person should be free from undue governmental interference with fundamental rights, that one of those fundamental rights is the right to control private decisions, that private decisions include decisions regarding reproduction, childbearing, and one's own health and body, and that government should not intrude on these private decisions until such time as those decisions affect the life and health of a viable fetus; and

WHEREAS, one position is that the life of a human being begins at the moment of conception, that such human life is from that moment entitled to the same legal and medical protection as the life of any other human being at other stages of biological development, that abortion at any stage of pregnancy is the death of a human life which should be prohibited by law and have the attendant legal consequences of the death of a human life, and that, consistent with the recognition of the legal status of a fetus as a human being, the ability of a woman to have an abortion should be restricted as much as possible; and

WHEREAS, due to the extensive and polarizing public and legislative debate on this issue, the issue should be submitted to the voters of Nebraska as two alternative constitutional amendments in order for the Legislature to secure guidance as to the type of legislation appropriate to resolving this issue in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Section 1. That at the general election in November 1992 there shall be submitted to the electors of the State of Nebraska for approval the following amendments to the Constitution of Nebraska, by adding a new section 19 to Article XV, which are hereby proposed by the Legislature:

CXV-19 "No law shall interfere with the right of a woman to choose or refuse to terminate her pregnancy, except that the Legislature may enact reasonable legislation to preserve the life or health of the woman or a fetus more than three months old. This amendment shall be paramount to any other amendment on the same subject which may be adopted at the same election with a fewer number of affirmative votes than this amendment."

CXV-19 "The planned termination of the pregnancy of any woman shall be unlawful except to preserve the life or health of the woman or to increase the probability of the live birth of a fetus. This amendment shall be paramount to any other amendment on the same subject which may be adopted at the same election with a fewer number of affirmative votes than this amendment.".

Sec. 2. That the proposed amendments shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1. The propositions for the submission of the proposed amendments shall be placed upon the ballot in the following form:

"A constitutional amendment to provide that no law shall interfere with the right of a woman to choose or refuse to terminate her pregnancy, except that the Legislature may enact reasonable legislation to preserve the life or health of the woman or a fetus more than three months old.
For
Against"
"A constitutional amendment to provide that the planned termination of the pregnancy of any woman shall be unlawful except to preserve the life or health of the woman or to increase the probability of the live birth of a fetus.

Against".

Sec. 3. That either of the proposed amendments, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 91081

DATE: November 8, 1991

SUBJECT: Establishment of Different Assessment Dates for the Taxation of Real and Personal Property.

REQUESTED BY:	Senator Jerome Warner Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General L. Jay Bartel, Assistant Attorney General

You have requested our opinion on two questions relating to proposed legislation which would change the assessment date for personal property to July 1 for tax year 1992 and thereafter, while retaining an assessment date of January 1 for real property. You indicate that these questions may be relevant to a proposed call of a special session of the Nebraska Legislature which may be commenced prior to the initiation of the regular session in January, 1992.

Your initial question is whether it is constitutional for the Legislature "to provide for different assessment (valuation) dates for personal and real property, if the county and state boards of equalization are then authorized or required to 'equalize' the values of the two types of property?"

Article VIII, § 1, of the Nebraska Constitution provides in relevant part that, except for motor vehicles, "{t}axes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises. . . ." The rule of uniformity applies to both the rate of taxation and the valuation of property for purposes of taxation. State ex rel. Douglas v. State Bd. of Equal., 205 Neb. 130, 286 N.W.2d 729 (1979); State ex rel. Meyer v. McNeil, 185 Neb. 586, 177 N.W.2d 596 (1970). "Personal property and real property are both 'tangible property' under Nebraska law and must be equalized and taxed uniformly pursuant to Neb. Const. art. VIII, § 1." MAPCO Ammonia Pipeline, Inc. v. State Bd. of Equal., 238 Neb. 565, 573, 471 N.W.2d 734, 740 (1991) {"MAPCO"}. See also Grainger Brothers Co. v. Board of Equal., 180 Neb. 571, 144 N.W.2d 161 (1966). "{T}he object of the law of uniformity is accomplished if all of the property within the taxing jurisdiction is assessed at a uniform standard of value." Carpenter v. State Bd. of Equal., 178 Neb. 611, 619, 134 N.W.2d 272, 278 (1965) (emphasis in original).

In Xerox Corp. v. Karnes, 217 Neb. 728, 350 N.W.2d 566 (1984) {"Xerox"}, the Nebraska Supreme Court addressed the constitutionality of a legislative enactment establishing that valuations of real and personal property for assessment and taxation were to be based on valuations determined "as of January 1 at 12:01 a.m. of 1981 and every odd-numbered year thereafter. . . ." Xerox, which was obligated to pay the applicable personal property taxes on certain equipment, challenged the constitutionality of this biennial assessment on the ground that it violated Article VIII, § 1, in that the statute required property values to remain unchanged for two years and thus precluded consideration in even-numbered years of depreciation when personal property was valued for tax purposes. Id. at 731-32, 350 N.W.2d at 569. The court, after noting that the uniform standard of valuing property for tax purposes provided by the Legislature was to tax property at its "actual value" (see Neb.Rev.Stat. §§ 77-112 and 77-201), held this method of biennial assessment unconstitutional, stating:

> {T}he effect of the statute . . . is that in even-numbered years no change may be made in the value of personal property subject to taxation. Thus, such property is subject to a tax levy in even-numbered years without any determination of its actual value for that year.
>
> * * *
>
> We conclude that {the statute} is violative of Neb. Const. art. VIII, § 1, in that it directs that taxes be levied upon personal property in even-numbered years without regard to the uniform method of valuing property at actual value in § 77-201 and as that statute has been interpreted by this court. Id. at 733, 350 N.W.2d at 569.

While the issue addressed in Xerox is not identical to that posed by your initial question, we believe the court's decision in Xerox raises serious doubt as to the constitutionality of any legislative proposal establishing different dates for determining the assessment and valuation of personal and real property for tax purposes. As the court recently reaffirmed in MAPCO, "{p}ersonal property and real property are both 'tangible property' under Nebraska law and must be equalized and taxed uniformly pursuant to Neb. Const. art. VIII, § 1." 238 Neb. at 573, 471 N.W.2d at 740. The establishment of different dates for the valuation and assessment of these types of property raises uniformity concerns similar to those found to exist in Xerox. Deferring by six months the date of assessment of a part of the class of "tangible property" (i.e., personal property) for purposes of establishing taxable values for such property is inconsistent with the principle that all property (both real and personal) must be taxed uniformly, as required by Article VIII, § 1. Values of personal property subject to taxation may clearly differ depending on whether such property is assessed and valued as of January 1, as opposed to July 1. Thus, in our view, legislative action setting different dates for the valuation and assessment of personal and real property would be unconstitutional as violative of the requirement of uniformity in Neb. Const. art. VIII, § 1.

In addition, we believe that, irrespective of whether the establishment of different assessment dates for real and personal property could be held not to violate the uniformity requirement of Article VIII, § 1, a serious question exists as to whether a classification of this nature would constitute impermissible special legislation prohibited by Neb. Const. art. III, § 18.

In City of Scottsbluff v. Tiemann, 185 Neb. 256, 266, 175 N.W. 2d 74, 81 (1970), the Nebraska Supreme Court stated:

> It is competent for the Legislature to classify objects of legislation and if the classification is reasonable and not arbitrary, it is a legitimate exercise of legislative power. {citation omitted.} The classification must rest upon real differences in situation and circumstances surrounding members of the class relative to the subject of the legislation which renders appropriate its enactment. {citations omitted.} The power of classification rests with the Legislature and cannot be interfered with by the courts unless it is clearly apparent that the Legislature has by artificial and baseless classification attempted to evade and violate provisions of the Constitution prohibiting local and special legislation. {citation omitted.} A legislative classification, in order to be valid, must be based upon some reason of public policy, some substantial difference of situation or circumstances, that would naturally suggest the justice or expediency of diverse legislation with respect to the objects to be classified. Classifications for the purpose of legislation must be real and not illusive; they cannot be based on distinctions without a substantial difference. {citations omitted.} (emphasis in original.)

In view of the court's recent decision in MAPCO holding unconstitutional the Legislature's attempt to redefine real and personal property for tax purposes under LB 1 as establishing an unreasonable classification in violation of Article III, § 18 (238 Neb. at 570-76, 471 N.W.2d at 740-42), the court could well determine that a classification establishing different assessment dates for real and personal property results in impermissible special legislation in contravention of this constitutional provision.

Finally, we point out that establishing an assessment date of July 1 for personal property would be wholly at odds with the existing scheme for the assessment and equalization of property. Neb.Rev.Stat. § 77-1315 (Reissue 1990) provides that the county assessor must complete the revision of the assessment rolls, schedules, returns and lists, and file a certificate indicating such revision has been completed on or before April 1. Neb.Rev.Stat. § 77-1502 (Reissue 1990) provides that the county board shall meet as a board of equalization for the purpose of reviewing and deciding protests, "commencing on April 1 of each year and ending on May 31." In addition, the county board of equalization is required to equalize the valuation of real and personal property in the county no later than May 31 of each year. Neb.Rev.Stat. § 77-1504 (Reissue 1990). Percentage adjustments of classes or subclasses of property must be made by the county board of equalization on or before June 15. Neb.Rev.Stat. § 77-1506.02 (Reissue 1990). Finally, Neb.Rev.Stat. § 77-1514 (Reissue 1990) requires the county assessor to prepare, not later than June 25 of each year, an abstract of the assessment rolls showing the values as equalized and corrected by the county board of equalization, and requires the county assessor to forward such abstract to the State Board of Equalization on or before July 1.

Obviously, the establishment of an assessment date of July 1 for personal property simply does not fit within the scheme setting forth the assessment and equalization of property currently in existence under Nebraska law. The assessment and equalization process for locally assessed property is completed at the county level prior to July 1, the date upon which you propose to determine the valuation of personal property for assessment. While various time periods relating to the assessment and equalization process could conceivably be adjusted to attempt to deal with this concern, it appears that any effort to "roll back" the entire process would pose numerous administrative difficulties in the operation of the property tax system.[1]

Your second question is whether it is "constitutional to continue the reimbursement distribution formula provided in LB 829 (based on assessments made in January, 1991) into 1992 for the 1992 tax year?" You further ask whether, "if the 'reimbursement' is continued for 1992 for a continued exemption of heretofore taxed personal property (i.e., primarily business equipment), must there be some more recent and accurate basis (other than January 1, 1991 assessments) on which to determine the property tax loss, such as assessments for 1992?" You conclude by asking whether "a 'reimbursement' distribution formula for 1992 based on 1991 tax losses" would be a "reasonable classification?"

In State ex rel. Douglas v. Marsh, 207 Neb. 598, 300 N.W.2d 181 (1980) {"Marsh"}, the court addressed the constitutionality of legislation establishing a form of state aid to political subdivisions known as the "Local Government Revenue Fund" {"Fund"}. The Fund was enacted to replace a prior legislative scheme, the "Personal Property Tax Relief Fund," which was intended to reimburse political subdivisions for revenues lost by virtue of the exemptions granted by the Legislature to various types of personal property, including business inventories, agricultural machinery and equipment, farm inventories, and livestock. Id. at 602, 300 N.W.2d at 183-84. Distributions were to be made from the Fund based upon the percentage each county received from the Fund in a base year plus an amount equal to ten percent of the change in the total amount of general taxes levied in the county. Id. at 600-601, 300 N.W.2d at 183. The Attorney General challenged the validity of the act, contending that the classifications established "created an arbitrary and unreasonable closed classification in that they prevent{ed} a county from moving from one classification to another. . ., contrary to Neb. Const. art. III, § 18, which provides that where a general law can be made no special law shall be enacted." Id. at 601, 300 N.W.2d at 183.

In holding that the reimbursement scheme enacted under the Fund created an unreasonable "frozen" or "closed" classification impermissible under Neb. Const. art. III, § 18, the court in Marsh stated:

> We fail to see how it can be argued that there is any reasonable classification when the classes in the first instance are based upon historic facts alone. To be sure, if the formula were continued to be used in future years and adjustments made accordingly, the action of the Legislature might be held to be reasonable; but where it is determined that the classification is based upon happenstance events in a given year and thereafter remains forever, regardless of the changes in circumstances, the classification must be held to be invalid and the act in violation of our State Constitution. Id. at 609, 300 N.W.2d at 187.

Thus, in response to your second inquiry, we conclude that it would be unconstitutional for the Legislature to retain a "reimbursement formula" for aid to governmental subdivisions for personal property tax revenues which may be lost for 1992 based solely on the reimbursement formula contained in § 26 of LB 829, which takes into consideration only personal property tax revenues lost as the result of exemptions granted for tax year 1991. The use of an historical figure of this nature would establish an impermissible "closed" classification in violation of Neb. Const. art. III, § 18.

[1] We note that owners of personal property are not required to file tax forms listing such property with county assessors until March 1. Neb.Rev.Stat. § 77-1229 (Reissue 1990). Should the Legislature act to extend the exemption of personal property under LB 829 to tax year 1992 prior to this date (either in a special session late in 1991 or early in the regular session commencing in January, 1992), personal property owners would not be required to file such tax forms by March 1, 1992.

Opinion No. 91087

November 21, 1991

Senator Stan Schellpeper
1202 State Capitol
Lincoln, NE 68509

Dear Senator Schellpeper:

This letter is in response to your earlier correspondence dealing with your simultaneous service on the State Board of Agriculture and in the Legislature. We agree with your statement that the State Board of Agriculture is not a State agency, and therefore, your simultaneous service does not create a problem with respect to the Supreme Court's decision in State ex rel Spire v. Conway, 238 Neb. 766, 472 N.W.2d 403 (1991).

In Conway, our State Supreme Court indicated that Senator Gerald Conway could not serve in the Legislature while simultaneously occupying a position as an assistant professor at Wayne State College. This holding was based upon Article II, §1 of our State Constitution. Obviously, Wayne State College and the Legislature are entities of State Government.

As you have correctly noted, our Supreme Court indicated in Crete Mills v. Nebraska State Board of Agriculture, 132 Neb. 244, 271 N.W. 684 (1937) that the State Board of Agriculture is not a State agency or part of the executive branch of State government. In addition, we have pointed this out in several opinions of this office. See Opinion of the Attorney General #47, March 27, 1985. Consequently, it is clear that the State Board of Agriculture is not an agency of the State of Nebraska.

Since the State Board of Agriculture is not a State agency, we do not believe that the Conway decision raises any impediment to your simultaneous service on the State Board and in the Legislature. Thank you for your earlier letter and analysis of this issue. We appreciate your cooperation with respect to this matter.

Sincerely
(Signed) Don Stenberg
Attorney General

Opinion No. 92003

DATE:	January 6, 1992
SUBJECT:	Acceleration of Collection of Personal Property Taxes under Neb.Rev.Stat. § 77-1214 (Reissue 1990)
REQUESTED BY:	Senator Jim D. Cudaback
WRITTEN BY:	Don Stenberg, Attorney General L. Jay Bartel, Assistant Attorney General

You have requested our opinion on several questions pertaining to the acceleration of payment of personal property taxes under Neb.Rev.Stat. § 77-1214 (Reissue 1990), and the effect of this provision on proposed legislation for tax year 1992 which you may consider introducing when the legislation convenes in January, 1992. At the outset, we note that you have not provided any specific legislative proposal for our consideration, and, as such, our responses to some of your questions must necessarily be quite general in nature. With this caveat in mind, we will endeavor to respond to your questions.

Initially, you ask "{w}hen does a personal property tax become due a municipal corporation pursuant to Neb.Rev.Stat. § 77-1214?"

Section 77-1214 provides as follows:

> It shall be the duty of any assessor, sheriff, constable, city councilman, and village trustee to at once inform the county treasurer of the making or attempted making of any sale, levy of attachment, or removal of personal property known to him. It shall be the duty of the county treasurer to forthwith proceed with the collection of the tax when such acts become known to him in any manner; Provided, any personal tax shall be due and collectible, including all personal property then assessed upon which the tax shall be computed on the basis of the last preceding levy, and a distress warrant shall be issued when (1) any person attempts to sell all or a substantial part of his personal property, (2) a levy of attachment is made upon personal property, or (3) a person attempts to remove or removes personal property from the county, city, or village. (Emphasis added).

Section 77-1214 provides for accelerated collection of personal property taxes where: (1) a person attempts to sell personal property; (2) a levy of attachment is made upon personal property; or (3) a person attempts to remove or removes personal property. The statute requires the issuance of distress warrants to collect personal taxes under these circumstances. The purpose of this provision is no doubt to provide a means to collect personal property taxes in situations where immediate action is necessary to secure payment of taxes where personal property is sold, subjected to attachment, or removed prior to levy date. Under the plain terms of the statute, such taxes are deemed "due and collectible . . . upon all personal property then assessed upon which the tax shall be computed on the basis of the last preceding levy . . . ."

Your second question is whether "{i}f § 77-1214 is plain on its face, what {e}ffect does it have on any tax proposal enacted by the legislature in 1992, for tax year 1992, prior to the levy date?" In a related question, you ask whether "§ 77-1214 create{s} a situation where legislation occurring prior to the 1992 levy date would create a commutation, release, or discharge of a tax due a municipal corporation in violation of Article VIII, § 4 of the Nebraska Constitution?"

Neb. Const. Art. VIII, § 4, provides in pertinent part:

> Except as to tax and assessment charges against real property remaining delinquent and unpaid for a period of fifteen years or longer, the Legislature shall have no power to release or discharge any county, city, township, town, or district whatever, or the inhabitants thereof, or any corporation, or the property therein, from their or its proportionate share of taxes to be levied for state purposes, or due any municipal corporation, nor shall commutation for such taxes be authorized in any form whatever. . . . (Emphasis added).

Recently, in Attorney General Opinion No. 91088, November 27, 1991, we addressed at length the effect of the prohibition against the release or commutation of taxes by the Legislature contained in Article VIII, § 4. In this opinion, we noted the Nebraska Supreme Court's recent decision in Natural Gas Pipeline Co. v. State Bd. of Equal., 237 Neb. 357, 466 N.W.2d 461 (1991) ({"Natural"}, discussing the meaning of the limitation imposed by Article VIII, § 4). The court stated that the tax year for property tax purposes is "completed on November 1", as both levies and the extension of levies and preparation of tax lists must be accomplished prior to November 1, and that, as to personal property taxes, such are due and become a lien on November 1. Id. at 366-67, 466 N.W.2d at 468. Accordingly, we concluded that legislation extending the date of assessment beyond January 1 would not represent an unlawful commutation of taxes, as the power to tax and exercise of the taxing power is not completed until the date of levy and the extension of the levy in preparation of tax lists.

While the court's decision in Natural did not address the effect, if any, that § 77-1214 may have on the Legislature's ability to alter the process of property taxation during a tax year, we do not believe the accelerated collection provision contained in § 77-1214 necessarily precludes the Legislature from altering statutes governing the assessment or collection of property taxes after January 1 of a given tax year. The court in Natural clearly focused on the date of levy, and the point at which personal property taxes levied become a lien on the property (November 1), as the pivotal time when the taxing process is completed. While your questions do not reflect what type of "tax proposal" or "legislation" you may be considering, we certainly cannot state that any legislation altering the property tax process for tax your 1992, enacted after January 1, 1992, would violate Article VIII, § 4, by virtue of the procedure for accelerated collection of personal property taxes provided under § 77-1214.

Your final question asks us to consider whether various events under a proposed scenario involving legislative action exempting personal property and approval of a constitutional amendment allowing "different treatment of personal and real property" would violate Article VIII, §§ 1 and 4, of the Nebraska Constitution, or the United States Constitution.

Upon review of the issues raised under your proposed scenario, we must respectfully decline to provide an opinion relative to this question. The constitutionality of 1991 Neb. Laws, LB 829, § 7 (codified at Neb.Rev.Stat. § 77-202 (Supp. 1991), exempting all personal property (except motor vehicles) for tax year 1991, is currently at issue in an original action pending in the Nebraska Supreme Court. Jaksha v. State, et al., No. S-33-910019. Your question necessarily requires consideration of the constitutionality of legislative action providing for the exemption of personal property, and whether such contravenes either Article VIII, § 1 or Article VIII, § 4, both of which are questions which are at issue with regard to LB 829 in Jaksha. We are obligated to defend the constitutionality of LB 829 in this action, and, as such, believe it would be imprudent to express any opinion in response to your final question which may impact the issues raised in this litigation.

Very truly yours,
DON STENBERG

(b) Nebraska is in need of a balanced, accurate, and reliable system of indicators describing the inputs, processes, and outcomes of the public school system;

(c) Nebraska needs to establish learner outcomes which match the demands of citizens and workers in the society and economy of the twenty-first century; and

(d) Current state assessment processes do not adequately measure the success or failure of the public schools in helping students master critical learner outcomes; and

(e) Nebraska needs an assessment system which measures success in reaching state goals for learner outcomes.

(2) It is the intent of the Legislature to

establish a process for the (a) identification of state standards for learner outcomes which are critical to the economic and social future of the state and (b) development, through a systematic and comprehensive public process, of a valid, accurate, and educationally sound system of assessing the progress of Nebraska students in achieving those outcomes.

Sec. 2. There is hereby created the Nebraska Schools Accountability Commission. The commission shall consist of fourteen members as follows: Three members of the Legislature appointed by the Executive Board of the Legislative Council; one representative of the Department of Economic Development appointed by the Director of Economic Development; one representative of the State Department of Education selected by the State Board of Education; one representative of the Governor's office, appointed by the Governor; one parent, one public school classroom teacher, one public school administrator, and one public school board member all appointed by the Governor upon the recommendations of associations and organizations representing parents, teachers, school administrators, and school board members; and two representatives of business and industry and two representatives of agriculture, all appointed by the Governor. Building upon the work of the School Restructuring Commission the focus of Phase I shall be to identify standards for learner outcomes, which standards shall recognize the social and economic needs of the state as well as the strength and diversity of local control of public schools. It is the intent of the Legislature that specific school curricula should continue to be established by the local school boards. The Nebraska Schools Accountability Commission shall report to the

Legislature and the State Board of Education its recommended state standards for learner outcomes by January 1, 1993.

(2) Phase II of the work of the commission shall begin May 1, 1993, and end December 15, 1998. Sec. 4. Section two of LB 228 provides in part:

The Counsel to the Legislature shall:

(2) Provide legal representation to any member of the Legislature or staff member when such person is sued or named as a party to litigation in his or her official capacity.

Section three of LB 228 provides:

(1) The Counsel to the Legislature shall, upon the recommendation of the Clerk of the Legislature and by a majority vote of the Executive Board of the Legislative Council, appear in, commence, prosecute, defend, or intervene in any action in any court or agency of this state or of the United States to protect the interests of the Legislature. The counsel may candidly advise the executive board and the clerk concerning the propriety or impropriety of any such action. Expenses incurred in any such action shall be paid from funds appropriated to the clerk for such purpose.

(2) The counsel may provide legal representation to any member of the Legislature or staff member on matters arising in the course of such person's legislative responsibilities.

The foregoing provisions of LB 228 violate the constitutionally mandated separation of powers between the legislative and executive branches of government. Article II, section 1 of the Constitution of the State of Nebraska provides:

> The powers of the government of this state are divided into three distinct departments, the Legislative, Executive and Judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others, except as hereinafter expressly directed or permitted.

The "doctrine of separation of powers has been strictly construed in the State of Nebraska." Opinion of the Attorney General No. 85-69, April 23, 1985 at 2 (citing State ex rel. Meyer v. State Bd. of Equalization and Assessment, 185 Neb. 490, 176 N.W.2d 920 (1970)). In interpreting Article II, section 1, the Nebraska Supreme Court has stated, "Nebraska's Constitution contains an absolute prohibition upon the exercise of the executive, legislative and judicial powers by the same person or the same group of persons. It has remained a part of the Constitution unchanged since 1875. It is more certain and positive than the provisions of the federal Constitution and those of some of the states, which merely definitely divided the three powers of government." Laverty v. Cochran, 132 Neb. 118, 120-121, 271 N.W. 354 (1937).[1]

The legislative authority of the Unicameral is extensive. However, it is not limitless. "The people of the state, by adopting a Constitution, have put it beyond the power of the legislature to pass laws in violation thereof." State ex rel. Randall v. Hall, 125 Neb. 236, 243, 249 N.W. 756 (1933) (discussing the importance and history of the doctrine of separation of powers). See also Laverty, 132 Neb. at 121. ("{T}he Constitution is still recognized as the supreme law of the state and as a limitation of power of all departments and all officials.").

As the Nebraska Supreme Court stated more than 100 years ago, "It cannot be denied that one great object of written constitutions is to keep the departments of government as distinct as possible; and for this purpose to impose restraints designed to have that effect." State ex rel. City of Lincoln v. Babcock, 19 Neb. 230, 239, 27 N.W. 98 (1886).

In State ex rel. Sorensen, the court stated, "It is an imperative duty of the judicial department of government to protect its jurisdiction at the boundaries of power fixed by the Constitution." 123 Neb. at 114, 242 N.W. at 281. Likewise, it is the duty of the executive branch of government to protect its jurisdiction at the boundaries of power fixed by the Constitution.

Neb.Rev.Stat. §84-205(4) provides the Attorney General shall "when requested by . . . the Legislature, appear for the state and prosecute or defend any action or conduct any investigation in which the state is interested or a party, before any court, officer, board, tribunal or commission." Although this statute clearly authorizes the Attorney General to conduct much or all of the litigation contemplated as a potential duty of the Counsel to the Legislature under LB 228, section 84-205(4) is only a codified statement of the executive power which is the subject of the larger issue at hand. At issue is whether LB 228 authorizes the Counsel to the Legislature to exercise powers properly belonging to the executive branch.

Pursuant to Article IV, Section 1 of the Constitution of the State of Nebraska, the Attorney General is an executive officer. See Opinion of the Attorney General No. 89033, April 4, 1989; State ex rel. Caldwell v. Peterson, 153 Neb. 402, 407, 45 N.W.2d 122 (1950); State ex rel. Howard v. Marsh, 146 Neb. 750, 753, 21 N.W.2d 503 (1946). Therefore, the Attorney General has those powers provided in Article IV, section 1 of the Constitution of the State of Nebraska. This section provides that "Officers in the executive department of the state shall perform such duties as provided by law." Id. In Nebraska the "law" includes the common law as well as statutory law.[2] See Neb.Rev.Stat. §49-101 (Reissue 1988); State v. Douglas, 217 Neb. 199, 349 N.W.2d 870 (1984). Thus, the legislature cannot divest the Attorney General of his common law duty to represent the state before the courts, at least where to do so would result in a violation of the separation of powers.[3]

The common law powers of the Attorney General are broad and well recognized. In a 1989 opinion, Attorney General Robert Spire wrote:

> The Attorney General and his designees are vested with broad common law and statutory powers to carry out the duties of the Office. The inherent power and authority of the Attorney General to initiate and defend actions, to make decisions regarding strategy, and to negotiate and enter into settlements was addressed in State Board of Equalization and Assessment, 123 Neb. 259, 242 N.W. 609, (cited with approval in Douglas, 217 Neb. 199, 349 N.W.2d 870). There, the Nebraska Supreme Court held that the Attorney General is the principal law officer of the state. Id. at 262. In this regard, the court stated:
>
>> We find that a late case, which is in line with the weight of authority, is State v. Finch, 128 Kan. 665, 66 A.L.R. 1369, which traces the powers and duties of the Office of the Attorney General at common law from the earliest times to the present time, and holds: 'Ordinarily the Attorney General, both under common law and by statute, is empowered to make any disposition of the state's litigation which he deems for its best interest. (Emphasis added.)
>
> Id. at 261. Moreover, the court stated that the Attorney General is clothed and charged with all common law powers and duties except to the extent that they are limited by statute; and, as the chief law officer of the state, he is authorized to exercise all such power and authority as the public interests may require, absent some express legislative restriction to the contrary. Id. at 261-262 Douglas, 217 Neb. at 237.

These common law powers and duties were later codified by the Nebraska Legislature. Neb.Rev.Stat. §84-202 (Reissue 1987) provides:

> The Department of Justice shall have the general control and supervision of all actions and legal proceedings in which the State of Nebraska may be a party or may be interested, and shall have charge and control of all the legal business of all departments and bureaus of the state, or of any office thereof, which requires the services of attorney or counsel in order to protect the interest of the state. (Emphasis added.)

Opinion of the Attorney General No. 89033, April 10, 1989 at 4.

LB 228 provides that the Counsel to the Legislature shall provide legal representation to members of the legislature and prosecute, defend or intervene in any action in any court to protect the interests of the Legislature. These provisions are in conflict with the constitutional role of the Attorney General as the chief law officer of the state, who is the exclusive legal representative of the state in all litigation with regard to matters of public or statewide interest.

One could conceive of situations in which it might be necessary for the Attorney General to appoint outside counsel to represent the interests of the legislature where a conflict of interest is found to exist. However, even in a contest between the legislature and the executive branch the Attorney General may properly bring an action at the request of the legislature. In State ex rel. Meyer, 185 Neb. 490, 176 N.W.2d 920, the Attorney General brought an action "at the express request of the Legislature" seeking "to have certain appropriations vetoed by the Governor declared void and to uphold certain personal service limitations placed in the appropriation bills by the Legislature." Id. at 491.

Section 2(1) of LB 228 authorizes the Counsel to the Legislature to provide formal legal opinions to any member of the legislature. The danger of the legislative branch providing legal opinions on the constitutionality of its own proposals is apparent, especially when they go beyond providing mere guidance in drafting legislative proposals.[4] Furthermore, it is virtually inevitable the Attorney General would be requested to provide an opinion anyway, whenever a legislator was dissatisfied with the opinion of the Counsel of the Legislature.

In conclusion, "{T}he state attorney general, as chief law officer of the state, is the exclusive legal representative of the state in all litigation with regard to matters of public interest, and he alone has the right to represent the state as to litigation involving a subject matter of statewide interest." Mountain States Legal Foundation v. Costle, 630 F.2d 754, 771 (10th Cir. 1980). See also State v. F.E. & M.V.R.R. Co., 22 Neb. 313, 318, 35 N.W. 178 (1887). The legislative branch may not assume control of such litigation without violating the separation of powers as prescribed in Article II, section 1 of the Constitution of Nebraska.

---

[1] The separation of power between the branches of state government has been addressed on numerous occasions by the Nebraska Supreme Court and in prior opinions of the Attorney General. As we previously stated:

> The Constitution of the State of Nebraska adopted the same tripartite separation of powers as the Federal Constitution. In analyzing the distribution of powers as set out in the Constitution of the United States, the United States Supreme Court stated, "The object of the Constitution was to establish three great departments of government: the Legislative, the Executive, and the Judicial departments. The first was to pass the laws, the second, to approve and execute them, and the third to expound and enforce them." Martin v. Hunter's Lessee, 1 Wheat. 304, 4 L.Ed. 97 (1916).

Opinion of the Attorney General No. 87114, December 9, 1987 at 4. See also State ex rel. Howard v. Marsh, 146 Neb. 750, 755, 21 N.W.2d 503 (1946) ("In the tradition of the founders of our national government, by the provisions of the Constitution of Nebraska, the powers of government are divided into three distinct departments, the legislative, the executive, and the judicial.").

As the Nebraska Supreme Court has noted, "The division of governmental powers into executive, legislative and judicial in this country is a subject familiar, not only to lawyers and students, but is a part of the common knowledge of the citizen. It represents, probably, the most important principle of government declaring and guaranteeing the liberties of the people, and has been so considered, at least, since the famous declaration of Montesquieu. . . ." Searle v. Yensen, 118 Neb. 835, 841, 226 N.W. 464 (1929).

> Montesquieu suggested a government with legislative, executive and judicial departments, each independent of the other. The framers of the American Constitution and the people of Nebraska adopted that plan. It has been regarded by statesmen and philosophers as an outstanding advancement in the science of government.

State ex rel. Sorensen v. State Bank of Minatare, 123 Neb. 109, 114, 242 N.W. 278 (1932).

[2] The common law is specifically "adopted and declared to be the law within the State of Nebraska" where it is "applicable and not inconsistent with the Constitution of the United States, with the organic law of this state, or with any law passed or to be passed by the Legislature of this state." Neb.Rev.Stat. §49-101 (Reissue 1988).

In addition to the above statutory provision regarding the common law, the common law authority of the Attorney General has been recognized by the Nebraska Supreme Court. "By the great weight of authority, it is now held that the Attorney General is clothed and charged with all the common-law powers and duties except in so far as they have been limited by statute. . . As the chief law officer of the state, he may, in the absence of some express legislative restriction to the contrary exercise all such power and authority as public interests may from time to time require." State v. State Board of Equalization and Assessment, 123 Neb. 259, 243 N.W. 264 (1932). See also Babcock, 19 Neb. at 239.

[3] As recently as 1984, the Nebraska Supreme Court found the Attorney General has "inherent powers" in addition to those provided by statute. Douglas, 217 Neb. at 237-238. ("We recognize that the Attorney General has some duties which are not purely statutory and are sometimes referred to as the common-law duties of the office.") (citing State Board of Equalization and Assessment, 123 Neb. 259, 243 N.W. 264 (1932)).

Thus, the Nebraska Supreme Court has rejected those decisions holding that constitutional provisions providing for powers and duties "prescribed by law" mean the Attorney General is without common law powers. See, e.g., In re Sharp's Estate, 63 Wis.2d 254, 217 N.W.2d 258, 262 (Wis. 1974) Shute v. Frohmiller, 53 Ariz. 483, 90 P.2d 998, 1001 (Ariz. 1939). Instead, Nebraska follows the majority rule as recently set forth in Ex parte Weaver, 570 So.2d 675 (Ala. 1990).

> Article V, Sec. 137, of the Alabama Constitution provides: "The attorney general . . . shall perform such duties as may be prescribed by law." It has been suggested that this wording restricts the authority of the attorney general. However, this is not the general rule. The Supreme Court of Utah in Hansen v. Barlow, 23 Utah 2d 47, 456 P.2d 177 (1969), adopted the reasoning of the Supreme Court of Montana in State ex rel. Olsen v. Public Service Comm'n, 129 Mont. 106, 283 P.2d 594 (1955), as to the general rule. The Utah Supreme Court noted that Article VII, Sec. 18 of the Utah Constitution provides: "The Attorney General shall be the legal adviser of the State Officers and shall perform such other duties as may be provided by Law." 23 Utah 2nd at 48, 456 P.2d at 178. This section of the Utah Constitution is similar to Article V, Sec. 137, of the Alabama Constitution. The Utah Supreme Court, as the Montana Supreme Court had done, reasoned that this language, rather than limiting the powers of the attorney general, grants the attorney general the powers that were held by him at common law:
>
> > "It is the general consensus of opinion that in practically every state of this Union whose basis of jurisprudence is the common law, the office of attorney general, as it existed in England, was adopted as a

> part of the governmental machinery, and that in the absence of express restrictions, the common-law duties attach themselves to the office so far as they are applicable and in harmony with our system of government."

Id. at 684, quoting Hansen v. Barlow, 23 Utah 2d 47, 456 P.2d 177, 178 (1969).

Whether the common law powers embedded in the office of the Attorney General are subject to legislative modification as in some jurisdictions, see Padgett v. Williams, 82 Idaho 28, 348 P.2d 944, 948 (Idaho 1960), or whether such common law powers are immune from legislative change, see E.P.A. v. Pollution Control Bd., 372 N.E.2d 50, 51-52 (Ill. 1977); People v. Daniels, 69 Ill.2d 394, 132 N.E.2d 507, 509 (Ill. 1956), need not be addressed in determining the constitutionality of LB 228 since even where modification of common law powers is permitted, the legislative branch cannot modify the duties of the Attorney General in a way which violates the constitutionally mandated separation of powers. See Murphy v. Yates, 276 Md. 475, 348 A.2d 837, 846 (1975) ("If an office is created by the Constitution, and specific powers are granted or duties imposed by the Constitution, although additional powers may be granted by statute, the position can neither be abolished by statute nor reduced to impotence by the transfer of duties characteristic of the office to another office created by the legislature . . . We regard this as but another facet of the principle of separation of powers. . . .").

[4] The separation of powers does not preclude the legislature from seeking legal advice from sources other than the Attorney General in all situations. One could even conceive of situations in which certain legal opinions by a Counsel to the Legislature could be constitutionally permissible. However, in the context of opinion requests from state senators to the Attorney General we have previously stated:

> It would serve no valid legislative purpose to issue an opinion to a legislator concerning the interpretation and enforcement of a particular statute, when the Legislature has no authority in this regard. This responsibility is the function of the executive branch of the government and under our separation of powers doctrine it is essential that no one branch encroach upon the powers reserved to another. See State ex rel. Beck v. Young, 154 Neb. 588, 48 N.W.2d 677 (1951).
>
> Likewise, it would be inappropriate and serve no valid legislative purpose to comment to a legislator upon a particular interpretation of an existing law adopted and applied by the executive branch of government.

Opinion of the Attorney General No. 85-157, December 20, 1985 at 2.

As to opinions concerning pending or proposed legislation, "Neb.Rev.Stat. §84-205(3) (Reissue 1981) provides that one of the duties of the Attorney General shall be 'To give, when required, without fee, his opinion in writing upon all questions of law submitted to him by . . . the Legislature.' The general duty of the Attorney General to issue such opinions has been interpreted by the Supreme Court to mean that state officers are entitled to advice upon questions of law which arise 'in the discharge of their duties.'" Follmer v. State, 94 Neb. 217, 142 N.W. 908 (1913). "This office has likewise historically viewed its responsibility to issue opinions in this same light." Opinion of the Attorney General No. 85-157, December 20, 1985 at 1. Thus, the scope of constitutionally permissible legal opinions by a Counsel to the Legislature is quite limited.

DON STENBERG

MOTION - Escort Governor

Mr. Hefner moved that a committee of five be appointed to escort the Governor of the State of Nebraska to the Legislative Chamber to deliver his State of the State Address.

The motion prevailed.

The Chair appointed Mmes. Bohlke, Nelson, Messrs. Chizek, Hefner, and Rogers to serve on said committee.

The committee returned and escorted Governor Ben Nelson to the rostrum where he delivered the following State Budget Address.

STATE OF THE STATE ADDRESS

MADAM PRESIDENT, MR. SPEAKER, AND MEMBERS OF THE LEGISLATURE; FELLOW NEBRASKANS:

WHEN I TOOK OFFICE ONE YEAR AGO, I PLEDGED TO WORK WITH THIS LEGISLATURE AND THE PEOPLE OF NEBRASKA TO ADDRESS A NUMBER OF ISSUES AFFECTING OUR STATE. I FIRMLY BELIEVE THAT THE FAITH OF CITIZENS IN THEIR GOVERNMENT DEPENDS ON OUR WILLINGNESS TO FOLLOW THROUGH ON THAT WHICH WE PROMISE. WITH YOUR HELP, WE HAVE ACCOMPLISHED MUCH ALREADY.

WE HAVE HALTED THE OUT-OF-CONTROL GROWTH IN THE STATE BUDGET. WE HAVE SHOWN THAT TOGETHER, WE CAN HOLD THE LINE ON SPENDING AND STILL PURSUE OUR DREAMS -- PROTECTING THE QUALITY OF OUR ENVIRONMENT; BUILDING A WORLD-CLASS EDUCATION SYSTEM; SUSTAINING ECONOMIC GROWTH THROUGHOUT NEBRASKA.

NEBRASKANS WILL HAVE THE OPPORTUNITY TO APPROVE A STATE LOTTERY THIS NOVEMBER. COMMUNITIES NOW HAVE A NEW ECONOMIC DEVELOPMENT TOOL THROUGH LB 840. A NEW POSTSECONDARY COORDINATING COMMISSION AND APPELLATE COURT ARE IN PLACE. INVESTMENTS IN TECHNOLOGY NOW PROVIDE COMMUNICATIONS LINKS THROUGHOUT THE STATE VIA SATELLITE AND FIBER-OPTIC CABLE.

DESPITE OUR RESOURCE LIMITATIONS, OUR ACCOMPLISHMENTS ARE MANY: WE SHOULD BE PROUD. BUT OUR WORK IS NOT FINISHED.

AS WE ENTER 1992, NEBRASKA IS DARKENED BY THE CLOUD OF AN UNPRECEDENTED PROPERTY TAX CRISIS. OVER THE PAST TWENTY YEARS, WE HAVE INCHED, STEP BY STEP, TOWARD THE EDGE OF A CLIFF.

TODAY, WE STAND AT THE BRINK.

THE PEOPLE OF NEBRASKA ARE WATCHING TO SEE IF THOSE IN WHOM THEY HAVE PLACED THEIR TRUST WILL PULL THEM AWAY, OR ALLOW THEM TO TOPPLE OVER THE EDGE.

MUCH IS AT STAKE:

1. UNLESS WE ACT NOW TO REPAIR OUR CONSTITUTION AND TAX LAWS, BUSINESS AND AGRICULTURAL INVENTORIES WILL BE TAXED ONCE AGAIN. THIS PROSPECT POSES AN INTOLERABLE, AND UNNECESSARY, RISK TO NEBRASKA'S ECONOMY;

2. UNLESS WE ACT NOW TO IMPLEMENT A FAIR, STABLE AND PREDICTABLE TAX SYSTEM, NEBRASKA'S BUSINESS CLIMATE WILL SUFFER, AND OUR OWN COMPANIES WILL BE TEMPTED TO

RELOCATE TO OTHER STATES (AND BELIEVE ME, THEY ARE BEING COURTED);

3. UNLESS WE ACT NOW TO STABILIZE THE LOCAL TAX BASE, THE PUBLIC SERVICES WE VALUE MOST - FROM TEACHING OUR CHILDREN TO FIGHTING FIRES AND PROTECTING THE PUBLIC SAFETY - ARE IN SERIOUS JEOPARDY.

OUR CHOICES ARE SEVERELY LIMITED BY AN ALL-TOO-FAMILIAR SERIES OF LAWSUITS THAT HAVE LED OUR SUPREME COURT TO LAY IT OUT IN BLACK AND WHITE: THE EXEMPTIONS GRANTED BY PREVIOUS LEGISLATURES ARE UNCONSTITUTIONAL, AND THEREFORE, PERSONAL PROPERTY HAS BEEN RETURNED TO THE TAX ROLLS AND WILL BE TAXED IN 1992, UNLESS WE ACT NOW.

AFTER THE UNICAMERAL PASSED LB 829 LAST YEAR AS A TEMPORARY, ONE-YEAR APPROACH, I APPOINTED A GROUP OF LEGISLATIVE AND EXECUTIVE BRANCH LEADERS TO DEVISE A PERMANENT SOLUTION. THE 3-R COMMITTEE, DESPITE ALL PREDICTIONS TO THE CONTRARY, HAS DEVELOPED A SOLUTION WHICH I BELIEVE IS THE BEST SOLUTION TO THE TAX CRISIS. I SUPPORT THE 3-R PROPOSAL, AND I URGE ITS ENACTMENT BY THE LEGISLATURE.

THE 3-R PROPOSAL CONTAINS FOUR ELEMENTS, WHICH I BELIEVE ARE ESSENTIAL TO THE PROPERTY TAX SOLUTION:

*FIRST, THE PROPERTY TAX BASE SHOULD BE BROADENED BY USING A NET BOOK DEPRECIATION TAX. IN OTHER WORDS, ONLY TANGIBLE PERSONAL PROPERTY THAT IS DEPRECIATED, INCLUDING CENTRALLY-ASSESSED PROPERTY, WILL BE TAXED AT THE LOCAL PROPERTY TAX RATE;

*SECOND, INVENTORY SHOULD NOT, AND WILL NOT, BE TAXED;

*THIRD, THERE MUST BE A LID ON LOCAL GOVERNMENTS SO THAT ANY INCREASED TAX BASE IS USED TO LOWER PROPERTY TAX LEVIES, PUTTING MONEY BACK IN THE TAXPAYER'S POCKET AND NOT INTO NEW AND EXPANDED PROGRAMS.

*FOURTH AND FINALLY, A CONSTITUTIONAL AMENDMENT MUST BE SUBMITTED TO THE PEOPLE IN ORDER TO ALLOW A TAX OTHER THAN BY VALUE, AND TO ALLOW REAL AND PERSONAL PROPERTY TO BE TREATED SEPARATELY.

SENATORS JEROME WARNER, DAVID LANDIS AND RON WITHEM WILL, ON MY BEHALF, INTRODUCE A CONSTITUTIONAL

AMENDMENT AND LEGISLATION THAT ACCOMPLISHES THESE FOUR GOALS. I BELIEVE THESE PROPOSALS OFFER THE FAIREST POSSIBLE SOLUTION TO THE PROBLEM. THEY DO NOT SHIFT A BUSINESS TAX TO INDIVIDUAL TAXPAYERS.

I FIRMLY BELIEVE THAT THESE PROPOSALS WILL SOLVE THE PROPERTY TAX CRISIS FOR 1992 AND BEYOND.

HOWEVER, THE ISSUE OF LAWSUIT REFUNDS REMAINS. MY ADMINISTRATION WILL WORK WITH SENATOR DENNIS BYARS AND OTHER MEMBERS OF THE LEGISLATURE, AS WELL AS LOCAL OFFICIALS TO DEVELOP AN EQUITABLE SOLUTION TO THE REFUND ISSUE.

THE URGENCY OF THE PROPERTY TAX CRISIS WILL, WITHOUT A DOUBT, DOMINATE YOUR TIME, AND MY TIME, AND THIS SESSION; BUT THERE ARE OTHER IMPORTANT ISSUES ON OUR AGENDAS. MANY WILL HAVE TO WAIT, BUT THERE ARE SEVERAL OBJECTIVES THAT CAN, AND SHOULD, BE ACCOMPLISHED THIS YEAR.

FIRST, THERE IS NO REASON TO DELAY IN CORRECTING THE INEQUITIES IN THE STATE'S INCOME TAX SYSTEM. THE LEGISLATURE MADE THE RIGHT DECISION TO DECOUPLE FROM THE FEDERAL INCOME TAX; NEBRASKA SHOULD NOT DEPEND ON THE FEDERAL GOVERNMENT TO SET OUR INCOME TAX POLICY.

AS A CONSEQUENCE, HOWEVER, THE AVERAGE WORKING FAMILY WAS UNFAIRLY BURDENED WITH A DISPROPORTIONATE SHARE OF THE TAX LOAD. SENATOR DAVID LANDIS AND A BIPARTISAN GROUP OF SENATORS HAVE TAKEN THE LEAD TO CHANGE THE INCOME TAX SO THAT IT IS MORE PROGRESSIVE, MORE EQUITABLE, AND MORE FAIRLY DISTRIBUTED AMONG ALL INCOME LEVELS. I INVITE ANY OF YOU WHO SHARE OUR BELIEF THAT THE INCOME TAX SHOULD BE RESTRUCTURED TO SIGN ONTO THIS LEGISLATION.

SECOND, THERE ARE SEVERAL ENVIRONMENTAL IMPERATIVES TO BE CONSIDERED. LAST FALL, I SPENT A VERY INFORMATIVE WEEK TALKING WITH NEBRASKANS ACROSS THE STATE ABOUT THE QUALITY OF OUR ENVIRONMENT. WE SHARED OUR APPRECIATION OF THE NATURAL WONDERS OF THIS GREAT STATE, WHICH TOO OFTEN GO UNNOTICED.

WE ALSO SHARED CONCERNS ABOUT WHETHER THE QUALITY OF NEBRASKA'S ENVIRONMENT CAN BE SUSTAINED FOR FUTURE GENERATIONS. I HEARD CONCERNS ABOUT CONTAMINATION OF OUR WATER; SOIL CONSERVATION; AIR QUALITY; AND WASTE DISPOSAL ISSUES RANGING FROM RECYCLING TO KEEPING

NEBRASKA FROM BECOMING A DUMPING GROUND FOR OTHER STATES' WASTE.

I EVEN HAD ONE THIRD-GRADER ASK IF "RED TAPE" WAS HARMFUL TO THE ENVIRONMENT. I SAID, "YES! HOW DO WE FIX IT?"

WE HAVE ESTABLISHED A NEW VISION OF ENVIRONMENTAL PROTECTION THROUGH MANAGEMENT CHANGES IN THE DEPARTMENT OF ENVIRONMENTAL CONTROL, SOON TO BE KNOWN AS THE DEPARTMENT OF ENVIRONMENTAL QUALITY WITH THE HELP OF SENATOR DON WESELY AND THE MEMBERS OF THIS BODY.

WITH THE ADDITIONAL HELP OF SENATOR CHRIS BEUTLER, I AM ASKING THE LEGISLATURE TO ESTABLISH THE ENVIRONMENTAL TRUST FUND. ADMINISTERED BY A BOARD OF DIRECTORS CONSISTING OF PRIVATE CITIZENS AND STATE OFFICIALS FROM AGENCIES DEALING WITH ENVIRONMENTAL INTERESTS, THE FUND WILL PROVIDE A MEANS FOR A WIDE RANGE OF GROUPS TO ACCESS THE RESOURCES NECESSARY TO PURSUE INNOVATIVE PROJECTS IN ENVIRONMENTAL PROTECTION.

APPROXIMATELY $7.5 MILLION ANNUALLY WILL FLOW INTO THE FUND FROM AN ADDITIONAL TWO-CENT CIGARETTE TAX, COUPLED WITH ONE-FOURTH OF THE PROCEEDS FROM THE STATE LOTTERY. THESE PUBLIC RESOURCES CAN BE USED TO LEVERAGE ADDITIONAL PRIVATE DOLLARS FOR INVESTMENTS IN SUCH THINGS AS HABITAT PRESERVATION, WATER QUALITY PROTECTION, AND PROMOTING THE DEVELOPMENT OF RECYCLING.

THE FUND IS NOT INTENDED TO REPLACE EXISTING PROGRAMS, BUT RATHER TO ENHANCE THEIR EFFECTIVENESS BY PROVIDING SUPPORT FOR NEW, PROACTIVE APPROACHES TO PROTECTING THE QUALITY OF OUR ENVIRONMENT.

ANOTHER ENVIRONMENTAL CONCERN THAT DEMANDS OUR ATTENTION IN THE COMING YEARS IS SOLID WASTE MANAGEMENT. TWO YEARS AGO, THIS LEGISLATURE HAD THE FORESIGHT TO INITIATE A COMPREHENSIVE PLANNING PROCESS FOR SOLID WASTE MANAGEMENT. I COMMEND SENATOR SPENCE MORRISSEY AND THE SOLID WASTE ADVISORY COMMITTEE FOR THEIR TIRELESS WORK IN FASHIONING A SOLID WASTE MANAGEMENT PLAN THAT WILL BE PLACED BEFORE YOU THIS SESSION.

THE BENEFITS OF SOUND WASTE MANAGEMENT TO ENVIRONMENTAL QUALITY ARE CLEAR, BUT THEY ARE ALSO COSTLY. IT WILL BE A CHALLENGE TO COME UP WITH THE ESTIMATED QUARTER OF A BILLION DOLLARS TO IMPLEMENT THE MANAGEMENT PLAN'S OBJECTIVES.

THIS IS A "BUDGET BUSTER" FOR BOTH STATE AND LOCAL GOVERNMENTS, AND IT HAS THE POTENTIAL TO BE AN "ECONOMY BUSTER" IF NOT DEALT WITH PROPERLY. THE SOLUTION WILL NOT EMERGE OVERNIGHT, BUT WE MUST BEGIN NOW TO IDENTIFY ALTERNATIVES. MEMBERS OF MY ADMINISTRATION AND I WILL CONTINUE TO SUPPORT LOCAL GOVERNMENT EFFORTS TO DEVELOP A WORKABLE FINANCING PACKAGE.

THIRD, OUR ELEMENTARY/SECONDARY EDUCATION SYSTEM CONTINUES TO BE ON THE CUTTING EDGE OF SCHOOL REFORM IN THE UNITED STATES. BUT WE CAN DO BETTER, AND WE WILL DO BETTER. COMPETITION ON A GLOBAL SCALE REQUIRES A HARD LOOK AT THE BASIC ASSUMPTIONS OF AMERICAN EDUCATION, AND I'M PLEASED THAT EDUCATORS IN THIS STATE ARE WILLING TO DO JUST THAT.

THE NATION'S GOVERNORS HAVE MADE ELEMENTARY AND SECONDARY EDUCATION A PRIORITY, AND NONE AMONG US HAS BEEN AS ACTIVE AND DEDICATED AS GOVERNOR ROY ROMER OF COLORADO. IT WAS AN HONOR TO HAVE GOVERNOR ROMER CALL JUST LAST WEEK TO ASK ME TO SERVE AS ONE OF EIGHT GOVERNORS ON THE NATIONAL EDUCATION GOALS PANEL. I WILL BE ATTENDING A MEETING OF THE GOALS PANEL LATER THIS MONTH IN WASHINGTON, AND I WILL BE ASKING FOR INPUT FROM EDUCATORS, SCHOOL BOARD MEMBERS, AND OTHER COMMUNITY LEADERS.

NEBRASKA'S CLASSROOM TEACHERS BORE THE BRUNT OF AN UNBALANCED BUDGET AT THE END OF THE 1991 SESSION. IN ORDER TO MEET MY CONSTITUTIONAL MANDATE TO BALANCE THE STATE BUDGET, IT WAS NECESSARY TO VETO $8 MILLION FROM THE SECOND YEAR APPROPRIATION UNDER LB 91. OUR TEACHERS DESERVE BETTER, AND I AM RECOMMENDING RESTORATION OF THIS $8 MILLION AS PART OF THE LB 1059 STATE AID PACKAGE TO LOCAL SCHOOL DISTRICTS FOR FY 92-93.

FOURTH, THE EFFECTIVENESS OF OUR EDUCATION SYSTEM IN SUPPORTING NEBRASKA'S ECONOMY CAN BE ENHANCED BY A MORE FOCUSED APPROACH TOWARD RESEARCH AND TECHNOLOGY TRANSFER. A STATE PLAN FOR RESEARCH IS CRITICAL FOR FUTURE ECONOMIC GROWTH AND DEVELOPMENT IN NEBRASKA.

TOWARD THAT END, NEBRASKA IS FORTUNATE TO HAVE BEEN SELECTED TO PARTICIPATE IN EPSCoR, THE EXPERIMENTAL PROGRAM TO STIMULATE COMPETITIVE RESEARCH. EPSCoR IS FUNDED IN PART BY THE NATIONAL SCIENCE FOUNDATION. LAST SPRING, I APPOINTED A PLANNING TEAM REPRESENTING BUSINESS

AND INDUSTRY, GOVERNMENT, HIGHER EDUCATION AND THE SCIENTIFIC COMMUNITY.

THEIR CHALLENGE IS TO DEVELOP BOTH SHORT- AND LONG-TERM GOALS, PRIORITIES AND EVALUATION CRITERIA FOR NEBRASKA RESEARCH PROJECTS. I AM ALSO RECOMMENDING THAT THE PLANNING AND EVALUATION PROCESS FOR THE EXISTING RESEARCH INITIATIVE BE MERGED INTO THE EPSCoR PROJECT BY AUGUST 15, 1992.

NATIONAL SCIENCE FOUNDATION FUNDS ARE CONTINGENT UPON A STATE MATCH. I AM RECOMMENDING A COMBINATION OF NEW GENERAL FUNDS, REALLOCATED UNIVERSITY FUNDS, AND PRIVATE DOLLARS TO GENERATE THE $1.3 MILLION NECESSARY TO COMPETE FOR AN EQUAL AMOUNT OF EPSCoR DOLLARS.

WHEN I TOOK OFFICE ONE YEAR AGO, NEBRASKA STATE GOVERNMENT WAS SPENDING MONEY FASTER THAN IT WAS COMING IN. MID-TERM INCREASES IN BIENNIAL BUDGETS HAVE BEEN SUBSTANTIAL, WITHOUT EXCEPTION.

THE ACCELERATOR WAS NEARLY TO THE FLOOR, BUT TOGETHER WE HAVE SUCCESSFULLY BEGUN TO APPLY THE BRAKES TO STATE SPENDING. ACROSS-THE-BOARD CUTS TOTALLING 5% FOR THE BIENNIUM ARE BEING IMPLEMENTED IN STATE OPERATIONS.

I HAVE DIRECTED STATE AGENCIES TO CAREFULLY REVIEW ALL VACANCIES BEFORE FILLING THEM. WE ARE CLOSELY MONITORING TRAVEL POLICIES, AS WELL AS OTHER AREAS OVER WHICH WE HAVE ADMINISTRATIVE DISCRETION.

IT IS MY BELIEF THAT SUCH MANAGEMENT ACTIONS MAY AVOID MORE SEVERE COST-CUTTING MEASURES, SUCH AS TOTAL HIRING FREEZES OR LAYOFFS, THAT HAVE BEEN NECESSARY IN OTHER STATES.

STATE EMPLOYEES ARE TALENTED AND PRODUCTIVE PUBLIC SERVANTS. CAREFUL MANAGEMENT OF AGENCY RESOURCES CAN MAKE OUR STATE EMPLOYEES EVEN MORE EFFECTIVE.

I AM ALSO ASKING THE LEGISLATURE TO GRANT THE GOVERNOR AUTHORITY TO CONTROL THE RATE AT WHICH APPROPRIATIONS ARE SPENT DURING A GIVEN YEAR, AND TO ADMINISTRATIVELY REDUCE APPROPRIATIONS IF AND WHEN ACTUAL REVENUES FALL BELOW ESTIMATES.

THIS AUTHORITY WOULD SUBSTANTIALLY ENHANCE THE MANAGEMENT ABILITY OF THE ADMINISTRATION DURING

REVENUE-SHORT PERIODS. SIMILAR AUTHORITY IS PRESENTLY GRANTED TO THE GOVERNOR IN FORTY-ONE OF THE FIFTY STATES. IT'S TIME TO DO IT IN NEBRASKA.

AS ALWAYS, YOU WILL BE CONFRONTED BY REQUESTS FROM GROUPS WITH VALID REASONS TO EXPAND SERVICE LEVELS OR EVEN START NEW PROGRAMS. LET ME REINFORCE SOMETHING I SAID A YEAR AGO: STATE GOVERNMENT CANNOT BE ALL THINGS TO ALL PEOPLE, EVEN WHEN IT MEANS SAYING 'NO' TO ANY NUMBER OF WORTHWHILE AND ATTRACTIVE IDEAS.

IN THEORY, THE WORD 'NO' SHOULD BE THE RULE RATHER THAN THE EXCEPTION DURING THE MID-YEAR OF THE BIENNIUM. THE EXCEPTIONS TO THE RULE SHOULD BE ONLY FOR EMERGENCIES AND UNFORESEEN CIRCUMSTANCES. THAT HAS NOT BEEN THE CASE THUS FAR; BUT MY MID-BIENNIUM PROPOSAL SAYS 'YES' VERY SELECTIVELY, AND WITHOUT RELIANCE ON INCREASED GENERAL TAX RATES.

WE ARE MAKING PROGRESS IN THE AREA OF FISCAL RESPONSIBILITY AND SPENDING DISCIPLINE. I AM RECOMMENDING MID-BIENNIUM BUDGET ADJUSTMENTS OF LESS THAN TWO-TENTHS OF ONE PERCENT, WHICH ROUNDS TO ZERO. BUT THERE IS ANOTHER FOOT ON THE GAS PEDAL. NEARLY ALL OF THAT AMOUNT IS DIRECTED TOWARD MEDICAID DEFICITS, AND WE ARE NOT IN THE DRIVER'S SEAT. THERE ARE FEDERAL MANDATES ARE DIRECTLY RESPONSIBLE FOR THIS DRAMATIC INCREASE.

*THE FEDERAL GOVERNMENT HAS REDUCED THEIR MEDICAID MATCH RATE FROM 64% TO 61% BECAUSE WE HAVE A GREATER "ABILITY TO PAY" THAN MANY OTHER STATES DUE TO OUR RELATIVE ECONOMIC SUCCESS.

*PROGRAM EXPANSIONS MANDATED BY CONGRESS, COUPLED WITH THE REDUCED MATCH RATE, WILL COST NEBRASKA AN ADDITIONAL $14 MILLION NEXT FISCAL YEAR, AND $18 MILLION MORE EACH YEAR THEREAFTER;

*A PENDING LAWSUIT OVER MEDICAID REIMBURSEMENT RATES COULD LEAD TO MILLIONS MORE IN MEDICAID EXPENSES.

IN ORDER TO PLUG THE GAP CAUSED BY SKYROCKETING MEDICAID COSTS, SENATOR DON WESELY IS WORKING WITH THE DEPARTMENT OF SOCIAL SERVICES AND AFFECTED GROUPS TO EXPLORE THE POSSIBILITY OF A PROVIDER FEE AS AUTHORIZED LAST YEAR BY CONGRESS, AND AS IMPLEMENTED ALREADY IN SEVERAL OTHER STATES.

THE ALTERNATIVE IS A SERIES OF MASSIVE PROGRAM CUTS THAT WILL SEVERELY RESTRICT ACCESS TO MEDICAL CARE FOR MANY NEBRASKANS.

THERE ARE SOME COMPELLING NEEDS THAT HAVE BEEN DEFERRED TOO LONG THAT SHOULD BE CONSIDERED THIS YEAR, AND I AM PROPOSING THAT THEY BE ADDRESSED THROUGH AN INCREASE OF TEN CENTS IN THE CIGARETTE TAX. AS I MENTIONED, THE PROCEEDS FROM TWO CENTS SHOULD BE PLACED IN THE ENVIRONMENTAL TRUST FUND. THE REMAINING INCREASE WILL BE DISTRIBUTED IN FOUR WAYS, WITH EACH TWO CENTS TRANSLATING TO $2.6 MILLION ANNUALLY.

FIRST, WE HAVE AN OBLIGATION UNDER THE FEDERAL AMERICANS WITH DISABILITIES ACT TO ENSURE STATE BUILDING ACCESSIBILITY FOR DISABLED INDIVIDUALS. I RECOMMEND THAT TWO CENTS BE ALLOCATED FOR COMPLIANCE WITH ADA.

SECOND, WE HAVE MADE SUBSTANTIAL INVESTMENTS IN CAPITAL CONSTRUCTION OVER THE YEARS. UNFORTUNATELY, WE HAVE NOT PROVIDED ADEQUATE MAINTENANCE ONCE THE PAINT IS DRY.

RESPONSIBLE MANAGEMENT REQUIRES THAT STATE BUILDINGS BE MAINTAINED AND THAT WE PROTECT SAFETY OF EMPLOYEES AND CITIZENS WHO WORK AND DO BUSINESS IN STATE FACILITIES. UNLIKE NEW BRICK AND MORTAR, THESE ARE NOT GLAMOROUS PROJECTS, BUT THEY ARE ESSENTIAL. I RECOMMEND ALLOCATING TWO CENTS TO THE LB 309 TASK FORCE TO HELP CLEAR UP THE BACKLOG OF MAINTENANCE NEEDS.

THIRD, I PROPOSE SETTING ASIDE TWO CENTS FOR THE HIGHER EDUCATION INCENTIVE FUND, TO BE ADMINISTERED BY THE COORDINATING COMMISSION FOR POSTSECONDARY EDUCATION. THIS FUND WILL BE USED TO PROMOTE POSITIVE CHANGE IN ALL POSTSECONDARY INSTITUTIONS IN NEBRASKA, BY ADDRESSING NEEDS SUCH AS STUDENT FINANCIAL AID, FIRE AND LIFE SAFETY PROJECTS, RENOVATION, PILOT INSTRUCTIONAL PROGRAMS AND RESEARCH.

FOURTH, I RECOMMEND THAT TWO CENTS BE PLACED IN A NEW CITIZEN PUBLIC SAFETY FUND FOR THE PURPOSE OF FINANCING RECOMMENDATIONS OF MY TASK FORCE ON PRISON ALTERNATIVES. I'M CONFIDENT THAT THEIR WORK WILL LEAD TO LESS-COSTLY ALTERNATIVES THAN LARGE-SCALE PRISON EXPANSION AS A MEANS OF PROTECTING PUBLIC SAFETY.

IT'S CLEAR THAT NEBRASKANS ARE CONCERNED ABOUT PUBLIC SAFETY. DRIVE-BY SHOOTINGS, ASSAULTS ON POLICE OFFICERS, AND DRUG AND GANG ACTIVITY ARE CREATING FEAR AND ANGER AMONG LAW-ABIDING CITIZENS. RECENT ACTIONS BY THE STATE PAROLE BOARD, AND LEGAL QUESTIONS ABOUT THE PROPER ROLE OF THE BOARD OF PARDONS SERVE ONLY TO COMPOUND THE PROBLEM.

ACCORDINGLY, I HAVE ASKED SENATOR JERRY CHIZEK TO INTRODUCE LEGISLATION TO STRENGTHEN PAROLE BOARD PROCEDURES. I WILL ALSO BE WORKING CLOSELY WITH SENATORS ERIC WILL AND CAROL PIRSCH TO CHANGE THE WAY PARDON DECISIONS ARE MADE.

AS YOU ARE WELL AWARE, THESE ISSUES AND MANY OTHER IMPORTANT POLICY QUESTIONS WILL BE PLACED BEFORE YOU THIS SESSION. BUT, AS SPEAKER BAACK HAS SAID TIME AND AGAIN, THE HALLMARK OF THIS LEGISLATURE WILL BE YOUR RESPONSE TO THE PROPERTY TAX CRISIS.

I REALIZE THAT FINDING A SOLUTION TO THE PROPERTY TAX ISSUE IS A DIFFICULT ONE. BUT THIS DECISION CAN WAIT NO LONGER. THE CONSTITUTION MUST BE AMENDED TO ALLOW THE LEGISLATURE, YOU AS A BODY AND NOT THE COURTS, TO DETERMINE TAX POLICY.

THE PEOPLE OF NEBRASKA MUST HAVE THE OPPORTUNITY TO VOTE ON THAT AMENDMENT DURING THE MAY PRIMARY ELECTION. IN ORDER TO DO SO, THE CONSTITUTIONAL AMENDMENT MUST BE PASSED BY THE LEGISLATURE NO LATER THAN MARCH 12TH OF THIS YEAR.

THIS ISSUE TRANSCENDS POLITICS.

WE CAN'T DECIDE THIS ISSUE AS DEMOCRATS OR REPUBLICANS;

AS URBAN OR RURAL;

AS LEGISLATIVE OR EXECUTIVE.

WE MUST APPROACH THIS PROBLEM AS NEBRASKANS. THE ECONOMY AND WELL-BEING OF OUR STATE ARE AT STAKE.

AS YOU CONSIDER A PERMANENT RESOLUTION TO THIS CRISIS, ASK NOT ONLY HOW IT AFFECTS YOU, BUT HOW IT AFFECTS YOUR NEIGHBORS.

I URGE YOU TO ACT NOW.
I URGE YOU TO SET ASIDE YOUR PERSONAL DIFFERENCES AND FIND A SOLUTION THAT BENEFITS ALL NEBRASKA.

I URGE YOU TO ADOPT AND SUPPORT THE 3-R PROPOSAL IN ORDER THAT THE STATE OF NEBRASKA MAY FLOURISH.

THANK YOU. I KNOW YOU'RE UP TO THE TASK. I WISH YOU WELL.

The committee escorted Governor Nelson from the Chamber.

LEGISLATIVE RESOLUTION 215CA. Introduced by Robak, 22.

A resolution to propose amending the Constitution of Nebraska.

CVIII-1 "The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises, except that: (1) The Legislature may provide for a different method of taxing motor vehicles and may also establish a separate class of motor vehicles consisting of those owned and held for resale by motor vehicle dealers which shall be taxed in the manner and to the extent provided by the Legislature and may also establish a separate class for trucks, trailers, semitrailers, truck-tractors, or combinations thereof, consisting of those owned by residents and nonresidents of this state, and operating in interstate commerce, and may provide reciprocal and proportionate taxation of such vehicles; PROVIDED, that such tax proceeds from motor vehicles taxed in each county shall be allocated to the ~~state,~~ counties, townships, cities, villages, and school districts of such county in the same proportion that the levy of each bears to the total levy of the county on personal tangible property; ~~and~~ (2) the Legislature may provide that agricultural land and horticultural land, as defined by the Legislature, shall constitute a separate and distinct class of property for purposes of taxation and may provide for a different method of taxing agricultural land and horticultural land which results in values that are not uniform and proportionate with all other tangible property and franchises but which results in values that are uniform and proportionate upon all property within the class of agricultural land and horticultural land; and (3) the Legislature may provide that (a) agricultural income-producing machinery and equipment, (b) business inventory, (c) feed, (d) fertilizer, (e) farm inventory, (f) grain, (g) seed, (h) livestock, (i) poultry, (j) fish, (k) honeybees, and (l) fur-bearing animals shall constitute separate and distinct classes of property for purposes of taxation, and the Legislature may exempt any such class of property from taxation, in whole or in part. The Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall for property tax purposes be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses and may prescribe standards and methods for the determination of the value of real or other tangible property at uniform and proportionate values. Taxes uniform as to class of property or the ownership or use thereof may be levied by valuation or otherwise upon classes of intangible property as the Legislature may determine, and such intangible property held in trust or otherwise for the purpose of funding pension, profit-sharing, or other employee benefit plans as defined by the Legislature may be declared exempt from taxation. Taxes other than property taxes may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature. The Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 92005

DATE:	January 9, 1992
SUBJECT:	Proposed Constitutional Amendment Authorizing the Exemption of Livestock from Property Taxation.
REQUESTED BY:	Senator Roger Wehrbein Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General L. Jay Bartel, Assistant Attorney General

You have requested our opinion, under two scenarios, of the constitutionality of establishing a classification exempting "all livestock" from property taxation.

Under your first scenario, the Nebraska Constitution would be amended to: (1) authorize "separate and distinct treatment of tangible personal property for tax purposes;" (2) authorize the Legislature "to classify and exempt classes of tangible personal property from taxation;" and (3) authorize the Legislature to tax "depreciable tangible personal property." Presumably, your reference to permitting the Legislature to tax "depreciable tangible personal property" is intended to permit the Legislature to tax tangible personal property based on its depreciated value as determined for federal income tax purposes. Your question under this scheme is whether a legislative classification exempting all livestock from property taxation would create an unconstitutional classification if the Legislature were to also enact a tax on depreciable tangible personal property (other than depreciable livestock) based on its "depreciated value."

In Natural Gas Pipeline Co. v. State Bd. of Equal., 237 Neb. 357, 466 N.W.2d 461 (1991), the Nebraska Supreme Court addressed the validity under Neb. Const. art. III, § 18, of a legislative classification exempting "raiload rolling stock" from personal property taxation. Discussing the import of the prohibition against the enactment of special legislation or the establishment of unreasonable legislative classifications under Article III,

§18, the court, quoting State ex rel. Cone v. Bauman, 120 Neb. 77, 82-83, 231 N.W. 693, 695 (1930), stated:

> The rule is well established that the legislature may, for the purpose of legislating, classify persons, places, objects or subjects, but such classification must rest upon some difference in situation or circumstance which, in reason, calls for distinctive legislation for the class. The class must have a substantial quality or attribute which requires legislation appropriate or necessary for those in the class which would be inappropriate or unnecessary for those without the class.

237 Neb. at 370, 466 N.W.2d at 470.

The court further noted: "A legislative classification must operate uniformly on all within a class which is reasonable. Exemptions are allowed where they are made applicable to all persons of the same class similarly situated." Id. (citations omitted).

In striking down the exemption for "railroad rolling stock" established under LB 7, the court in Natural concluded:

> The Legislature's exemption of railroad rolling stock is not based on any real distinction between railroads and other common carriers.
>
> * * *
>
> We fail to see any real and substantial difference between personal property used for income production by one type of business and the same type of income-producing personal property used by another type of business.

Id. at 371, 466 N.W.2d at 470.

Shortly after issuing its decision in Natural, the court further defined the scope of the prohibition against special legislation in Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991). In Haman, the court noted a distinction between the rational basis standard of review employed in analyzing legislative classifications under the federal equal protection clause which do not involve a suspect class or a fundamental right, and the standard employed in assessing the validity of legislative classifications under the special legislation prohibition in the Nebraska Constitution. Specifically, the court stated:

> The test of validity under the special legislation prohibition is more stringent than the traditional rational basis test. Classifications must be based on some substantial difference of situation or circumstance that would naturally suggest the justice or expediency of diverse legislation with respect to the objects to be classified.

Id. at 713, 467 N.W.2d at 846-47 (citations omitted) (emphasis in original).

Under your first scenario, the Legislature would act, pursuant to constitutional authority, to classify and exempt all livestock from property taxation. In addition, the Legislature would act to tax tangible personal property subject to depreciation (other than depreciable livestock) at its value as determined after reducing such by depreciation allowed for federal income purposes. Irrespective of other constitutional concerns which such legislation may raise, we believe that legislation of this nature would run afoul of Article III, § 18.

Pursuant to federal law, a deduction is afforded for income tax purposes for the exhaustion, wear and tear of property used in a trade or business, or of property held for the production of income. I.R.C. § 167. Depreciation is allowable for tangible property but not for inventories, stock in trade, land apart from its improvements, or a depletable natural resource. Treas. Reg. § 1.167(a)-2. Farm buildings (except a personal dwelling), farm machinery, and other physical property (except land) are depreciable. Livestock acquired for work, breeding, or dairy purposes may be depreciated unless included in inventory. Treas. Reg. § 1.167(a)-6.

Thus, under your first scenario, the Legislature would establish all livestock as a class exempt from taxation, while establishing a class of depreciable tangible personal property as being subject to taxation based on its depreciated value. The class of depreciable tangible personal property subject to taxation would, however, not include depreciable livestock, which would be exempt by virtue of the exemption granted to all livestock. In our view, legislative enactment of a classification of this nature would violate the special legislation prohibition in Article III, § 18, as it would create an impermissible difference in treatment between similar property of the same class without the existence of any "real and substantial difference" justifying different treatment of some personal property within the class of depreciable personal property (depreciable livestock) and all other depreciable personal property. In other words, if the classification of personal property for ad valorem tax purposes is to be based on the "depreciated value" of personal property, it is highly unlikely that our supreme court would sustain the validity of the type of distinction proposed under your first scenario, which removes part of the class of depreciable personal property (depreciable livestock) from the burden of taxation imposed on the remainder of the class.

Under your second scenario, you ask us to consider whether a constitutional amendment specifically exempting all livestock from taxation, but authorizing the Legislature to classify and tax personal property based on its value as depreciated for federal income tax purposes (except depreciable livestock exempted from taxation under the constitution) would constitute impermissible "special legislation" prohibited by Neb. Const. art. III, § 18.

The simple answer to your question is that the adoption of a state constitutional amendment of this nature would not, in and of itself, violate

Article III, § 18. The prohibition contained in Article III, § 18, is a restriction on the power of the Legislature to enact legislation creating unreasonable classifications. As the classification creating different treatment of depreciable livestock and other depreciable personal property would arise by virtue of a classification created by the State Constitution, as opposed to legislative action creating the classification, the provisions of Article III, § 18, would not apply under this scenario.

The question which remains, however, is whether the establishment of such different treatment in the taxation of depreciable personal property under state law (either constitutional or statutory) would violate the guarantee of equal protection mandated under the Fourteenth Amendment to the United States Constitution.

The equal protection clause "imposes no iron rule of equality, prohibiting the flexibility and variety that are appropriate to reasonable schemes of state taxation." Allied Stores of Ohio, Inc. v. Bowers, 358 U.S. 522, 526 (1959). In structuring their internal tax structures, "the States have large leeway in making classifications and drawing lines which in their judgment produce reasonable systems of taxation." Lenhausen v. Lake Shore Auto Parts Co., 410 U.S. 356, 359 (1973). It is inherent in a state's power to tax that it be free to select the subjects of taxation, and to grant exemptions. Carmichael v. Southern Coal and Coke Co., 301 U.S. 495 (1937). In order for a state tax classification or scheme to withstand scrutiny under the equal protection clause, it is necessary only to consider whether the challenged classification or tax is rationally based and related to a legitimate state purpose. Exxon Corp. v. Eagerton, 462 U.S. 176 (1983). "A state tax law is not arbitrary although it 'discriminate{s} in favor of a certain class. . . if the discrimination is founded upon a reasonable distinction, or difference in state policy,' not in conflict with the Federal Constitution." Kahn v. Shevin, 416 U.S. 351, 355 (1974) (quoting Allied Stores of Ohio, Inc. v. Bowers, 358 U.S. 522, 528 (1959)).

Clearly the proposed classification favors depreciable livestock over other forms of depreciable personal property. The question is whether this classification is rationally based and related to a legitimate state purpose. Although the question is not free from doubt, we believe that a sound argument can be made that a rational basis exists to support the different classification and taxation of livestock (including depreciable livestock) and other depreciable personal property. The livestock industry is vitally important to the State of Nebraska. It generates income not only to those who own and sell livestock, but to grain farmers, livestock processing operations, and others. Nebraska cattlemen must compete with other states where livestock may not be subject to property taxation. Because of its potential for substantial market price fluctuations, the industry is recognized as a particularly risky one.

As previously noted, the United States Supreme Court has accorded states wide latitude in making classifications and creating distinctions for tax purposes, and has sustained state taxing schemes that have distinguished between personal property owned by corporations as opposed to individuals, Lenhausen v. Lake Shore Auto Parts Co., supra, between anthracite coal and bituminous coal, Heisler v. Thomas Colliery Co., 260 U.S. 245 (1922), and between commercial warehouses and private warehouses. Independent Warehouses, Inc. v. Scheele, 331 U.S. 70 (1947). The Nebraska Supreme Court is, of course, bound to follow the principles of judicial review under the equal protection clause of the Fourteenth Amendment established by the United States Supreme Court. While the Nebraska Supreme Court has taken a restrictive approach in analyzing classifications in the property tax area, we believe that, given the limited judicial scrutiny applicable to tax classifications under the rational basis standard of review utilized under the federal equal protection clause, such a classification would not be wholly indefensible.[1]

---

[1] As you have not addressed any question to us concerning the constitutionality of the establishment of "depreciable personal property" as a classification for tax purposes, we have not addressed any constitutional issues which the adoption of such a classification may raise beyond your questions pertaining to the exclusion of depreciable livestock from the class of personal property to be taxed on the basis of its depreciated value, either by statute or pursuant to a constitutional amendment.

Very truly yours,

Opinion No. 92006

DATE: January 10, 1992

SUBJECT: Jurisdiction No. of the Nebraska State Patrol on State Highway Interstate 80 in Omaha

REQUESTED BY: Senator Scott Moore, Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Warren D. Lichty, Jr., Assistant Attorney General

This is in response to your inquiry regarding Amendment No. 1165 to LB 377 now pending in the Nebraska State Legislature. This amendment purports until January 1, 1992, to limit the jurisdiction of the Nebraska State Patrol over freeways in metropolitan cities to carrier enforcement activities. You ask two specific questions. The first is:

"1) If Am. 1165 were adopted to Neb.Rev.Stat. Sec. 81-2006 who would have traffic jurisdiction on the Interstate system within the jurisdictional limits of the City of Omaha for the period affected by the amendment?"

It would appear that the answer, during such past period, is any law enforcement agency with power to arrest for traffic violations, such as local police, sheriff's officers, excepting the patrol.

At first blush, one might think this constitutes special legislation, but Article III, Section 18, Constitution of the State of Nebraska, which prohibits local or special laws in certain instances, appears not to cover this situation. This is is because no subparagraph of Article III, Section 18, appears to cover or relate to the situation raised by your amendment. The prohibitions against special legislation regulating the practice of courts of justice or affecting the jurisdiction and duties of justice of the peace, police magistrates and constables do not apply. Limiting the arrest powers of the State Patrol does not regulate the practice courts of justice. And since there are no longer justices of the peace or police magistrates, there an no possible effect there. Constables are now authorized and defined in Neb.Rev.Stat. §§25-2229 to 25-2239, and are given no other duties or authority than that of serving process. Since they appear to have no authority over motor vehicles and traffic, we do not believe this subsection would prohibit your amendment. Nor would limiting the patrol's power of arrest change the venue in any case. Therefore, since none of the subsections of Section 18 seem to address themselves to the authority of the patrol, we do not believe your amendment constitutes special legislation.

Your second question is:

"2) Who is responsible for traffic jurisdiction on the Interstate system within the jurisdictional limits of the city of Omaha under Neb. Rev. Stat. Sec. 81-2006 and any other relevant state law as it currently reads?"

You have indicated that you have need of this information in connection with other proposed legislation you are considering. This is a very difficult question inasmuch as a great number of statutory sections have some relevance thereto, either by direct reference, cross-reference, or circular reference.

Neb.Rev.Stat. §81-2006, the section which you anticipate amending, gives the State Patrol, sheriffs, police officers, or any other local peace officers, concurrent jurisdiction.

Neb.Rev.Stat. §81-2005 directs the State Patrol and all other peace officers mentioned in Section 39-6192, except carrier enforcement officers, to have the power of peace officers for the purpose of enforcing the provisions of "...law regulating the operation of vehicles or the use of the highways," together with arrest power therefor and certain other specific powers. The peace officers mentioned in section 39-6192 are, in addition to the State Patrol, all sheriffs and all deputy sheriffs of the several counties, all chiefs of police, and all policemen of all cities, all village marshals in all villages throughout the State of Nebraska. Although that section includes "marshals in all villages", the term "in all villages" would appear to be a limitation which excludes them from traffic jurisdiction on the interstate in the City of Omaha. There is a caveat, however, since section 39-6,192 indicates that the aforesaid officers therein mentioned are directed and have the duty to enforce the provisions of sections 39-669.21, 39-6,127, 39-6,133, 39-6,138, 39-6,140, 39-6,192, and 81-2,005, and are directed to exercise all the powers recited in section 81-2005. Section 39-669.21 is a violation section with a penalty for violation of sections 39-6,127, 39-6,133, 39-6,138, 39-6,140, 39-6,192 and 81-2,005. You will note that these are the sections cited in section 39-6,192, hence our reference to circular referencing of the statutes. Section 39-6,127 is a requirement for clearance lights on certain vehicles, section 39-6,133 is a requirement for brakes, section 39-6,138 is the requirement for head and tail lights on vehicles, section 39-6,140 is the section requiring headlights to be properly adjusted, 39-6,192 has already been mentioned, and section 81-2,005 is the section mentioned above at the beginning of this discourse. Since subparts (1) and (2) of section 81-2,005 give the mentioned officers power to enforce laws regulating the operation of vehicles and use of the highways and to make arrests therefor, it would appear to be unimportant that the officers mentioned in section 39-6,192 are only given power under 39-6,192 to enforce certain laws relating to equipment on vehicles. It is, however, a caveat that which must be raised, given the intention of amendment 1165 to LB 377 to remove jurisdiction over the Omaha interstate from the Nebraska State Patrol.

As to cities of the metropolitan class specifically, Neb.Rev.Stat. §14-603 gives the Chief of Police and officers authority for service of process and cases for violations of city ordinances authority coextensive with the county. Section 14-604 gives the Chief of Police authority to pursue and arrest any person fleeing from justice in any part of the State. Section 14-605 gives the Chief of Police like powers and like responsibilities as sheriffs in similar cases. And section 14-606 gives each policeman the same powers as constables in arresting all offenders against the laws of the State. They may also arrest all offenders against the ordinances of the city. There is a problem with Section 14-606, since, as previously stated, constables are not given power of arrest under current statutes.

The specific authority of sheriffs is contained in Neb.Rev.Stat. §23-1710 which provides that it is the duty of the sheriff to preserve the peace in his county, to ferret out crime, to apprehend and arrest all criminals.

Also, Neb.Rev.Stat. §39-6,188 contains the following statement:

> "It shall be the duty of the sheriffs of the several counties and other police officials to enforce the provisions of sections 39-6,123, 39-6,125, 39-6,126, 39-6,177 to 39-6,187, 60-301 to 60-343, and 79-488."

Of this group, the only section of interest to us is section 39-6,183, which, in part, provides:

> Any person operating any motor vehicle. . .in violation of any of the provisions of section 39-662, 39-663, 39-666, or 39-6,123. . .shall be deemed guilty of a traffic infraction. . . .

Sections 39-662, 663, and 666 are the speed limit statutes. Therefore, this section, in our opinion, is another section indicating that police departments and sheriffs are to enforce the speeding laws of the State of Nebraska. Therefore, we conclude that the agencies with duties to enforce traffic laws on the interstate in Omaha are the State Patrol, sheriff's office, and City police department.

Other sections, such as Neb.Rev.Stat. §29-401, may give additional authority, which would encompass traffic violations, but do not necessarily make it a duty to enforce such provisions. Therefore, after extensive manual and computer research of the statutes, we believe the aforesaid statutes are the only ones making it a responsibility of law enforcement offices and officers to enforce traffic regulations.

We fully understand, Senator, that the legislature has absolute power to define and redefine the duties of State agencies and officers, but we also believe it to be our duty to make the following comments for your consideration. The Department of Roads is committed to the federal government for a certain minimum standard of law enforcement on our federal-aid highways. Care should be taken to be sure that removal of any authority for duty of traffic law enforcement does not violate these minimums, thereby endangering future federal highway aid for construction and maintenance. See Title 23 U.S.C. §141 requiring states to certify to the U.S. Secretary of Transportation that they are enforcing certain laws.

Second, consideration should be given to the fact that depriving the State Patrol of authority on the interstate in Omaha might create a "safe haven" to which violators could flee when being pursued by the patrol, thus preventing their arrest.

We hope that this necessarily involved response will be of assistance to you.

Sincerely,
DON STENBERG

ATTORNEY GENERAL'S OPINION

Opinion No. 92007

DATED: January 10, 1992

SUBJECT: Request of Legal Opinion Regarding the Identification of the Persons Constituting Membership of the Classified Service pursuant to Neb.Rev.Stat. 23-1721 to 23-1737

REQUESTED BY: Senator Jennie Robak, Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Kenneth W. Payne, Assistant Attorney General

This letter is in response to your correspondence directed to Attorney General, Don Stenberg in reference to the above caption.

The following are our responses to your specific questions in the order as you presented them:

QUESTION (1): Do any of these changes alter the scope of the existing law with regard to who is included in the Classified Service?

ANSWER: Yes

QUESTION (2): If so, which ones?

ANSWER: See discussion below

QUESTION (3): If all three of the proposed changes alter the scope of the existing law, could you give me guidance as to who should be included in the classified service under the existing statute?

ANSWER: We are unable to give you guidance as to who should be included in the classified service as presented in this question. This is a policy matter rather than a question of law.

QUESTION (2): Does the existing Neb.Rev.Stat. §§ 23-1721 to 23-1737 include employees other than deputy sheriffs as part of the classified service?

ANSWER: The composition of the classified service pursuant to Neb.Rev.Stat. §§ 23-1721 to 23-1737 originally intended to include only deputy sheriffs. Civilian employees were not intended to benefit from the sections.

DISCUSSION: A reading of the legislative history of the sections suggests that the Supreme Court in Freese v. County of Douglas, 210 Neb. 521, 315 N.W.2d 638 (1982), correctly determined that the purpose of the bill was "to insulate deputy sheriffs in the designated counties from the hazards of politics which a career deputy sheriff might suffer each time a new sheriff was elected to office." Id.

Neb.Rev.Stat. §§ 23-1721 to 23-1737 originally created in 1969 by LB 784, was a merit program for the sheriffs' division of the county employees. At the same time LB 784 was introduced, a similar type of bill, LB 783 was introduced which would effect all county employees, including the sheriff's office (Hearing LB 783 and 784, 1969).

LB 783 was never passed, and during the hearing on the two bills, it was agreed that the reason LB 784 pertaining to the sheriff's office needed to be passed was because of the dangers and hard work of law enforcement as opposed to doing office work like other county employees (Hearing LB 783 and 784, 1969, pp. 15-16). One speaker noted that the importance of LB 784 was to "improve the professional competency of the law enforcing officer" (Hearing, 1969, p. 12). Also, there were concerns that because other service organizations such as the Highway Patrol and Omaha Police have a thirty-year age limit, deputies who were fired after an election would be too old to find another job in their field (Hearing, 1969, p. 17).

Subsequently, bills have been passed amending the sections. These amendments were introduced to extend the scope of the sections to include smaller counties. A review of the history on these bills also indicates the concern of protecting deputy sheriffs. "Our purpose was to provide some security for deputies who have selected law enforcement as their profession . . . this would provide an equal opportunity for individuals seeking employment as deputy sheriff" (Hearing LB 1093, 1972). In 1982, it was suggested that the sections would reduce costs to counties because after an election, thousands of dollars are spent training new deputies (Hearing LB 782, 1982, p. 4).

CONCLUSION: It can clearly be argued that the original intent of the bills was to protect only deputy sheriffs. It is also clear that civilian employees are not considered part of the classified service. The history does not indicate exactly where matrons and jailers fall. However, if deputy sheriffs are classified service and civilian personnel are not, it follows that the question of whether jailers and matrons are included becomes a question of whether they are also deputy sheriffs. If so, they comprise part of the classified service.

Consequently, applying the impact of existing law as interpreted by this opinion to the three drafts of proposed legislation:

1. Proposal No. 1 would result in including jailers and matrons as part of the classified service. Notwithstanding, you would need to carry through and amend Neb.Rev.Stat. §23-1730 to reflect the desired change of including jailers and matrons.
2. The term "County Corrections Employees" is vague. Again it would appear that there would be a problem as to who would be included in this broad definition.
3. This change in language eliminates the confusion that apparently exists as to whether jailers and matrons are to be included in Neb.Rev.Stat. §23-1726. This change would make Neb.Rev.Stat. §23-1726 consistent with Neb.Rev.Stat. §23-1730, i.e., excluding jailers and matrons.

WHEREAS, although the right of free expression is part of the foundation of the Constitution of the United States, very carefully drawn limits on expression in specific instances have long been recognized as legitimate means of maintaining public safety and defining other societal standards; and

WHEREAS, certain actions, although arguably related to a person's free expression, nevertheless raise issues concerning public decency, public peace, and the rights of other citizens; and

WHEREAS, there are symbols of our national soul, such as the Washington Monument, the United States Capitol, and memorials to our greatest leaders, which are the property of every American and are worthy of protection from desecration and dishonor; and

WHEREAS, the United States Flag is a most honorable and worthy banner of a nation which is thankful for its strengths and committed to curing its faults, a nation that remains the destination of millions of immigrants attracted by the universal power of the American ideal; and

WHEREAS, the law as interpreted by the United States Supreme Court no longer accords the Stars and Stripes the reverence, respect, and dignity befitting the banner of that most noble experiment of a nation-state; and

WHEREAS, it is only fitting that people everywhere should lend their voices to a forceful call for restoration of the Stars and Stripes to a proper station under law and decency.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Legislature hereby memorializes the Congress of the United States to propose to the states an amendment to the Constitution of the United States which specifies that Congress and the states have the power to prohibit the physical desecration of the United States Flag.

2. That the Clerk of the Legislature transmit a copy of this resolution to the Speaker of the House of Representatives and President of the Senate of the Congress of the United States, to all members of the Nebraska delegation to the Congress of the United States, and to President George Bush with the request that it be officially entered in the Congressional Record as a memorial to the Congress of the United States.

Upon the request being made, the Department of Social Services or other licensed agency shall conduct an investigation and report its findings to the county judge in writing at least one week prior to the date set for hearing.

(b) For adoption placements occurring on or after January 1, 1993, upon the filing of a petition for adoption, a preplacement home study, completed within one year before the date on which the adoptee is placed with the petitioner or petitioners, shall be filed with the county court.

(i) A home study shall not be required when the petitioner is a stepparent of the adoptee unless required by the court except that, the county judge shall order the department to conduct a law enforcement check and a check of the central register created in section 28-718 for any history of the petitioner of behavior injurious to or which may endanger the health or morals of a child. (ii) The preplacement or postplacement home study shall be performed as prescribed in rules and regulations of the department and shall include at a minimum an examination into the facts relating to the petitioner or petitioners as may be relevant to the propriety of such adoption and may include appropriate facts relating to the adoptee if such adoptee is known. Such rules and regulations shall require a home study to include a law enforcement check and a check of the central register created in section 28-718 for any history by the petitioner or petitioners of behavior injurious to or which may endanger the health or morals of a child.

(iii) The placement of a child for foster care made by or facilitated by the Department of Social Services or a licensed child placement agency in the home of a person who later petitions the court to adopt the child shall be exempt from the requirements of a preplacement home study, except that the petitioner or petitioners who meet such criteria shall be required to have a postplacement home study completed and filed with the county court at least one week prior to the hearing for adoption.

(iv) A voluntary placement for purposes other than adoption made by a parent or guardian of a child without assistance from an attorney, physician, or other individual or agency which later results in a petition for the adoption of the child shall be exempt from the requirements of a preplacement home study, except that the petitioner or petitioners who meet such criteria shall be required to have a postplacement home study completed and filed with the county court at least one week prior to the hearing for adoption.

(v) Any home study required by this section shall be conducted by the Department of Social Services or a licensed child placement agency at the expense of the petitioner or petitioners. The department or licensed agency shall determine the fee or rate for the home study.

(2) Upon the filing of a petition for adoption, the county judge shall require that a complete medical history be provided on the child, except that in the adoption of a child by a stepparent the provision of a medical history shall be discretionary. A medical history shall be provided, if available, on the biological mother and father and their biological families, including, but not limited to, siblings, parents, grandparents, aunts, and uncles, unless the child is foreign born or was abandoned. The medical history or histories shall be reported on a form provided by the Bureau of Vital Statistics and filed along with the report of adoption as provided by section 71-626. If the medical history or histories do not accompany the report of adoption, the Bureau of Vital Statistics shall inform the county court and the State Court Administrator. The medical history or histories shall be made part of the court record. After the entry of a decree of adoption, the court shall retain a copy and forward the original medical history or histories to the Bureau of Vital Statistics. A resolution to propose amending the Constitution of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, SECOND SESSION:

Section 1. That at the primary election on May 12, 1992, there shall be submitted to the electors of the State of Nebraska for approval the following amendment to the Constitution of Nebraska to amend Article VIII, sections 1 and 2:

CVIII-1 "The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises~~, except that~~ with the following exceptions: (1) The Legislature shall exempt all tangible personal property from taxation except for motor vehicles, railroad operating property, public service property, and airline flight equipment; (2) the Legislature may provide that railroad operating property, public service property, and airline flight equipment, as defined by the Legislature, shall constitute a separate and distinct class of property for purposes of taxation and may provide a different method of taxing such property which results in taxable values which are not uniform and proportionate with all other tangible property and franchises but which results in taxable values that are uniform and proportionate upon all such property within the class; (3) the Legislature may provide for a different method of taxing motor vehicles and may also establish a separate class of motor vehicles consisting of those owned and held for resale by motor vehicle dealers which shall be taxed in the manner and to the extent provided by the Legislature and may also establish a separate class for trucks, trailers, semitrailers, truck-tractors, or combinations thereof, consisting of those owned by residents and nonresidents of this state, and operating in interstate commerce, and may provide reciprocal and proportionate taxation of such vehicles; PROVIDED, that such tax proceeds from motor vehicles taxed in each county shall be allocated to the ~~state,~~ counties, townships, cities, villages, and school districts of such county in the same proportion that the levy of each bears to the total levy of the county on ~~personal tangible~~ taxable property; and ~~(2)~~ (4) the Legislature may provide that agricultural land and horticultural land, as defined by the Legislature, shall constitute a separate and distinct class of property for purposes of taxation and may provide for a different method of taxing agricultural land and horticultural land which results in values that are not uniform and proportionate with all other tangible property and franchises but which results in values that are uniform and proportionate upon all property within the class of agricultural land and horticultural land. The Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use shall for property tax purposes be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses and may prescribe standards and methods for the determination of the value of real or other tangible property at uniform and proportionate values. Taxes uniform as to class of property or the ownership or use thereof may be levied by valuation or otherwise upon classes of intangible property as the Legislature may determine, and such intangible property held in trust or otherwise for the purpose of funding pension, profit-sharing, or other employee benefit plans as defined by the Legislature may be declared exempt from taxation. Taxes other than property taxes may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature. The Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year."

CVIII-2 "The property of the state and its governmental subdivisions shall be exempt from taxation. The Legislature by general law may exempt property owned by and used exclusively for agricultural and horticultural societies, and property owned and used exclusively for educational, religious, charitable, or cemetery purposes, when such property is not owned or used for financial gain or profit to either the owner or user. ~~Household goods and personal effects, as defined by law,~~

~~may be exempted from taxation in whole or in part, as may be provided by general law, and the Legislature may prescribe a formula for the determination of value of household goods and personal effects.~~ The Legislature by general law may provide that the increased value of land by reason of shade or ornamental trees planted along the highway shall not be taken into account in the assessment of such land. The Legislature by general law and upon any terms, conditions, and restrictions it prescribes, may provide that the increased value of real property resulting from improvements designed primarily for energy conservation may be exempt from taxation. The value of a home substantially contributed by the ~~Veterans' Administration of the~~ United States Department of Veterans Affairs for a paraplegic veteran or multiple amputee shall be exempt from taxation during the life of such veteran or until the death or remarriage of his ~~widow~~ or her ~~remarriage~~ surviving spouse. The Legislature may exempt from an intangible property tax life insurance and life insurance annuity contracts and any payment connected therewith and any right to pension or retirement payments. ~~The Legislature may classify personal property in such manner as it sees fit, and may exempt any of such classes, or may exempt all personal property from taxation.~~ No property shall be exempt from taxation except as provided in the Constitution. The Legislature may by general law provide that a portion of the value of any residence actually occupied as a homestead by any classification of owners as determined by the Legislature shall be exempt from taxation.".

Sec. 2. That section 43-107, Revised Statutes Supplement, 1990, be amended to read as follows:

43-107. (1)(a) For adoption placements occurring or in effect prior to January 1, 1993, upon ~~Upon~~ the filing of a petition for adoption, the county judge shall, except in the adoption of children by stepparents when the requirement of an investigation is discretionary, request the Department of Social Services or any child placement agency licensed by the department to examine into the allegations set forth in the petition and to ascertain any other facts relating to such minor child and the person or persons petitioning to adopt such child as may be relevant to the propriety of such adoption, except that the county judge shall not be required to request such an examination if the judge determines that information compiled in a previous examination or study is sufficiently current and comprehensive. Upon the request being made, the Department of Social Services or other licensed agency shall conduct an investigation and report its findings to the county judge in writing at least one week prior to the date set for hearing.

(b)(i) For adoption placements occurring on or after January 1, 1993, upon the filing of a petition for adoption, a preplacement home study, completed within one year before the date on which the adoptee is placed with the petitioner or petitioners, shall be filed with the county court.

(ii) A home study shall not be required when the petitioner is a stepparent of the adoptee unless required by the court, except that the county judge shall order the department to conduct a law enforcement check and a check of the central register created in section 28-718 for any history of the petitioner of behavior injurious to or which may endanger the health or morals of a child. An adoption decree shall not be issued until a report of the findings of the department are on file with the court.

(iii) The placement of a child for foster care made by or facilitated by the department or a licensed child placement agency in the home of a person who later petitions the court to adopt the child shall be exempt from the requirements of a preplacement home study. The petitioner or petitioners who meet such criteria shall be required to have a postplacement home study completed and filed with the county court at least one week prior to the hearing for adoption.

(iv) A voluntary placement for purposes other than adoption made by a parent or guardian of a child without assistance from an attorney, physician, or other individual or agency which later results in a petition for the adoption of the child shall be exempt from the requirements of a preplacement home study. The petitioner or petitioners who meet such criteria shall be required to have a postplacement home study completed and filed with the county court at least one week prior to the hearing for adoption.

(v) Any home study required by this section shall be conducted by the department or a licensed child placement agency at the expense of the petitioner or petitioners. The department or licensed agency shall determine the fee or rate for the home study.

(vi) The preplacement or postplacement home study shall be performed as prescribed in rules and regulations of the department and shall include at a minimum an examination into the facts relating to the petitioner or petitioners as may be relevant to the propriety of such adoption and may include appropriate facts relating to the adoptee if such adoptee is known. Such rules and regulations shall require a home study to include a law enforcement check and a check of the central register created in section 28-718 for any history of the petitioner or petitioners of behavior injurious to or which may endanger the health or morals of a child.

(2) Upon the filing of a petition for adoption, the county judge shall require that a complete medical history be provided on the child, except that in the adoption of a child by a stepparent the provision of a medical history shall be discretionary. A medical history shall be provided, if available, on the biological mother and father and their biological families, including, but not limited to, siblings, parents, grandparents, aunts, and uncles, unless the child is foreign born or was abandoned. The medical history or histories shall be reported on a form provided by the Bureau of Vital Statistics and filed along with the report of adoption as provided by section 71-626. If the medical history or histories do not accompany the report of adoption, the Bureau of Vital Statistics shall inform the county court and the State Court Administrator. The medical history or histories shall be made part of the court record. After the entry of a decree of adoption, the court shall retain a copy and forward the original medical history or histories to the Bureau of Vital Statistics. This subsection shall only apply when the relinquishment or consent for an adoption is given on or after September 1, 1988.

1. Because of the amendment of section 8-157 by Laws 1991, LB 190, section 1, and Laws 1991, LB 782, section 1, and the reissue of volumes 1 and 1A, Revised Statutes of Nebraska:

"Sec. 2. That section 8-157, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

8-157. (1) No bank shall maintain any branch bank, and except as provided in subsections (2) through ~~(7)~~ (8) of this section and section 8-122.01, the general business of every bank shall be transacted at the place of business specified in its charter.

(2) With the approval of the director (a) any bank may maintain an attached auxiliary office if such office is physically connected by a pneumatic tube or tubes or a walkway, tunnel, or any other electronic, mechanical, or structural connection or attachment for the public use of the bank and is within two hundred feet of the building containing the premises specified as its place of business in its charter or any adjacent connected building housing a continuation of the operations of the bank's main office and (b) any bank may establish and maintain not more than six detached auxiliary offices at which all banking transactions allowed by law may be made. Such auxiliary offices shall be within the corporate limits of the city in which such bank is located, or if the bank is located within the zoning jurisdiction of a city of the primary class or is located within an unincorporated city or unincorporated area in a county which contains a city of the primary class, such auxiliary offices may also be within the corporate limits of such city. Any detached auxiliary office established and maintained by a bank pursuant to the acquisition or merger of an institution under sections 8-1506 to 8-1510 or the acquisition of an eligible savings association under section 8-1515 shall not count against the number or location of detached auxiliary offices permitted under this section.

(3) With the approval of the director, a bank may acquire another bank in Nebraska as the result of a purchase or merger so long as the acquired bank has been chartered for more than eighteen months and the acquired institution and its detached auxiliary offices are converted to auxiliary offices of the acquiring bank. Such auxiliary offices shall not count against the number of locations of detached auxiliary offices permitted under subsections (1) and (2) of this section.

(4) With the approval of the director, a bank may acquire the assets and assume the deposits of a detached auxiliary office of another bank in Nebraska if: (a) The acquired detached auxiliary office has been approved for more than eighteen months; (b) the acquired detached auxiliary office is converted to an auxiliary office of the acquiring bank; and (c) the bank from which the detached auxiliary office is acquired and the

Such auxiliary office shall not count against the number of locations of detached auxiliary offices permitted under subsections (1) and (2) of this section. The restrictions contained in this subsection shall not limit the authority of a bank to acquire another bank and to continue to operate all of the detached auxiliary offices of the acquired bank as auxiliary offices of the acquiring bank.

(5) With the approval of the director, a bank may acquire the assets and assume the deposits of a detached auxiliary office of another bank in Nebraska or acquire the assets and assume the deposits of an eligible savings association acquired by another bank in Nebraska pursuant to section 8-1515 if (a) the acquired detached auxiliary office or eligible savings association is converted to an auxiliary office of the acquiring bank and (b) the detached auxiliary office or the eligible savings association to be acquired was operated, established, and maintained as an eligible savings association at its existing location prior to August 9, 1989, and was maintained at such location on such date. All banking transactions allowed by law may be made at a detached auxiliary office acquired pursuant to this subsection. Such auxiliary offices shall not count against the number of locations of detached auxiliary offices permitted under subsections (1) and (2) of this section. (7) With the approval of the director and subject to the limitations specified in this subsection, a single bank may establish one detached auxiliary office within the corporate limits of any municipality in which a financial institution has closed and ceased doing business within the preceding two years if no other financial institution operates an office within such municipality. If thirty days or less have elapsed since the financial institution ceased operation, the director shall only approve the establishment of a detached auxiliary office by a bank which has its place of business, as specified in its charter, in the same county as or in a contiguous county to the county in which such municipality is located. If more than thirty days have elapsed since the financial institution ceased operation, the director may approve the establishment of a detached auxiliary office by any bank located within Nebraska.

(b) Financial institution shall mean a bank, savings bank, building and loan association, savings and loan association, industrial loan and investment company, credit union, or other institution offering electronic terminal transactions.

~~(7)~~ (8) The name given to any detached bank or branch bank established and maintained pursuant to this section shall not be substantially similar to the name of any existing bank or branch bank which is unaffiliated with the newly created bank or branch bank and is located in the same municipality. "Sec. 2. That section 8-1111, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

8-1111. Except as provided in this section, sections 8-1103 to 8-1109 shall not apply to any of the following transactions:

(4) Any transaction between the issuer or other person on whose behalf the offering is made and an underwriter or among underwriters;

(5) Any transaction in a bond or other evidence of indebtedness secured by a real or chattel mortgage or deed of trust or by an agreement for the sale of real estate or chattels if the entire mortgage, deed of trust, or agreement, together with all the bonds or other evidences of indebtedness secured thereby, are offered and sold as a unit. Such exemption shall not apply to any transaction in a bond or other evidence of indebtedness secured by a real estate mortgage or deed of trust or by an agreement for the sale of real estate if the real estate securing the evidences of indebtedness are parcels of real estate the sale of which requires the subdivision in which the parcels are located to be registered under the Interstate Land Sales Full Disclosure Act, 82 Stat. 590 et seq., 15 U.S.C. 1701 et seq.;

(6) Any transaction by an executor, personal representative, administrator, sheriff, marshal, receiver, trustee in bankruptcy, guardian, or conservator;

(9) Any transaction pursuant to a sale to not more than ten persons, other than those designated in subdivisions (8) and (11) of this section, in this state during any period of twelve consecutive months if (a) the seller reasonably believes that all the buyers are purchasing for investment, (b) no commission or other

remuneration is paid or given directly or indirectly for soliciting any prospective buyer except to a registered agent of a registered broker-dealer, (c) a notice generally describing the terms of the transaction and containing a representation that the conditions of this exemption are met is filed by the seller with the director within thirty days after the first sale for which this exemption is claimed, except that failure to give such notice may be cured by an order issued by the director in his or her discretion, and (d) no solicitations are made by newspaper, radio, or television;

(11) Any transaction pursuant to an offer to existing security holders of the issuer, including persons who at the time of the transaction are holders of convertible securities, nontransferable warrants, or transferable warrants exercisable within not more than ninety days of their issuance, if (a) no commission or other remuneration, other than a standby commission, is paid or given directly or indirectly for soliciting any security holder in this state or (b) the issuer first files a notice specifying the terms of the offer and the director does not by order disallow the exemption within the next five full business days;

(12) Any offer, but not a sale, of a security for which registration statements have been filed under both the Securities Act of Nebraska and the Securities Act of 1933 if no stop order or refusal order is in effect and no public proceeding or examination looking toward such an order is pending under either the Securities Act of Nebraska or the Securities Act of 1933;

(16) Any transaction in this state not involving a public offering when (a) there is no general or public advertising or solicitation, (b) no commission or remuneration is paid directly or indirectly for soliciting any prospective buyer, except to a registered agent of a registered broker-dealer or registered issuer-dealer, (c) a notice generally describing the terms of the transaction and containing a representation that the conditions of this exemption are met is filed by the seller with the director within thirty days after the first sale for which this exemption is claimed, except that failure to give such notice may be cured by an order issued by the director in his or her discretion, (d) a filing fee of two hundred dollars is paid at the time of filing the notice, and (e) any such transaction is effected in accordance with rules and regulations adopted and promulgated by the director relating to this section when the director finds in adopting and promulgating such rules and regulations that the applicability of sections 8-1104 to 8-1107 is not necessary or appropriate in the public interest or for the protection of investors. For purposes of this subdivision, not involving a public offering shall mean any offering in which the seller has reason to believe that the securities purchased are taken for investment and in which each offeree, by reason of his or her knowledge about the affairs of the issuer or otherwise,

does not require the protections afforded by registration under sections 8-1104 to 8-1107 in order to make a reasonably informed judgment with respect to such investment; or

(17) The issuance of any investment contract issued in connection with an employees stock purchase, savings, pension, profit-sharing, or similar benefit plan if no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective buyer except to a registered agent of a registered broker-dealer and if the director is notified in writing within thirty days after the inception of the plan or, with respect to plans which were in effect prior to August 18, 1965, but closed on that date, within thirty days after they are reopened.

The director may by order deny or revoke the exemption specified in subdivision (2) of this section with respect to a specific security. Upon the entry of such an order, the director shall promptly notify all registered broker-dealers that it has been entered and of the reasons therefor and that within fifteen business days of the receipt of a written request the matter will be set down for hearing. If no hearing is requested within fifteen business days of the issuance of the order and none is ordered by the director, the order shall automatically become a final order and shall remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing to all interested persons, shall enter his or her written findings of fact and conclusions of law and may affirm, modify, or vacate the order. No such order may operate retroactively. No person may be considered to have violated the provisions of the Securities Act of Nebraska by reason of any offer or sale effected after the entry of any such order if he or she sustains the burden of proof that he or she did not know and in the exercise of reasonable care could not have known of the order. In any proceeding under the Securities Act of Nebraska, the burden of proving an exemption from a definition shall be upon the person claiming it.

AM2546

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. (1) The Legislature finds and declares that:

(a) The public school system in Nebraska is a multimillion-dollar enterprise which demands accountability to parents, to taxpayers, to employers, and, most importantly, to students;

(b) Nebraska is in need of a comprehensive and reliable system of accountability for student performance in the public school system;

(c) Nebraska needs to establish standards for learner outcomes which match the demands of citizens and workers in the twenty-first century; and

(d) Current state accountability processes do not adequately measure student achievement nor the success or failure of the public schools in helping students master specific outcomes; and

(e) Nebraska needs a statewide system of accountability for determining achievement of learner outcomes.

(2) It is the intent of the Legislature to establish a process for the (a) identification of state standards for learner outcomes which are critical to the future of the state and (b) development, through a systematic and comprehensive public process, of a valid, accurate, and educationally sound system of assessing the progress of Nebraska students in achieving those outcomes.

Sec. 2. There is hereby created the Nebraska Schools Accountability Commission. The commission shall consist of eleven members as follows: Two members of the Legislature appointed by the Executive Board of the Legislative Council; and one representative from the Governor's office, two public school classroom teachers, two administrators or administrative staff members, one parent, one school board member, one representative of business and industry, and one representative of agriculture, all appointed by the Governor upon the recommendations of associations and organizations representing parents, teachers, school administrators, and school board members. Members shall be appointed no later than July 15, 1992, and shall serve for the life of the commission. Members shall not receive a per diem. Members shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177.

Sec. 3. (1) Phase I of the development of the accountability system shall begin September 1, 1992, and end September 1, 1994. The Nebraska Schools Accountability Commission shall develop broad curriculum frameworks and standards for learner outcomes which shall be based upon the frameworks, standards, and assessments determined by the School Restructuring Commission, including the curriculum areas listed in section 4 of this act. It is the intent of the Legislature that local school boards retain responsibility for the content of the instructional programs within the broad curriculum frameworks.

(2) Phase II shall begin May 1, 1993, and end on May 1, 1996. Phase II shall provide for the development of a reliable, accurate, and educationally sound system of assessing student progress towards achieving the standards for learner outcomes determined pursuant to subsection (1) of this section.

Sec 4. The Nebraska Schools Accountability Commission and the State Department of Education may work with other states or a multistate consortium to develop a system of authentic assessment of learner outcomes in mathematics, science, reading, language arts, and social studies. The department shall provide staff support to the commission in all phases. The commission shall also be charged with the development of the accountability system and shall report the progress of such development to the Legislature and the State Board of Education on an annual basis.

Sec. 5. The accountability system shall be completed not later than July 1, 1996, and the Nebraska Schools Accountability Commission shall terminate on such date.

Sec. 6. The Nebraska Schools Accountability Commission Cash Fund is hereby created. Any funds appropriated by the Legislature to carry out sections 1 to 5 of this act and any other money received pursuant to such sections shall be credited to the fund. ATTORNEY GENERAL'S OPINIONS

Opinion No. 92010

DATE: January 27, 1992

SUBJECT: Amendment of Sales and Use Tax Statutes to Exempt Purchases by County Agricultural Societies.

REQUESTED BY: Senator Douglas A. Kristensen
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion as to whether county agricultural societies organized pursuant to Neb.Rev.Stat. §§ 2-201 to 2-217 (Reissue 1987) qualify for exemption from sales and use tax under the Nebraska Revenue Act of 1967, as amended. Your specific question is whether purchases by county agricultural societies are exempt under Neb.Rev.Stat. § 77-2704(1)(l)(i) (Supp. 1991). In the event that county agricultural societies are not exempt pursuant to this provision, you have included proposed legislation to amend § 77-2704(1) to provide an exemption for "{p}urchases by a county agricultural society as defined in sections 2-201 to 2-217. . . ."

Neb.Rev.Stat. § 77-2704 provides, in pertinent part, as follows:

> (1) There are exempted from the computation of the amount of sales and use taxes imposed by the Nebraska Revenue Act of 1967 the gross receipts from the sale, lease, or rental of and the storage, use, or other consumption in this state of the following:
>
> * * *
>
> (l)(i) Purchases by the state, including public educational institutions recognized or established under the provisions of Chapter 85, or by any county, township, city, village, or rural or suburban fire protection district, except for purchases for use in the business of furnishing gas, water, electricity, or heat, or by any irrigation or reclamation district, the irrigation division of any public power and irrigation district, or public schools established under Chapter 79.

In a previous opinion, this office concluded that a county agricultural society is not a "political subdivision of the state." Report of Attorney

General 1979-80, Opinion No. 201, January 21, 1980, p. 288. We note that, in a Nebraska Supreme Court case decided subsequent to our issuance of this opinion, it was held that ". . .a county agricultural society is a public body subject to the provisions of the public meetings law." Nixon v. Madison County Agricultural Society, 217 Neb. 37, 39, 348 N.W.2d 119, 120 (1984). Further, in a recent opinion, we concluded that, based on the reasoning in the Nixon case, county agricultural societies are also subject to the public records statutes. Attorney General Opinion No. 91007, January 29, 1991.

Irrespective of whether a county agricultural society constitutes a "political subdivision," it is evident that a county agricultural society is not among the types of governmental units exempted under the plain language of § 77-2704(1)(l)(i). Statutes conferring exemptions from taxation are strictly construed. Nucor Steel v. Leuenberger, 233 Neb. 863, 448 N.W.2d 909 (1989). Only those entities specifically enumerated in § 77-2704(1)(l)(i) qualify for the governmental exemption from sales and use tax. As there presently is no statutory provision exempting purchases by county agricultural societies from sales and use tax, an amendment would be necessary to provide such an exemption.

Very truly yours,
DON STENBERG

Opinion No. 92011

DATE: January 24, 1992

SUBJECT: Oversight Responsibilities of the Research and Development Authority under the Research and Development Authority Act, Neb.Rev.Stat. §§ 58-401 et seq.

REQUESTED BY: Senator Rex Haberman, Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Fredrick F. Neid, Assistant Attorney General

You have inquired about the duty and responsibility of the Research and Development Authority to monitor activities of business development corporations described in Neb.Rev.Stat. § 58-440 (Cum. Supp. 1990). Specifically, you ask whether it is the duty of the Authority under the Act to monitor operations and activities of the North Omaha Business Development Corporation. You have indicated that general funds in the amount of two million dollars appropriated to the Authority have been "transferred" from the Authority to the North Omaha Business Development Authority.

Following review of the Act, it is our opinion that the Authority is required to monitor activities and operations of business development corporations for compliance with Neb.Rev.Stat. § 58-437 (Reissue 1988).

At the outset, it is important to point out that the Authority is a body politic and corporate, not a state agency, but an independent instrumentality governed by a board of nine members to carry out its purposes. The purposes of the Authority are stated in Neb.Rev.Stat. § 58-403 (Cum. Supp. 1990) and include formation of and participation in business development corporations. Consequently, the Authority is not a state agency, board or other regulatory body of the state. The primary role and function of the Authority is generally participatory in nature to foster and promote business development and employment growth.

While the Authority's role is participatory and to provide research and other assistance, the Authority is responsible for oversight of activities and operations of business development corporations to complete its statutory duties. Neb.Rev.Stat. § 58-437 (Reissue 1988) requires that the Authority create a comprehensive review program which includes "{e}stablishment of an ongoing monitoring program of the activities, grants, programs and services of the authority . . ."; and that the Authority submit an annual report to the Governor and the Clerk of the Legislature.

You have not indicated the method of transfer of funds from the authority to the Business Development Corporation. The nature of the transfer of funds amounts could impose additional duties or responsibilities on the Authority. For example, if the funds were disbursed under a loan arrangement, the Authority would necessarily supervise the loan to ascertain that loan terms are complied with. On the other hand, if the funds were transferred to the Corporation under a grant or for funding of a particular program with no requirement or expectation that the funds be repaid, the Authority would have little or no direct supervisory responsibility.

Accordingly, we conclude that the Authority has certain oversight responsibilities provided by statute which primarily consist of monitoring the programs and activities of the Corporation. Additional responsibilities may be imposed or required based on the relationship between the

Authority and the Corporation pursuant to agreement and funding mechanisms utilized.

Sincerely yours,
DON STENBERG

SELECT FILE

LEGISLATIVE BILL 682. E & R amendment, AM5201, printed separately from the Journal and referred to on page 405, was adopted.

Mrs. Nelson offered the following amendment:
AM2578

(Amendments to E & R amendments, AM5201)

1. Insert the following new sections:

"Sec. 2. That section 24-703, Revised Statutes Supplement, 1991, be amended to read as follows:

24-703. (1) Each original member shall

contribute monthly four percent of his or her monthly compensation to the fund until the maximum benefit as limited in subsection (1) of section 24-710 has been earned. It shall be the duty of the Director of Administrative Services in accordance with subsection (10) of this section to make a deduction of four percent on the monthly payroll of each original member who is a judge of the Supreme Court, a judge of the Court of Appeals, a judge of the district court, a judge of a separate juvenile court, a judge of the county court, a clerk magistrate of the county court who was an associate county judge and a member of the fund at the time of his or her appointment as a clerk magistrate, or a judge of the Nebraska Workers' Compensation Court showing the amount to be deducted and its credit to the fund. The Director of Administrative Services and the State Treasurer shall credit the four percent as shown on the payroll and the amounts received from the various counties to the fund and remit the same to the director in charge of the judges retirement system who shall keep an accurate record of the contributions of each judge.

(2) Each future member shall contribute monthly six percent of his or her monthly compensation to the fund until the maximum benefit as limited in subsection (2) of section 24-710 has been earned. Any time the maximum benefit is changed, a future member who has previously earned the maximum benefit as it existed prior to the change shall contribute monthly six percent of his or her monthly compensation to the fund until the maximum benefit as changed and as limited in subsection (2) of section 24-710 has been earned. It shall be the duty of the Director of Administrative Services to make a deduction of six percent on the monthly payroll of each such future member who is a judge of the Supreme Court, a judge of the Court of Appeals, a judge of the district court, a judge of a separate juvenile court, a judge of the county court, a clerk magistrate of the county court who was an associate county judge and a member of the fund at the time of his or her appointment as a clerk magistrate, or a judge of the Nebraska Workers' Compensation Court showing the amount to be deducted and its credit to the fund. This shall be done each month. The Director of Administrative Services and

the State Treasurer shall credit the six percent as shown on the payroll and the amounts received from the various counties to the fund and remit the same to the director in charge of the judges retirement system who shall keep an accurate record of the contributions of each judge.

(3) A Nebraska Retirement Fund for Judges fee of one dollar shall be taxed as costs in each civil cause of action, criminal cause of action, traffic misdemeanor or infraction, and city or village ordinance violation filed in the district courts and the county courts. In county courts a sum shall be charged which is equal to ten percent of each fee provided by sections 33-125, 33-126.02, 33-126.03, and 33-126.06. No judges retirement fee shall be charged for filing a report pursuant to sections 33-126.02 and 33-126.06. When collected by the clerk of the district or county court, such fees shall be paid to the director in charge of the judges retirement system on forms prescribed by the board by the clerk within ten days after the close of each calendar quarter. Such director shall promptly thereafter remit the same to the state treasury. Upon the receipt thereof, the State Treasurer shall credit the same to the fund.

(4) All expenditures from the fund shall be authorized by voucher in the manner prescribed in section 24-713. The fund shall be used for the payment of all annuities and other benefits and for the expenses of administration.

(5) The fund shall consist of the total fund as of December 25, 1969, the contributions of members as provided in this section, all supplementary court fees as provided in subsection (3) of this section, and any required contributions of the state.

(6) Not later than January 1 of each year, the State Treasurer shall transfer to the fund the amount certified by the board as being necessary to pay the cost of any benefits accrued during the fiscal year ending the previous June 30 in excess of member contributions for that fiscal year and court fees as provided in subsection (3) of this section, if any, for that fiscal year plus any required contributions of the state as provided in subsection (9) of this section.

(7) Benefits under the retirement system to members or to their beneficiaries shall be paid from the fund.

(8) Any member who is making contributions to the fund on December 25, 1969, may, on or before June 30, 1970, elect to become a future member by delivering written notice of such election to the board.

(9) Not later than January 1 of each year, the State Treasurer shall transfer to the fund an amount, determined on the basis of an actuarial valuation as of the previous June 30 and certified by the board, to fully fund the unfunded accrued liabilities of the retirement system as of June 30, 1988, by level payments up to January 1, 2000. Such valuation shall be on the basis of actuarial assumptions recommended by the actuary, approved by the board, and kept on file with the board. Any change in the unfunded accrued liabilities due to benefit or assumption changes shall be fully funded over the average expected future service of the active members of the retirement system or by the first day of the twenty-sixth calendar year after the date of the actuarial valuation which first recognized these changes, whichever occurs first. The change in the unfunded accrued liabilities shall be funded by level annual payments which shall be made over the lesser of twenty-five years or the average expected future service of the active members of the retirement system. If the unfunded accrued liability for the retirement system, determined under the entry age actuarial cost method, is zero or less than zero on any actuarial valuation date, then all prior unfunded accrued liability amounts shall be considered fully funded. Effective July 1, 1988, actuarial gains and losses shall be amortized over the expected future service of the active members as part of the annual normal cost.

(10) The state or county shall pick up the member contributions required by this section for all compensation paid on or after January 1, 1985, and the contributions so picked up shall be treated as employer contributions in determining federal tax treatment under the Internal Revenue Code, except that the state or county shall continue to withhold federal income taxes

based upon these contributions until the Internal Revenue Service or the federal courts rule that, pursuant to section 414(h) of the Internal Revenue Code, these contributions shall not be included as gross income of the member until such time as they are distributed or made available. The state or county shall pay these member contributions from the same source of funds which is used in paying earnings to the member. The state or county shall pick up these contributions by a compensation deduction either through a reduction in the compensation of the member or a combination of a reduction in compensation and offset against a future compensation increase. Member contributions picked up shall be treated for all purposes of sections 24-701 to 24-714 in the same manner and to the extent as member contributions made prior to the date picked up.

Sec. 4. Any future member who has served as a judge for twenty years or more and who has contributed and earned the maximum benefit pursuant to subsection (2) of section 24-710 prior to the effective date of this act may purchase up to two years of service credit in order to qualify for the maximum benefit in effect after the effective date of this act. The amount to be paid shall not exceed the amount the member would have paid into the system based on the salary and two years of service immediately following the year in which the member reached the maximum benefit in effect prior to the effective date of this act, plus the interest on that amount which would have accrued under the retirement system provided by sections 24-701 to 24-714. Any payment made pursuant to this section by a member to qualify for the maximum benefit in effect after the effective date of this act shall be received by the retirement system office by December 31, 1992. Any such payment shall be made in a single lump sum.

This section shall not apply to any member who retires prior to the effective date of this act.

Sec. 5. The Revisor of Statutes shall assign section 4 of this act within sections 24-701 to 24-714, and any reference to sections 24-701 to 24-714 shall include section 4 of this act.".

2. On page 11, line 15, after "24-701" insert

", 24-703,".

3. Renumber the remaining sections accordingly.

Sec. 12. If any section in this act or any part of any section shall be declared invalid or unconstitutional, such declaration shall not affect the validity or constitutionality of the remaining portions thereof.

STANDING COMMITTEE REPORTS
Government, Military and Veterans Affairs

LEGISLATIVE BILL 447. Placed on General File as amended.
Standing Committee amendment to LB 447:
AM2639

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. (1) Although the Department of Correctional Services and the Division of Juvenile Services have made great efforts and attempts to adequately serve troubled juveniles in Nebraska, it has long been recognized that juvenile corrections carries a mission, philosophy, and mandate substantially different than adult corrections. For the mission, philosophy, and mandate of juvenile corrections to be successfully implemented, the Legislature finds that the establishment of a separate office with its own administrative identity and authority to provide juvenile services is necessary.

(2) It is the intent of the Legislature that, upon approval of the implementation plan prescribed in section 4 of this act, the Office of Youth Services shall be created as a separate and autonomous office of the executive branch of government, the function of which shall be to provide services and programs for

juveniles at risk. The purpose of the office shall be to facilitate optimum service delivery, to prevent delinquency, and to reduce the incidence of recidivism among juveniles through the provision of prevention, rehabilitation, and treatment services.

Sec. 2. The Office of Youth Services shall be responsible for the following continuum of services:

(1) Intake and assessment;

(2) Case management staff, including probation;

(3) Secure facilities and detention programs, including home detention and other alternatives to detention;

(4) Educational, vocational, and social counseling programs;

(5) Community-based services for troubled juveniles and their families;

(6) The Youth Development Center-Kearney and the Youth Development Center-Geneva and any other secure public juvenile facilities as may become necessary in the future;

(7) Juvenile parole staff and aftercare services, including follow-up services; and

(8) Other programs, services, consultants, or staff necessary to fulfill the mandate of the office.

Sec. 3. The Office of Youth Services shall be administered by the Director of Youth Services. The director shall be appointed by the Governor with the approval of a majority of the Legislature. The director, at a minimum, shall have administrative experience in juvenile rehabilitative and treatment programs and educational qualifications and training which enable him or her to manage the office in a manner consistent with the intent and purpose of the office.

Sec. 4. (1) The Director of Youth Services, in conjunction with the Nebraska Commission on Law Enforcement and Criminal Justice, shall begin immediately to plan for the implementation of the office.

(2) The director shall temporarily be housed with the commission but shall assume leadership responsibility and authority within the commission for the implementation plan. The director shall provide the

implementation plan to the Legislature and the Governor by April 1, 1993.

(3) The implementation plan shall include, at a minimum, a cost analysis for the establishment of the Office of Youth Services, a time frame for operational responsibilities, and a complete listing of all services and the geographic proximity of such services, including the services listed in section 2 of this act, programs, facilities, and personnel that will be required for the office to commence operation.

(4) It is the intent of the Legislature that, upon approval of the implementation plan by the Legislature, the office shall begin operation pursuant to the implementation plan. The required programs and services shall be phased in over a three-year period.

(5) It is the intent of the Legislature that any money appropriated by the Legislature for the implementation plan shall be appropriated to the commission.".

AM2565

1. Insert the following new sections:

"Sec. 15. That section 44-416.04, Revised

Statutes Supplement, 1991, be amended to read as follows:

44-416.04. The Director of Insurance may adopt and promulgate rules and regulations necessary to carry out sections 44-416 to 44-417 which may include rules and regulations which would prohibit reinsurance transactions by which one insurer assumes risks and obligations from another insurer and then cedes back to the ceding insurer substantially the same risks and obligations, with the intent to willfully and knowingly misrepresent either insurer's financial position.

Sec. 38. That section 44-4830, Revised Statutes Supplement, 1991, be amended to read as follows:

44-4830. (1) Mutual debts or mutual credits whether arising out of one or more contracts between the insurer and another person in connection with any action or proceeding under the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act shall be set off and the balance only shall be allowed or paid except as provided in ~~subsections~~ subsection (2) ~~through (4)~~ of this section and in section 44-4833.

(2) No setoff shall be allowed in favor of any person when:

(a) The obligation of the insurer to the person would not at the date of the filing of a petition for rehabilitation or liquidation entitle the person to share as a claimant in the assets of the insurer;

(b) The obligation of the insurer to the person was purchased by or transferred to the person with a view to its being used as a setoff;

(c) The obligation of the insurer is owed to an affiliate of such person or any other entity or association other than the person;

(d) The obligation of the person is owed to an affiliate of the insurer or any other entity or association other than the insurer;

(e) The obligation of the person is to pay an assessment levied against the members or subscribers of the insurer, is to pay a balance upon a subscription to the capital stock of the insurer, or is in any other way in the nature of a capital contribution; or

(f) The obligations between the person and the insurer arise out of transactions by which either the person or the insurer has assumed risks and obligations from the other party and then has ceded back to that party substantially the same risks and obligations. Notwithstanding the provisions of this subdivision, the rehabilitator or liquidator may permit setoffs if in his or her discretion a setoff is appropriate because of specific circumstances relating to a transaction.

(3) The rehabilitator or liquidator shall provide persons with accounting statements identifying debts which are due and payable. When a person owes to the insurer amounts which are due and payable, against which the person asserts setoff of mutual credits which may become due and payable from the insurer in the future, the person shall promptly pay to the rehabilitator or liquidator the amounts due and payable, except that, notwithstanding section 44-4842, the rehabilitator or liquidator shall promptly and fully refund, to the extent of the person's prior payments, any mutual credits that become due and payable to the person by the insurer. ~~The obligation between the person and the insurer arises from business which is both ceded to and assumed from the insurer, except that the rehabilitator may, with regard to such business, allow certain setoffs in rehabilitation if he or she finds the allowance of the setoffs appropriate.~~

~~(3) The liquidator shall provide persons that assumed business from the insurer with accounting statements identifying debts which are currently due and payable. Such persons may set off against such debts only mutual credits which are currently due and payable by the insurer to such persons for the period covered by the accounting statement.~~

~~(4) A person that ceded business to the insurer may set off debts due the insurer against only those mutual credits which the person has paid or which have been allowed in the insurer's delinquency proceeding.~~

~~(5) Notwithstanding the provisions of subsections (2) through (4) of this section, a setoff of sums due on obligations in the nature of those set forth in subdivision (2)(f) of this section shall be allowed for those sums accruing from business written if the~~

~~contracts were entered into, renewed, or extended with the express written approval of the director, commissioner, or equivalent official of the state of domicile of the now insolvent insurer, when in his or her judgment it was necessary to provide reinsurance in order to prevent or mitigate a threatened impairment or insolvency of a domiciliary insurer in connection with the exercise of his or her regulatory responsibilities.~~

~~(6)~~ (4) The provisions of subsections (2) ~~through (5)~~ and (3) of this section shall apply to all contracts entered into, renewed, extended, or amended on or after July 1, 1992, and to debts or credits arising from any business written after such date pursuant to any contract, including contracts in existence prior to such date. ~~, and shall supersede any agreements or contractual provisions which might be construed to enlarge the setoff rights of any person under any contract with the insurer.~~ For purposes of this subsection, any change in the terms of or consideration for any such contract shall be deemed an amendment of the contract.".

46-658. (1) An area may be designated a control area by the director following a hearing initiated in accordance with subsection (3) of this section if it is determined, following evaluation of relevant hydrologic and water quality data, history of developments, and projection of effects of current and new development, that development and utilization of the ground water supply has caused or is likely to cause within the reasonably foreseeable future the existence of either of the following conditions:

(a) An inadequate ground water supply to meet present or reasonably foreseeable needs for beneficial use of such water supply; or

(b) Dewatering of an aquifer, resulting in a deterioration of the quality of such ground water sufficient to make such ground water unsuitable for the present purposes for which it is being utilized.

(2) When determining whether to designate a control area because of the existence of any of the conditions listed in subsection (1) of this section, the director's considerations shall include, but not be limited to, whether conflicts between ground water users are occurring or may be reasonably anticipated or whether ground water users are experiencing or will experience within the foreseeable future substantial economic hardships as a direct result of current or anticipated ground water development or utilization.

(3) A hearing to designate a control area may

be initiated by a district whenever it has information sufficient in the opinion of the board to require that any portion of such district should be designated as a control area. The board shall report such information to the director with a request that a hearing be held to determine if a control area should be established. The request shall be accompanied by a general description of the area proposed for inclusion in such control area.

(4)(a) Within thirty days after a hearing has been initiated pursuant to subsection (3) of this section, the director shall consult with the district and fix a time and place for a public hearing to consider the information supplied and to hear any other evidence. The hearing shall be held within one hundred twenty days after it has been initiated, shall be open to the public, and shall be located within or in reasonable proximity to the area proposed for designation as a control area. The Conservation and Survey Division of the University of Nebraska, the Nebraska Natural Resources Commission, and the Department of Environmental Control shall offer as evidence any information in their possession which they deem relevant to the purposes of the hearing. After the hearing and after any studies or investigations conducted by or on behalf of the director as he or she deems necessary, the director shall determine whether a control area shall be designated. If the director determines that no control area shall be established, he or she shall issue an order declaring that no control area shall be designated.

(c) If the director determines that a control area shall be established, he or she shall consult with such relevant state agencies named in subdivision (b) of this subsection and with the district or districts affected and determine the boundaries of the control area, taking into account the considerations enumerated in subsection (1) of this section, the effect on political subdivisions, and the socioeconomic and administrative factors directly affecting the ability to implement and carry out local ground water management, control, and protection.

(d) If the director determines that contiguous area within the jurisdictional limits of one or more districts other than the district or districts which initiated the hearing is subject to the conditions identified in this section and therefor appropriate for inclusion in such control area, he or she shall so notify such other district or districts prior to issuance of the order designating the control area. ~~Such additional area shall not be included in the control area unless any such other district consents in writing to such inclusion within sixty days of such notification by the director.~~

(e) When the boundaries of a control area have been determined, the director shall issue an order designating the area as a control area. Such an order shall include a geographic and a stratigraphic definition of the control area. Notice of the order shall be provided in the same manner as that provided for the hearing.

(5) Modification in control area boundaries or dissolution of a control area may be accomplished utilizing the procedure established in this section for the initial designation of such areas as control areas, but hearings for designation, modification, or dissolution of such control area may not be initiated more often than once a year.".

Standing Committee amendment to LB 551:

1. Strike the original sections and insert the following new sections:

"Section 1. That section 79-3819, Revised Statutes Supplement, 1991, be amended to read as follows:

79-3819. A district may exceed its applicable allowable growth rate by a specific dollar amount in the situations described in this section.

(1) A district demonstrates to the satisfaction of the state board that a new program is required by state or federal law or an existing program mandated by state or federal law has been expanded as a result of changes in such state or federal law. For purposes of this subdivision, a final order of a court from which no appeal is taken which requires reimbursement by a district of property taxes to a taxpayer shall be considered a new program required by state or federal law but shall not be included as part of the general fund budget of expenditures for purposes of section 79-3814.

(2) The district projects an increase in formula students in the district over the current school year. Districts shall project increases in formula students on forms prescribed by the department. The state board shall approve, deny, or modify any projected increases greater than those listed in the following schedule.

Average daily membership of district	Projected increase of formula student by percentage
0 - 50	10
50.01 - 250	5
250.01 - 1,000	3
1,000.01 and over	1

The department shall compute the district's estimated allowable budget per pupil using the budgeted general fund expenditures found on the budget statement for the current school year divided by the number of formula students in the current school year and multiplied by the district's applicable allowable growth rate. The resulting allowable budget per pupil shall be multiplied by the projected formula students to arrive at the estimated budget needs for the ensuing year. The department shall allow the district to increase its general fund budget of expenditures for the ensuing school year by the amount necessary to fund the estimated budget needs of the district as computed pursuant to this subdivision. On or before July 1 of each year, the department shall make needed revisions in the applicable allowable growth rate of districts which have been allowed additional growth pursuant to this subdivision to reflect the actual formula students of such district and shall certify such revisions to each district.

(3) Construction, expansion, or alteration of district buildings will cause an increase in building operation and maintenance costs of at least five percent. The department shall document the projected increase in building operation and maintenance costs and may allow a district to exceed its applicable allowable growth percentage by the amount necessary to fund such increased costs. The department shall compute the actual increased costs for the school year and shall, if needed, modify the district's applicable allowable growth rate for the ensuing school year.

(4) A district demonstrates to the satisfaction of the state board that additional special education students will enroll in the district for the ensuing school year and will result in an increase in budgeted general fund expenditures for special education. The department shall determine the amount by which a district may exceed its applicable allowable growth rate for special education expenditures based on projected additional special education costs to the district.

(5) For the ensuing school year a district is bound by the terms of a long-term collective bargaining contract negotiated prior to July 10, 1990, and during a preceding school year to raise employee salaries by a percentage greater than such district's applicable allowable growth rate. The department shall compute the amount by which the increase in employee salaries exceeds the district's applicable allowable growth rate

and shall allow the district to increase its general fund budget of expenditures by such amount.

(6) A district demonstrates to the satisfaction of the state board that as a result of an order entered into by the Commission of Industrial Relations pursuant to section 48-818 establishing wages, fringe benefits, and other terms and conditions of employment, the district will exceed its applicable growth rate. The department shall compute the amount by which the increase in employee costs exceeds the district's applicable allowable growth rate and shall allow the district to increase its general fund budget of expenditures by such amount.

(7) A district demonstrates to the satisfaction of the state board that it will exceed its allowable growth rate as a result of a contested, but settled, contract dispute, claim, or breach or uninsured risk or as a result of any final judgment of any court of competent jurisdiction, requiring or obligating the district to pay such judgment. The department shall compute the amount by which the increased cost of the settlement or judgment exceeds the district's applicable allowable growth rate and shall allow the district to increase its general fund budget of expenditures by such amount.

SELECT COMMITTEE REPORT
Enrollment and Review

LEGISLATIVE BILL 130. Placed on Select File as amended.
E & R amendment to LB 130:
AM5238

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. The Legislature finds that the incumbent health risks associated with smoking tobacco products have been scientifically proven. The Legislature further finds that the growing number of minors who start smoking is staggering and even more abhorrent are the ages at which such children begin this deadly habit. The Legislature has established an age restriction on the use of tobacco products by minors. To ensure that the use of tobacco products among minors is discouraged to the maximum extent possible, it is the intent of the Legislature to ban the use of vending machines and similar devices to dispense tobacco products in facilities, buildings, or areas which are open to the general public within Nebraska.

Sec. 2. (1) Except as provided in subsection (2) of this section, it shall be unlawful to dispense cigarettes or other tobacco products from a vending machine or similar device. Any person violating this section shall be guilty of a Class III misdemeanor. In addition, upon conviction for a second offense, the court shall order a six-month suspension of the offender's license to sell tobacco if any and, upon conviction for a third or subsequent offense, the court shall order the permanent revocation of the offender's license to sell tobacco if any.

(2) Cigarettes or other tobacco products may be dispensed from a vending machine or similar device when such machine or device is located in an area, office, business, plant, or factory which is not open to the general public or on the licensed premises of any establishment having a license issued under the Nebraska Liquor Control Act for the sale of alcoholic liquor for consumption on the premises.

(3) Nothing in this section shall be construed to restrict or prohibit a governing body of a city or village from establishing and enforcing ordinances at least as stringent as or more stringent than the provisions of this section.

Sec. 3. This act shall become operative on January 1, 1994.".

2. On page 1, strike beginning with "cigarettes" in line 1 through line 7 and insert "tobacco products; to state intent; to restrict the use

of vending machines and similar devices to dispense cigarettes and other tobacco products; to provide penalties; and to provide an operative date.".

ATTORNEY GENERAL'S OPINION

Opinion No. 92015

DATE:	February 5, 1992
SUBJECT:	Proposed Constitutional Amendment to Exempt Livestock from Property Taxation and Tax Other Tangible Personal Property Based on "Depreciated Value."
REQUESTED BY:	Senator Roger Wehrbein Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General L. Jay Bartel, Assistant Attorney General

As a follow-up to our response to your prior questions regarding the constitutionality of a proposed amendment to the Nebraska Constitution exempting livestock from property taxation, addressed in Attorney General Opinion No. 92005, January 10, 1992, you have requested our opinion on several additional questions relating to the validity of such an amendment under the equal protection clause of the Fourteenth Amendment to the United States Constitution. Specifically, you ask whether it is permissible under the Fourteenth Amendment for the state to classify all livestock as exempt for property tax purposes, while other tangible personal property is classified as taxable based on its "depreciated value" for federal income tax purposes. In addition, you ask whether the federal equal protection clause bars the state from establishing tangible personal property depreciated for federal income tax purposes as a "class" subject to taxation based on its "value" as reported for federal income tax purposes.

In our prior opinion, we addressed at length the standards applied by the United States Supreme Court in addressing the validity of state tax classifications under the federal equal protection clause. The test for determining whether a distinction is valid under the equal protection clause was summarized by the Court in Hooper v. Bernalillo County Assessor, 472 U.S. 612, 618 (1985) as follows: "Generally, a law will survive {equal protection clause} scrutiny if the distinction rationally furthers a legitimate state purpose." Thus, where no fundamental right or suspect classification is involved, the test involves a two-part inquiry. First, the state must have a legitimate purpose for the distinction. Second, the distinction must rationally further that purpose.

For the reasons noted in our recent opinion, we do not believe that the establishment of an exemption for all livestock under state law would, necessarily, violate the Fourteenth Amendment guarantee of equal protection, even if other types of tangible personal property remained subject to taxation. It is, of course, true that some breeding livestock is depreciable, (i.e., replacement heifers purchased by a rancher), while other breeding livestock is not (i.e., heifers raised by a rancher), as the depreciation deduction allowed under the Internal Revenue Code applies to livestock acquired for work, breeding, or dairy purposes, unless included in inventory. Treas. Reg. § 1.167(a)-6. For purposes of determining the validity of exempting all livestock under the federal equal protection clause, however, we do not believe this distinction is significant.

In this regard, we note that other states exempt all livestock from property taxation. E.g., Colo. Const. art. 10, § 3; Idaho Code Ann. 63-105(Y) (1989); Utah Code Ann. 59-2-1112 (Cum. Supp. 1991); Wis. Stat. Ann. § 70.111(17) (West 1989). Indeed, in Leonardson v. Moon, 92 Idaho 746, 451 P.2d. 542 (1969), the Supreme Court of Idaho held the exemption of producing property such as production herds of cattle and horses and production flocks of sheep, while other types of productive personal property remained subject to taxation, did not constitute impermissible discrimination prohibited by the Fourteenth Amendment. The exemption of livestock, including breeding livestock, is not irrational, and, based on the reasons outlined in our prior opinion, plainly furthers legitimate state purposes, given the importance of the entire industry to the state.

Of greater significance, however, are the questions you raise concerning the validity of the establishment of tangible personal property as a class subject to taxation based on its "depreciated value" as determined for federal income tax purposes. We have reservations as to whether the state may classify and tax tangible personal property in this manner without running afoul of the equal protection clause of the Fourteenth Amendment.

The equal protection clause "imposes no iron rule of equality, prohibiting the flexibility and variety that are appropriate to reasonable schemes of state taxation." Allied Stores of Ohio, Inc. v. Bowers, 358 U. S. 522, 526 (1959). In structuring their internal tax structures, "the States have large leeway in making classifications and drawing lines which in their judgment produce reasonable systems of taxation." Lenhausen v. Lake Shore Auto Parts Co., 416 U. S. 356, 359 (1973).

> Equal protection does not require identity of treatment. It only requires that classification rest on real and not feigned differences, that the distinction have some relevance to the purpose for which the classification is made, and that the different treatments be not so disparate, relative to the differences in classification, as to be wholly arbitrary.

Walters v. City of St. Louis, 347 U. S. 231, 237 (1954). "In its discretion {a state} may tax all, or it may tax some, taking care to accord to all in the same class equality of rights." Id. (quoting Southwestern Oil Co. v. State, 217 U. S. 114, 121 (1910) (Emphasis in original). The Clause "applies only to taxation which in fact bears unequally on persons or property of the same class." Allegheny Pittsburgh Coal Co. v. County Comm'n of Webster County, ___ U. S. ___, ___, 109 S. Ct. 633, 637, 102 L.Ed.2d 688, 697 (1989) (quoting Charleston Fed. Savings & Loan Ass'n v. Alderson, 324 U.S. 182, 190 (1945)). "{T}he equal protection clause means that the rights of all persons must rest upon the same rule under similar circumstances. Louisville Gas & Elec. Co. v. Coleman, 277 U.S. 32, 37 (1928).

Judged by these standards, we have doubts as to whether the establishment of a class of "depreciable tangible personal property," subject to property taxation based on its "value" for federal income tax purposes, satisfies the requirements of the equal protection clause of the Federal Constitution. First, it is erroneous to assert that the "adjusted basis" of such property, as determined for income tax purposes under the Internal Revenue Code, as amended, is in any way intended to measure the "value" of property. Indeed, this point was expressly recognized by the Nebraska Supreme Court over 20 years ago in State ex rel. Meyer v. McNeil, 185 Neb. 586, 177 N.W.2d 596 (1970) {"McNeil"}.

McNeil involved the issue of whether a legislative act declaring that the values of agricultural income producing machinery and equipment used by any business required to report taxable income under the Internal Revenue Code be used by county assessors for property tax purposes violated Neb Const. art. VIII, § 1. In determining this method of valuing property for tax purposes violated the State Constitution, the court specifically noted the fact that the "value" of such property for income tax purposes bore no relation to the "actual value" determination required to comply with Article VIII, Section 1. In this regard, the court stated:

> {T}he Internal Revenue Code does not purport to determine the value of agricultural income-producing machinery and equipment. Its purpose is to fix an equitable rate of depreciation of personal property used in a trade or business over the estimated useful life of the property

> rather than have it fall in a single year period. Its purpose is not to fix the actual value of the property at any given time, but to amortize depreciation during its life in determining net annual income. The revenue act therefore does not purport to determine actual value of farm machinery and equipment at any given time and is wholly unrelated to actual value for taxation purposes required by the law of this state.

Id. at 589, 177 N.W.2d at 599 (emphasis added).

We recognize that, under the second scenario presented in your prior request, the Nebraska Constitution would be amended to classify "depreciable tangible personal property" and to allow its taxation based on its "value" as depreciated for federal income tax purposes. This would, of course, address the specific basis for the court's holding in McNeil that the use of a different method of valuation (i.e., depreciated "value" as determined by the Internal Revenue Code) for certain property resulted in a violation of the requirement that all property be taxed uniformly at its "actual value," the standard applied to the taxation of other property. Nevertheless, we must question whether, even if such a classification were established under state law, the use of remaining federal income tax basis as the "value" of tangible personal property for ad valorem tax purposes would constitute an arbitrary or irrational classification prohibited by the federal equal protection clause.

The allowance of a deduction for cost recovery of property used in the production of income is obviously a proper deduction for purposes of determining income tax liability. The theory behind the allowance of a deduction of the cost of such property for income tax purposes is based, in part, on recognition of the fact that it would distort income to have the entire cost of the property deducted in the year of acquisition, when the property has a useful life of more than one year. The depreciation methods required under the Internal Revenue Code are designed to determine taxable income on an annual basis.[1]

While the allowance of a deduction for cost recovery of property used in the production of income is clearly reasonable and rationally related to the determination of income tax liability, it does not necessarily follow that the use of the "adjusted basis" of tangible personal property for federal income tax purposes constitutes a reasonable or rational standard for assessing property for ad valorem taxation, given the lack of any relationship between the "value" of property and remaining federal income tax basis of property as reported under the Internal Revenue Code. Such a classification may, in and of itself, be deemed arbitrary and unreasonable if adopted for ad valorem property tax purposes.

Apart from consideration of whether the establishment of "depreciable tangible personal property" as a separate class of property subject to taxation based on remaining federal income tax basis is permissible under the Fourteenth Amendment, however, an even greater concern is the disparate treatment which adoption of such a standard of taxation would create among properties included within the class. In order to explain the source of such disparities, it is necessary to provide a brief discussion of the various depreciation systems under the Internal Revenue Code applicable to property placed in service during the past twenty years.

Generally, three different federal depreciation systems exist for property placed in service during this period:

(1) A "depreciation deduction" under the "Class Life Asset Depreciation Range (ADR) System" or based on the useful life of property for property placed in service after 1970 and, generally, before 1981;

(2) A "cost recovery" deduction under the Accelerated Cost Recovery System (ACRS) applicable to "recovery property" placed in service after 1980 and before 1987; and

(3) A "cost recovery" deduction under the Modified Accelerated Cost Recovery System (MACRS) applicable to "recovery property" placed in service after 1986.

Under useful-life depreciation, the taxpayer could compute depreciation over the estimated useful life of the property to the taxpayer based on the taxpayer's own facts and circumstances. 3 Stand. Fed. Tax Rep. (CCH) paras. 11,003 and 11,004. Several methods were available to compute the amount of the depreciation allowance, including the straight line method, the sum of the years digits method, the 150 percent declining balance method, and the 200 percent declining balance method. Id. at para. 11037. Under the ADR System, the Internal Revenue Service established ranges for broad industry classes (over 100) of assets from which a depreciation period could be selected for depreciation purposes. Rev. Proc. 72-10, 1972-1 C.B. 721; Rev. Proc. 77-10, 1977-1 C.B. 548; Rev. Proc. 83-35, 1983-1 C.B. 745. The ranges varied from as short as 2.5 to 3.5 years for some assets to as long as 40 to 60 years for other assets. Under the Class Life ADR System, depreciation could be computed under any of the three major methods for which the property qualified, either the straight line, sum of the years digits, or declining balance methods.

The Accelerated Cost Recovery System (ACRS) "is a system for recovering capital costs using accelerated methods over predetermined recovery periods that are generally unrelated to, but shorter than, prior law useful lives." Staff of the Joint Committee on Taxation, 97th Cong., General Explanation of the Economic Recovery Tax Act of 1981, 75-76 (Comm. Print 1981). One of the principal reasons for the enactment of the ACRS System by Congress was to provide accelerated cost recovery over periods that were shorter than the previously existing useful life system, in order to stimulate capital formation and the growth of the economy. Id. at 19.

Under ACRS, the cost of qualifying personal property generally was required to be recovered over periods from three to nineteen years, with most personal property being in a 3-year, 5-year, 10-year, or 15-year recovery period. The allowance generally was based on the 150 percent declining balance method for the early recovery years, then switching to a straight line method. Alternatively, taxpayers could elect to use the straight line method over the ACRS recovery period or over a longer period provided by the law. 3 Stand. Fed. Tax Rep. (CCH) para. 11,258. Taxpayers other than trusts and estates could elect to expense up to $5,000.00 of qualified property placed in service during a year rather than recovering the cost thereof under ACRS. Id. at para. 12,122A.

The Modified Accelerated Cost Recovery System (MACRS) reclassified some assets, provided a more accelerated cost recovery method for some classes, added new classes, and extended the recovery periods for some assets. Recovery generally is made over periods of from 3 to 31.5 years under MACRS. Depending upon the class involved, the recovery methods available for most personal property are 200 percent declining balance, switching to straight line, and 150 percent declining balance, switching to straight line. Straight line recovery is also available, or, in some cases, required. 3 Stand. Fed. Tax Rep. (CCH) para. 11,279. The provision permitting taxpayers other than trusts and estates to treat the cost of qualifying property as an expense was continued, with modifications, including increasing the amount that could be expensed. I.R.C. § 179 (b)(1).

The terminology employed in the Internal Revenue Code reflects that both ACRS and MACRS are "cost recovery systems." I.R.C. § 168. In other words, the systems are not intended to reflect the value of property at any given time. For many assets, the systems are designed to make the recovery before the end of the useful life of the asset. For example, the 7-year property recovery class under MACRS is, by definition, property having a class life under the ADR system of 10 to 15 years. See Rev. Proc. 87-56, 1987-2 C.B. 674, 676.

Each of these systems provide a method of recovering the cost, but not more than the cost, of an asset, either in the year placed in service or over a period of time. The intent of providing an allocation for cost recovery is to more accurately determine the amount of "income" for a given period of time in which the asset is employed in a business. The question is primarily one of timing, with all taxpayers eventually being eligible to recover the same amount, their cost, and taxpayers being taxed by a similar standard, income. In determining the timing of their recovery of costs, taxpayers under the systems have a degree of latitude, although limited, in electing how the systems will be applied to them, and there is a substantial variation in the systems and in the particular results in a particular year (both for that year and cumulatively), depending on several factors, including elections made and the year in which property was first placed in service. Over time, however, each taxpayer is generally treated equally as to the amount to be recovered (i.e., cost), and as to the measure of taxation (i.e., income).

Because of the variations available by choice and those required by the Code, and the variations in the systems themselves as to timing and recovery methods, the use of remaining unrecovered cost as determined for federal income tax purposes as an annual measure for property tax purposes would result in similar property being taxed unequally in a particular year and over the recovery periods of the properties. Taxpayers engaged in identical businesses with identical pieces of personal property could pay substantially different property taxes depending on such factors as whether expensing rather than cost recovery was or is used, the year the item was or is first placed in service by the particular taxpayer, the cost recovery method required or elected as to the property, and the method of acquiring the property. Identical properties could be subjected to grossly different tax burdens.

For illustration, assuming a 2.3 percent annual property tax over a period of eleven years, the property tax imposed over the eleven years on an asset in a "10-year property" class under MACRS, using a mid-year convention, could be between 0 percent or 2.3 percent of the cost of the property if an expense election was taken, but between 8.8 percent and 11.13 percent or higher of the cost if recovered under MACRS; and, for all or most of the eleven year period, one would not be taxed annually at all and the other would be taxed. Moreover, the property being subjected to the higher property tax is the one that, to that time, has provided the least income tax deduction to the taxpayer, or, stated differently, the property that has provided the greatest income deduction to its owner is the one that is subjected to the least amount of property tax.

In sum, the adoption of the remaining federal income tax basis of personal property as reported under the Internal Revenue Code as a basis for property tax purposes would result in identical properties being used for identical purposes in identical businesses by similar types of owners being subjected to substantially different tax burdens. Accordingly, we believe that a serious question exists as to whether the different tax burdens which would be placed on taxpayers owning property within the class of "depreciable tangible personal property," if defined as the remaining basis of tangible personal property for federal income tax purposes, would violate the equal protection clause principle requiring that equality of treatment be accorded to all who are taxed of the same class.

We recognize that at least one state provides a means whereby business personal property may be taxed based on "net book value," which is defined as "the cost less depreciation of the property as shown on the federal income tax return of the taxpayer." Vt. Stat. Ann. tit. 32, § 3618 (1981 and Cum Supp. 1991). Under the Vermont statute, voters of a municipality may elect to tax business personal property and to have such property appraised by either of the following methods, as determined by the taxpayer: (1) Fifty percent of cost during the time the property is not fully depreciated for federal income tax purposes until it is fully depreciated, when it is then appaised at ten percent of cost; or (2) At net book value during the time the property has not been depreciated to ten percent of cost or less for federal income tax purposes, and, thereafter, at ten percent of cost. Apart from certain differences under the Vermont statute which distinguishes this appraisal procedure from the scheme which has been suggested to tax "depreciable tangible personal property" in Nebraska, we note that no question has apparently been raised as to whether the Vermont methodology satisfies federal constitutional requirements.

In the event the Legislature deems it appropriate to provide a means whereby tangible personal property is to be taxed under some standard other than "actual value," permitting its taxation on a "depreciated" basis, we urge that consideration be given to the adoption of a constitutional amendment which would authorize a system which utilizes a schedule (or schedules) which would apply depreciation factors to various types of properties without reliance upon remaining federal income tax basis as the standard for valuing such properties for ad valorem tax purposes. For example, South Carolina has adopted a state constitutional and statutory scheme which permits the definition of "fair market value" of manufacturers machinery and equipment to be determined by reducing the original cost by an annual allowance for depreciation based on a schedule applied to various categories of properties, while providing that original cost cannot be reduced by more than eighty percent. S.C. Const. art. X, § 2; S.C. Code Ann. § 12-37-930 (Law. Coop. Cum. Supp. 1991); see South Carolina Tax Comm'n v. South Carolina Tax Bd. of Review, 278 S.C. 556, 299 S.E.2d 489 (1983) (upholding constitutionality of method for assessing value of manufacturing equipment on this basis). See also South Carolina Tax Comm'n v. South Carolina Tax Bd. of Review, ___ S.C. ____, 407 S.E.2d 627 (1991), cert. denied Collins Music Co. v. South Carolina Tax Comm'n, 60 U.S.L.W. 3478 (Jan. 13, 1992) (sustaining constitutionality of regulation employing a depreciation floor to value merchants' equipment of not less that ten percent of original cost). In our view, adoption of a state constitutional amendment authorizing the enactment of statutory and regulatory provisions utilizing such a "depreciated" value methodology for ad valorem tax purposes would provide a much sounder basis to defend against potential challenges based on due process or equal protection grounds which could be raised if remaining depreciable federal income tax basis where employed as the sole method for assessing the "value" of tangible personal property for tax purposes.[2]

In sum, it is our opinion that the federal equal protection clause would not prohibit the classification of all livestock as exempt from property taxation under an appropriate state constitutional amendment. We do, however, have doubts as to whether the establishment of "depreciable tangible personal property" as a class subject to taxation under the state constitution based on its "adjusted basis" as determined for federal income tax purposes, would satisfy the requirements of the federal equal protection clause. We are concerned that the establishment of such a classification may be deemed unreasonable or arbitrary, given the lack of relationship between remaining depreciable federal income tax basis and the "value" of property, and are concerned that property within the same class under state law would be treated unequally under such a method, given the disparate treatment of similarly situated or identical property which would result in the taxation of property if such a standard of valuation were adopted. Finally, we conclude that, while we have reservations as to the validity under the equal protection clause of the Fourteenth Amendment of employing the "adjusted basis" of depreciable tangible personal property as determined under the Internal Revenue Code of 1986, as amended, as a standard of value for property tax purposes, we do not believe that the equal protection clause precludes the state from establishing its own scheme of taxing personal property based on consideration of depreciation factors or allowances which are not based on the remaining depreciable federal income tax basis of property. Such action would, of course, require adoption of an appropriate state constitutional amendment, as well as statutes and regulations implementing such an amendment.[3]

[1] Moreover, as will be discussed more fully, infra, changes to the Internal Revenue Code adopted subsequent to the decision in McNeil (specifically, enactment of the Accelerated Cost Recovery System (ACRS) and the Modified Accelerated Cost Recovery System (MACRS)) have altered the previous useful-life depreciation system to provide for accelerated cost recovery over periods less than the useful lives of many assets. These systems were enacted by Congress as a means to stimulate capital investment and economic growth.

[2] We do not mean to suggest that the only method of valuation permissible is "actual value," the standard employed to value all property under present Nebraska law. If an appropriate state constitutional

amendment were adopted permitting the Legislature to classify and define the values of personal property for tax purposes, use of a standard of value taking into account an allowance for depreciation would not be impermissible. Our concern relates to the establishment of a class of "depreciable tangible personal property" subject to taxation at a standard based on the remaining federal income tax basis of such property as determined under the Internal Revenue Code of 1986, as amended, in view of the requirement imposed by the equal protection clause of the Fourteenth Amendment mandating equality of treatment of property within the same class under state law.

[3] Consistent with the scope of your questions, our conclusions are based solely on consideration of whether the amendments to state law (constitutional or statutory) you have proposed or discussed would satisfy the requirements of the equal protection clause of the Fourteenth Amendment. We caution that any proposed changes in property tax policy must take into account the affect of federal statutes prohibiting discriminatory taxation of the property of certain taxpayers. E.g. 49 U.S.C. § 11503 (railroad common carriers); 49 U.S.C. § 1513 (air carriers); 49 U.S.C. § 11503a (motor carriers).

Very truly yours,

(d) Has no improvements placed upon it by the sanitary and improvement district and receives no current services from the district.

If the administrator or the board of trustees by majority vote determines that the tract in question meets all of the conditions provided in subdivisions (a) through (d) of this subsection, the resolution shall be adopted, except that no such resolution shall be adopted if the district is then indebted on any outstanding bonds or warrants of the district, unless the holders of such bonds and warrants shall all sign written consents to the detachment. ATTORNEY GENERAL'S OPINION

Opinion No. 92016

DATE:	February 4, 1992
SUBJECT:	Constitutionality of LB 529, a bill which would impose an income tax on campaign contributions for political campaigns.
REQUESTED BY:	Senator Dennis Byars
WRITTEN BY:	Don Stenberg, Attorney General Dale A. Comer, Assistant Attorney General

LB 529 would establish the Campaign Committee Income Tax Act. Among other things, the bill would impose an income tax on the income received by the campaign committees of various candidates for political office at a rate of 80 per cent over a specified, exempted floor amount. For example, any sums raised by a campaign committee for a candidate for governor exceeding one million dollars would be taxed at 80 per cent under the bill. (Proposed amendments would lower that tax rate to 50 per cent.) Presumably, the impetus for LB 529 is the Legislature's finding, set out in Section 2 of the bill, that "...the rapid growth of spending for election campaigns is a concern for the citizens of the state and impairs the ability of qualified candidates to run for office." You have now requested our opinion "...on the constitutionality of LB 529." For the reasons discussed below, we believe there are constitutional problems with the legislation.

At the outset, we must note, as we have done frequently in the past, that an opinion request on the general constitutionality of a legislative bill will necessarily result in a general response from this office. In essence, you have simply asked us if LB 529 is constitutional, without any indication of what specific portions of our state or federal constitutions you might believe are implicated. Such an opinion request requires us to make a general response, and, as a result, we may not address the issues which led to your inquiry.

The landmark case in the area of governmental limitations on campaign spending by candidates for political office is the decision of the United States Supreme Court in Buckley v. Valeo, 424 U.S. 1 (1976). In that case, the Supreme Court considered the constitutionality of the Federal Election

Campaign Act. That federal legislation placed limits on the amounts individuals and groups could contribute to candidates for federal elective office, and placed limits on the amounts of campaign expenditures by candidates for federal elective office.

The Court began its constitutional analysis of the federal legislation by noting that campaigns for political office involve free speech rights and rights of political association which are both fundamental interests protected by the First Amendment to the United States Constitution. Id. at 14, 15. Limitations on the amount that any one person or group may contribute to a political campaign entail "...only a marginal restriction upon the contributor's ability to engage in free communication." Id. at 20, 21. On the other hand, expenditure limitations upon candidates represent "...substantial...restraints on the quantity and diversity of political speech." Id. at 19. The Court went on to hold that the limits on campaign contributions in the act were constitutional, while the limits on campaign expenditures were unconstitutional as a violation of the First Amendment. In the course of its opinion, the Court noted that the expenditure limits in the federal act were designed primarily to reduce "...the allegedly skyrocketing costs of political campaigns." Id. at 57. With respect to such a legislative purpose, the Court stated:

> ...the mere growth in the cost of federal election campaigns in and of itself provides no basis for governmental restrictions on the quantity of campaign spending and the resulting limitation on the scope of federal campaigns. The First Amendment denies government the power to determine that spending to promote one's political views is wasteful, excessive, or unwise.

Id. at 57.

The Buckley case focused on federal legislation which directly limited the amount of campaign expenditures by candidates for federal elective office. Obviously, LB 529 does not involve such a direct limitation. Instead, it creates an income tax which would tax campaign committee income over specified amounts at a flat rate of 80 per cent. While LB 529 is thus distinguishable from the legislation at issue in Buckley, we do not believe that the distinction involved is dispositive.

It is clear that the power to tax the exercise of a privilege is the power to control or suppress its enjoyment. Follett v. Town of McCormick, 321 U.S. 573 (1944); Murdock v. Commonwealth of Pennsylvania, 319 U.S. 105 (1943). Moreover, a tax that burdens rights protected by the First Amendment cannot stand unless the burden of the tax is necessary to achieve an overriding governmental interest. Minneapolis Star v. Minnesota Commission of Revenue, 460 U.S. 575 (1983). Our state supreme court has also indicated that the Legislature cannot circumvent an express provision of the Constitution by doing indirectly what the

Constitution prohibits it from doing directly. Rock County v. Spire, 235 Neb. 434, 455 N.W.2d 763 (1990).

It appears to us that it is quite probable that a court would hold that LB 529 is an unconstitutional limitation on campaign expenditures under the First Amendment analysis set out in the Buckley case. While the bill would not limit campaign expenditures directly, the tax created by its provisions is not general in nature and would have the effect of restricting the quantity of campaign spending and the scope of future political campaigns. More importantly, as noted above, Sec. 2 of the bill expressly indicates that the concern underlying the legislation is the "rapid growth of spending for election campaigns," and we must assume that the purpose of the bill is to reduce that growth in spending through the mechanism of the income tax imposed. The Supreme Court in Buckley specifically rejected such a governmental purpose as insufficient to override the protected First Amendment interests involved in political campaigns. Finally, when all facets of LB 529 are considered, it seems quite plausible to argue that the legislation is simply an attempt by the Legislature to indirectly limit campaign spending in political campaigns, something it cannot do directly under Buckley. For all of these various reasons, we believe that a court would likely hold LB 529 unconstitutional.

Sincerely yours,
DON STENBERG

ATTORNEY GENERAL'S OPINION

Opinion No. 92018

DATE:	February 7, 1992
SUBJECT:	Amendment to County Fair Funding Procedure Under *Neb.Rev.Stat.* § 2-229 (Reissue 1987).
REQUESTED BY:	Senator Stan Schellpeper Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General L. Jay Bartel, Assistant Attorney General

You have requested our opinion regarding the interpretation of Neb.Rev.Stat. § 2-229 (Reissue 1987) pertaining to the respective responsibilities of the county fair board and the county board in determining the amount of funding to be provided for the support of the county fair. You state that "there seems to be some confusion from different county boards and county fair boards regarding which one of those two entities has the final authority to set the amount of taxes which may be necessary for county fair purposes, ..." Depending on our answer to this question, you indicate that you may introduce amendatory legislation "to clarify this issue."

Section 2-229 provides:

> During the month of November each year, the county fair board shall prepare and submit to the county board an estimate, itemized as far as possible, of the amount of money which shall be necessary to be collected by taxation for the support and management of the fair for the ensuing year. The county board shall levy such amount of taxes as may be necessary for county fair purposes, and such tax shall be levied and collected in like manner as general taxes for the county.

"As a general rule, in the construction of statutes, the word 'shall' is considered mandatory, and inconsistent with the idea of discretion." State v. Stratton, 220 Neb. 854, 857, 374 N.W.2d 31, 34 (1985). "Generally, 'may' used in a statute will be given its ordinary permissive and discretionary meaning unless it would manifestly defeat the statutory object." Peterson v. Minden Beef Co., 231 Neb. 18, 20-21, 434 N.W.2d 681, 683 (1989).

Application of these principles to the interpretation of § 2-229 is somewhat problematic, in that the statute contains terminology both mandatory and discretionary in nature. The first sentence of the statute is wholly mandatory, providing "the county fair board shall prepare and submit to the county board an estimate . . . of the amount of money which shall be necessary to be collected by taxation for the support and management of the fair for the ensuing year." (Emphasis added.) The second sentence of the statute, however, combines terminology both mandatory and permissive in nature, providing that "{t}he county board shall levy such amount of taxes as may be necessary for county fair purposes, and such tax shall be levied and collected in like manner as general taxes for the county." (Emphasis added).

While the question is not free from doubt, we believe the better view is to construe the statute as granting the county board discretion to levy the amount of taxes that it determines to be "necessary" for the support and management of the county fair, and that the county board is thus not bound to follow the "estimate" submitted by the county fair board of the amount that it deems "necessary" for such purpose. We are aware that the Nebraska Supreme Court, in construing the provisions of the Agricultural Extension Service Act (codified at Neb.Rev.Stat. §§ 2-1601 to 2-1607) (Reissue 1987)), held that § 2-1604 placed a mandatory duty on a county board to set aside in the general fund an amount equal to the county extension budget submitted by the extension service. State ex rel. Agricultural Extension Service v. Miller, 182 Neb. 285, 154 N.W.2d 469 (1967). The statute construed in Miller provided that "the county board shall annually set aside in the general fund of the county an amount equal to the county extension budget; . . . ." The statute further provided, however, "that such sum shall not exceed seventy-five hundred dollars, or an amount equal to a four-tenths mill levy on the dollar upon the assessed value of all the taxable property in such county, . . . , whichever is greater." Id. at 287, 154 N.W.2d at 470-71. We have also interpreted similar language in the statute providing for the formation of county agricultural societies to compel a county board to levy a tax to raise an amount as specified by statute for the support of the society. Report of Attorney General 1925-26, January 30, 1925, p. 105. See Neb.Rev.Stat. § 2-201 (Reissue 1987).

Apart from differences in the language of the statutes relating to the funding of agricultural extension services and county agricultural societies and the provisions of § 2-229, we note that, unlike the statutes pertaining to extension services and agricultural societies, § 2-229 imposes no maximum amount which may not be exceeded by virtue of the levy imposed to support these entities or activities. Thus, if § 2-229 were construed to mandate that the county board levy a tax sufficient to raise whatever amount the fair board deemed necessary, there would be no limitation on the amount the fair board could compel the county board to raise by taxation. We do not believe this is a reasonable construction of the statute, and, therefore, conclude that, by providing that the county board must levy an amount as "may" be necessary for county fair purposes, the Legislature intended to provide discretion to the county board to alter or amend the estimate provided by the county fair board to determine an appropriate level of support for the county fair.

Indeed, this result is similar to that reached in a prior opinion in which we concluded that the county board was authorized to alter the amount requested by the Noxious Weed Control Authority, rather than being compelled to levy taxes sufficient to raise the amount requested by the Authority. Report of Attorney General 1965-66, Opinion No. 201, June 30, 1966, p. 323. In reaching this conclusion, we noted the specific authority of the county board under § 23-908 of the County Budget Act to, "in its discretion, revise, alter, increase or decrease the items contained in the budget, . . .," and the absence of any specific amount of taxes or limitation as to the amount of taxes to be levied under the weed control authority statutes. Id. at 324.

We note, however, that the answer to your question is not entirely clear, and believe that an argument could certainly be made to support the interpretation that a county board must levy the amount specified by the county fair board as necessary for the support and management of the fair under § 2-229. Given this admitted lack of clarity, it would not be inappropriate for the Legislature to consider amendatory language to § 2-229 to clearly express its intent as to the respective powers and duties of the county fair board and the county board in determining the amount of funds to be provided for county fair purposes.

Sincerely,
DON STENBERG
Attorney General

LEGISLATIVE BILL 360. Placed on General File as amended.
Standing Committee amendment to LB 360:
AM2840

1. Insert the following new sections:

"Section 1. That section 48-120, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

48-120. The employer shall be liable for all reasonable medical, surgical, and hospital services, including plastic or reconstructive but not cosmetic surgery when the injury has caused disfigurement, appliances, supplies, prosthetic devices, and medicines as and when needed, which are required by the nature of the injury and which will relieve pain or promote and hasten the employee's restoration to health and employment, and shall include damage to or destruction of artificial members, dental appliances, teeth, hearing aids, and eyeglasses, but, in the case of dental appliances, hearing aids, or eyeglasses, only if such damage or destruction resulted from an accident which also caused personal injury entitling the employee to compensation therefor for disability or treatment, subject to the approval of and regulation by the Nebraska Workers' Compensation Court, not to exceed the regular charge made for such service in similar cases. The compensation court may establish ~~and publish~~ schedules of maximum fees for such services. If the compensation court establishes such a schedule, it shall publish and furnish such schedule to the public. The compensation court shall review such schedule ~~annually~~ at least biennially and adopt appropriate changes when necessary. The compensation court ~~may~~ shall contract with any person, firm, corporation, organization, or government agency to secure adequate data to establish such fees. The provider or supplier of such services shall not collect or attempt to collect from any employer, insurer, government, or injured employee or dependent or the estate of any injured or deceased employee any amount in excess of the maximum fee established by the compensation court for any such service. The compensation court ~~may~~ shall establish and charge a fee to recover the cost of published fee schedules. The employee shall have the right to make the initial selection of his or her physician from among all licensed physicians in the state and shall have the right to make an alternative choice of physician if he or she is not satisfied with the physician first selected. If the employee shall select a physician located in a community not the home or place of work of the employee and a physician is available in the local community or in a closer community, no travel expenses shall be required to be paid by the employer or his or her insurer. In cases of injury requiring dismemberment or injuries involving major surgical operation, the employee may designate to his or her employer the physician or surgeon to perform the operation. If the injured employee unreasonably refuses or neglects to avail himself or herself of medical or surgical treatment, except as herein and otherwise provided, the employer shall not be liable for an aggravation of such injury due to such refusal and neglect and the compensation court or judge thereof may suspend, reduce, or limit the compensation otherwise payable under the Nebraska Workers' Compensation Act.

If, due to the nature of the injury or its occurrence away from the employer's place of business, the employee is unable to make such selection, the selection requirements of this section shall not apply as long as the inability to make a selection persists. The physician selected may arrange for any consultation, referral, or extraordinary or other specialized medical services as the nature of the injury shall require. The employer shall not be responsible for medical services furnished or ordered by any physician or other person selected by the employee in disregard of this section.

No claim for such medical treatment shall be valid and enforceable unless, within fourteen days following the first treatment, the physician giving such treatment furnishes the employer and the Nebraska Workers' Compensation Court a report of such injury and treatment on a form prescribed by the compensation court. The compensation court may excuse the failure to furnish such report within fourteen days when it finds it to be in the interest of justice to do so.

All physicians attending injured employees shall comply with all the rules and regulations adopted and promulgated by the Nebraska Workers' Compensation Court and shall make such reports as may be required by it at any time and at such times as required by it upon the condition or treatment of any injured employee or upon any other matters concerning cases in which they are employed. Generally, all medical and hospital information relevant to the particular injury shall, on demand, be made available to the employer, employee, carrier, and the compensation court. The party requesting such medical and hospital information shall pay the cost thereof. No such relevant information developed in connection with treatment or examination for which compensation is sought shall be considered a privileged communication for purposes of a workers' compensation claim. When a physician willfully fails to make any report required of him or her under this section, the compensation court may order the forfeiture of his or her right to all or part of payment due for services rendered in connection with the particular case.

Whenever the Nebraska Workers' Compensation Court deems it necessary, in order to assist it in resolving any issue of medical fact or opinion, it shall cause the employee to be examined by a physician or physicians selected by the compensation court and obtain from such physician or physicians a report upon the condition or matter which is the subject of inquiry. The compensation court may charge the cost of such examination to the carrier. The cost of such examination shall include the payment to the employee of all necessary and reasonable expenses incident to such examination, such as transportation and loss of wages.

The Nebraska Workers' Compensation Court shall have the authority to determine the necessity, character, and sufficiency of any medical services furnished or to be furnished and shall have authority to order a change of doctor, physician, hospital, or rehabilitation facility when it deems such change is desirable or necessary. For the purpose of this section, physician shall mean any person licensed to practice medicine and surgery, osteopathic medicine, chiropractic, podiatry, or dentistry.

The Nebraska Workers' Compensation Court shall order the employer to make payment directly to the supplier of any services provided for in this section or reimbursement to anyone who has made any payment to the supplier for services provided in this section. No such supplier or payor may be made or become a party to any action before the compensation court.

Sec. 5. That section 48-163, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

48-163. The Nebraska Workers' Compensation Court may adopt and promulgate all reasonable rules and regulations necessary for carrying out the intent and purpose of the Nebraska Workers' Compensation Act and shall administer and enforce all of the provisions of such act, except such as are committed to the Supreme Court. The compensation court or any judge thereof may, upon the motion of either party or upon its or his or her own motion, require the production of any books, papers, payrolls, medical reports, X-rays, photographs or plates, or any facts or matters which may be necessary to assist in a determination of the rights of either party in any matter pending before such compensation court or any judge thereof. The compensation court or any judge thereof may conduct pretrial conferences and may hear and determine pretrial matters and posttrial matters not involving testimony of witnesses by oral examination or may assign staff personnel to hold pretrial conferences which may be done at any location or by use of telephonic methods. AM2862

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. (1) Although the Department of Correctional Services and the Division of Juvenile Services of the department have made great efforts and attempts to adequately serve troubled juveniles in Nebraska, it has long been recognized that juvenile corrections carries a mission, philosophy, and mandate substantially different than adult corrections. For the mission, philosophy, and mandate of juvenile corrections to be successfully implemented, the Legislature finds that a state juvenile services implementation plan is necessary.

(2) It is the intent of the Legislature that the Youth Services Planning Commission shall be created, the function of which shall be to provide a state juvenile services implementation plan to provide a method for the delivery of comprehensive services and programs for juveniles. Such comprehensive services and programs shall require the coordination and collaboration of state agencies and regional and local service providers. The purpose of the plan shall be to facilitate optimum service delivery, to prevent delinquency, and to reduce the incidence of recidivism among juveniles through the provision of prevention, rehabilitation, and treatment services and programs through a system based on the prudent management of resources.

(3) It is further the intent of the Legislature that, upon presentation to the Legislature and legislative approval of the state juvenile services implementation plan, the Office of Youth Services shall be established, the function of which shall be to provide comprehensive services and programs for juveniles as prescribed in the plan.

Sec. 2. There is hereby created the Youth Services Planning Commission. The commission shall consist of the following members: The Commissioner of Education, the Director of Correctional Services, the Director of the Foster Care Review Board, the Director of Public Institutions, the Director of Social Services, the Executive Director of the Nebraska Commission on Law

The appointments to the commission shall be made no later than July 16, 1992.

The Governor shall appoint a person other than a person listed in this section to serve as an autonomous chairperson of the commission. At a minimum, the chairperson shall have administrative experience in juvenile rehabilitative and treatment programs and educational qualifications and training which enable him or her to coordinate the commission in a manner consistent with the intent and purpose of the commission. The appointment of the chairperson and the first meeting of the commission shall be no later than July 16, 1992.

The members of the commission shall assist and advise the chairperson in developing the state juvenile services implementation plan and shall consult with groups, entities, or individuals who may be affected by the proposed plan. The commission shall present the plan to the Legislature and the Governor by September 1, 1993.

Sec. 3. (1) The Youth Services Planning Commission shall include the following continuum of services and programs in the state juvenile services implementation plan:

(a) Intake and assessment;

(b) Case management staff, including probation;

(c) Secure facilities and detention programs, including home detention and other alternatives to detention;

(d) Educational, vocational, and social counseling programs;

(e) Community-based services for juveniles and their families;

(f) Administration of the Youth Development Center-Kearney and the Youth Development Center-Geneva and any other secure public juvenile facilities as may become necessary in the future;

(g) Juvenile parole staff and after care services, including follow-up services;

(h) Other programs, services, consultants, or staff necessary to fulfill the mandate of the commission; and

(i) Coordination of services and programs with the Children with Disabilities and Family Service System Act and the state plan implemented pursuant to such act.

(2) The state juvenile services implementation plan shall include, at a minimum, feasibility and cost analyses for the establishment of the Office of Youth Services, a time frame for operational responsibilities, and a complete listing of all services and programs and the geographic proximity of such services and programs, including the services and programs listed in section 2 of this act, and programs, facilities, and personnel which will be required for the office to commence operation. The plan shall also include an examination of existing state resources and consideration of reorganization and restructuring of such resources to meet the needs of troubled juveniles.

Sec. 4. (1) The chairperson of the Youth Services Planning Commission shall be temporarily housed with the Nebraska Commission on Law Enforcement and Criminal Justice but shall assume leadership, responsibility, and authority regarding the development of the state juvenile services implementation plan.

(2) It is the intent of the Legislature that any money appropriated by the Legislature to carry out the state juvenile services implementation plan shall be appropriated to the Nebraska Commission on Law Enforcement and Criminal Justice.".

The school board or board of education may admit nonresident pupils to the district school, may determine the rate of tuition of the pupils, and shall collect such tuition in advance, except that the school district shall not charge tuition for any pupil who is in a foster family home as defined in section 71-1902 and who is a ward of the state or a ward of any court. When the pupil as a ward of the state or as a ward of any court ~~(1) has been placed in a public school district other than the district in which he or she resided at the time he or she became a ward or (2)~~ has been placed in any institution which maintains a special education program which has been approved by the State Department of Education and such institution is not owned or operated by the pupil's resident school district, the cost of his or her education and the required transportation costs associated with the child's education shall be paid by the state to the ~~receiving school district or~~ approved institution ~~or paid to the county nonresident high school tuition fund~~ under rules and regulations prescribed by the Department of Social Services. The school board or board of education may admit nonresident pupils to the district school without requiring the payment of tuition if such pupils are in the actual physical custody of a resident of the school district and are not residents of an adjoining school district and the school board or board of education determines that the pupils would otherwise be denied guaranteed free common school privileges.".

RESOLUTIONS

LEGISLATIVE RESOLUTION 241. Introduced by Haberman, 44; Schimek, 27.

PURPOSE: The purpose of this resolution is to examine the practice of using judicial nominating commissions in the selection of judges. The Legislature recognizes that the judiciary is an important branch of state government. The executive and legislative branches rely on the electoral process in selecting key decisionmakers. In 1962 the constitutional amendment authorizing the merit plan for the selection of judges was adopted. The integrity of government is tied to open proceedings and public accountability. The Legislature should examine the practices, composition, and powers of the judicial nominating commissions and whether any changes are needed or desirable.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 242. Introduced by Haberman, 44.

PURPOSE: The states of Maine, North Dakota, Oregon, and Washington currently have legislation requiring purchasers of beer kegs to fill out a form with their name, address, and other information on it which corresponds to a numbered identification sticker on the keg. This legislation has enabled law enforcement officials to more easily track down people who supply beer to minors. The purpose of this resolution is to study whether such legislation would be beneficial to Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

ATTORNEY GENERAL'S OPINION

Opinion No. 92024

DATE: February 14, 1992

SUBJECT: LB 872

REQUESTED BY:	Senator Hefner District No. 19
WRITTEN BY:	Kenneth W. Payne Assistant Attorney General
QUESTION:	Whether there are any constitutional problems with LB 872.
ANSWER:	It is our opinion that the legislation is constitutional but no doubt will be subject to attacks regarding venue, jurisdiction, arrest and search and seizure issues.

Your inquiry is whether there are any constitutional or legal problems with the bill and if there are problems to make any helpful suggestions.

LB 872, relates to motor vehicle operation and the taking of chemical tests to determine the blood-alcohol level of drivers who have been taken across state lines for medical purposes. LB 872 also attempts to allow evidence (test results) received from out-of-state to be admissible in Nebraska.

In commenting upon the constitutionality of this legislation, it is our opinion that the legislation is constitutional but no doubt will be subject to attacks regarding venue, jurisdiction, arrest and search and seizure issues.

Case law following the implied consent statute, Neb.Rev.Stat. §39-669.08, has held that in order to effectuate implied consent, the person from whom a blood sample is taken "must have been arrested or taken into custody before test is given." State v. Baker, 184 Neb. 724, 171 N.W.2d 798 (1960). Thus, in order for the implied consent to remain in effect after leaving this state under current law, an arrest of the driver must be made so the person is in custody prior to taking the chemical tests.

For purposes of discussion, let us assume a person is in an accident in Nebraska and is taken to a hospital in Iowa before an arrest is made. Pursuant to Baker, supra, an arrest would have to be made in order for the implied consent law to be effective. A Nebraska law enforcement officer is not empowered to make an arrest in another state. The legislature cannot by statute confer on its state's officers any power to make an arrest in another state. 5 Am.Jur.2d Arrest §50 p. 743. In other words, without an arrest before crossing over to another state, the implied consent law is not effective.

Notwithstanding, LB 872 at Section 9 of 39-669.08 obviates the requirement of an arrest in implied consent procedures growing out of a motor vehicle accident. It would be our suggestion that instead of using the phrase "motor vehicle accident" that it should read "the person has been involved in a motor vehicle accident or collision resulting in personal injury or death."

It would be our suggestion that subsection 9 read as follows:

> Any person involved in a motor vehicle accident or collision resulting in personal injury or death shall be required to submit to a chemical test of his or her blood, breath, or urine by any law enforcement officer of this or any other state if the officer has reasonable grounds to believe that the person was driving or was in actual physical control of the motor vehicle on a public highway in the State while under the influence of alcoholic liquor or drugs at the time of the accident. A person involved in a motor vehicle accident subject to the implied consent law of this State should not be deemed to have withdrawn consent to submit to a chemical test of his or her blood, breath or urine by reason of leaving the State. If the person leaves the State for any reason following an accident, he or she shall remain subject to subsection (4) of this Section and Section 39- 669.16 upon return.

Leaving in the language on line 6 "refuses a test under this section and" only adds another element to be proved and is not necessary and therefore we would suggest that it be deleted.

LB 872 takes into consideration the circumstances wherein law enforcement officers attending to emergency duties at a scene of an accident may not have time to place a driver of one of the motor vehicles under arrest and demand a chemical test.

An example of how the statutory procedure in LB 872 may work is illustrated in the case of State v. Wagner, 359 N.W.2d 487 (Iowa 1984).

The Iowa Supreme Court in State v. Wagner, supra, found that a State agency is not precluded from taking action outside of its own state to carry out its statutory mission if such action does not intrude upon the sovereignty of another state. The Court also stated that in a prosecution for involuntary manslaughter based on traffic related fatalities, the trial court did not err in denying defendant's motion to suppress results of the chemical test even though a Iowa peace officer invoked the complied consent procedure for chemical testing while defendant was being treated for injuries in a Wisconsin hospital, since in initiating the implied consent procedure, the trooper was merely acting as the agent of the Iowa Department of Transportation for purposes of administering the laws of Iowa pertaining to revocation of an Iowa's drivers license in an automobile accident upon which the revocation proceeding would be based occurred in Iowa. The defendant in this case urged that a peace officer, acting in his official capacity, may make an arrest only within the State from which his activity is derived, as an arrest in a foreign state is unlawful, unless it can be justified as an arrest by a private person under the laws of the State where the arrest is made. The Court stated that the significance of the limitations which the law places on extra territorial arrest powers is diminished in the present case because the propriety of the implied consent procedure does not turn on the State troopers authority to arrest the defendant. The present charges were based on acts which occurred in September of 1982. . . A statutory change which became effective July 1, 1982 obviated the requirement of an arrest in an implied consent proceeding growing out of a personal injury accident. The court also stated that the acts upon which the revocation proceedings would be based occurred in the State of Iowa.

The expected constitutional challenge relating to LB 872 is whether the acquisition of the blood test results by the prosecution without a warrant violates the Fourth Amendment. Under LB 872, the blood tests are taken for medical purposes.

The Michigan Supreme Court faced this Fourth Amendment challenge in the case of People v. Perlos, 462 N.W.2d 310 (Mich. 1990). In that case, the Michigan Supreme Court in held that the acquisition of blood test results by prosecution without warrant did not violate the fourth amendment or state constitution. The Court stated "the search" "performed here, i.e., the removal of the blood sample from defendant, was done strictly for purposes of medical treatment and not at the direction of the police, the prosecutor or state agents. Thus, the actual removal of the blood sample is not a search protected by the Fourth Amendment, since state action is not involved." The Court next inquired as to the acquisition of the blood test results. The inquiry was whether the State's request and acquisition of blood test results without a search warrant infringed on defendant's Fourth Amendment privacy interests. The Court stated the People of the State of Michigan, through action of the legislature, has indicated that they do not recognize a reasonable expectation of privacy in the results of blood alcohol test taken from the driver of a car in an accident, where the test was administered by hospital staff pursuant to medical treatment or diagnosis.

Next, in 39-669.11(2) the problem area with (2) is the language as follows:

> To be considered valid tests under Section 39-669.08 shall be performed according to methods approved by the Department of Health. . .

The methods for obtaining chemical samples in another State may not be the same as of the Department of Health and therefore this would cause an evidence admissibility problem. It would be suggested that the language be changed to the effect, such as, according to the methods approved by the Department of Health of this State or the State wherein the blood sample was taken.

I do not see a problem with Section 39-669.11(3) dealing with relevant evidence.

Subsection (2) of 39-669.12 deals with the situation where a law enforcement officer from another State requests that a physician, etc., in this State to withdraw blood for purposes of a chemical test to determine the alcoholic content. This section goes on to state that the physician will not be civilly or criminally liable if the "asking" State has a similar civil or criminal liability act. Unless there is some form of an interstate compact agreement, a practical problem might be that the officer would have to have some form of a "certificate" that would have to be shown to the doctor before he would perform the test. It should also be noted that although the physician may be asked to obtain the test, it should remain clear that the out-of-state officer would have no actual authority to force the Nebraska physician to withdraw the blood.

Subsection (4) of 39-669.12 consists of three subsections (1), (2) and (3) seem to be on solid ground.

Section 60-4,164(6), we would suggest that the language commencing on line 20 should read "if the person leaves the State for any reason following an accident, he or she shall remain subject to this Section upon return." Once again we do not feel that it is necessary to have the element that he or she refused a test before leaving the State.

In addition to the new provisions of the proposed legislation, it would be our recommendation that a compact be entered into between Nebraska and other contiguous states, authorizing contiguous state law enforcement officers to arrest based upon Nebraska law enforcement officers probable cause and giving those out-of-state officers the authority to invoke Nebraska's implied consent law. In the alternative, that Nebraska officers be given extra territorial authority to arrest from the contiguous states.

Very truly yours,
DON STENBERG

LEGISLATIVE BILL 903. Placed on General File as amended.
Standing Committee amendment to LB 903:
AM2873

1. Strike the original sections and insert the following new sections:

"Section 1. This act shall be known and may be cited as the Fine Art Consignment Act.

Sec. 2. For purposes of the Fine Art Consignment Act:

(1) Art dealer shall mean a person engaged in the business of selling works of fine art, other than a person exclusively engaged in the business of selling goods at public auction;

(2) Artist shall mean the creator of a work of fine art or, if such person is deceased, the heir, legatee, or personal representative of the creator;

(3) Bona fide purchaser shall mean a person who in good faith makes a purchase without notice of any outstanding rights of others;

(4) Commission shall mean the fee, compensation, or percentage of the actual selling price of a work of fine art agreed upon by the artist and art dealer which the art dealer may retain after the sale of the work of the artist to a third party;

(5) Creditor shall include, but not be limited to, a general creditor, a secured creditor, a lien creditor, and any representative of creditors, including, but not limited to, an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity, and a personal representative or administrator of an estate of an insolvent debtor or assignor;

(6) On consignment shall mean that no title to, estate in, or right to possession of the work of fine art superior to that of the consignor shall vest in the consignee, notwithstanding the power or authority of the consignee to transfer and convey all of the right, title, and interest of the consignor in and to such work of fine art to a third party; and

(7) Work of fine art shall mean:

(a) A visual rendition including, but not limited to, a painting, drawing, sculpture, mosaic, videotape, or photograph;

(b) A work of calligraphy;

(c) A work of graphic art including, but not limited to, an etching, a lithograph, a serigraph, or an offset print;

(d) A craft work in materials including, but not limited to, clay, textile, fiber, wood, metal, plastic, or glass; and

(e) A work in mixed media including, but not limited to, a collage, an assemblage, or a work consisting of any combination of subdivisions (a) through (d) of this subdivision.

Sec. 3. Any custom, practice, or usage of the trade notwithstanding:

(1) Whenever an artist delivers or causes to be delivered a work of fine art created by such artist to an art dealer in this state for the purpose of sale on a commission, such work of fine art is deemed to be placed on consignment either at the time the art dealer inspects and accepts such work within ten days after delivery or upon possession of such work without express rejection ten days after delivery. A work of fine art is not deemed to be placed on consignment if delivery is pursuant to an outright sale for which the artist receives or has received full compensation for the work of fine art;

(2) Such art dealer shall thereafter, with respect to the work of fine art, be deemed the agent of the artist;

(3) Such work of fine art is trust property and the art dealer is trustee for the benefit of the artist until such work is sold to a bona fide purchaser or returned to the artist;

(4) The proceeds of the sale of a work of fine art are trust property and the art dealer is trustee for the benefit of the artist until the amount due the artist from the sale is paid in full. Except for customer deposits, such trust funds shall be paid to the artist within thirty days of receipt by the art dealer unless the parties expressly agree otherwise in writing;

(5) The art dealer is liable for his or her

own negligent and criminal acts and for negligent and criminal acts of his or her personnel which cause the loss of or damage to the work of fine art while it is in the possession of such art dealer and may not waive his or her duty of care. The value of the work of fine art shall be, for purposes of this subdivision, the value established in a written agreement between the artist and art dealer prior to the loss or damage or, if no written agreement regarding the value of the work of fine art exists, the fair market value of such work. Any reimbursement due the artist from the art dealer as a result of the loss of or damage to a work of fine art shall not exceed the amount which would have been due to the artist if the work had been sold at the purchase price stated in the agreement; and

(6) The art dealer shall not be held liable for loss or damage to the work of fine art if the artist fails to remove such work within a period of ten days following the date agreed upon for removal of the work in a written contract between the artist and art dealer or, if no written agreement regarding a removal date exists, ten days after notice to remove the work of fine art is sent by registered or certified mail to the last-known address of the artist.

Sec. 4. (1) If a work of fine art is trust property pursuant to section 3 of this act when initially received by the art dealer, it remains trust property notwithstanding the subsequent purchase of the work of fine art by the art dealer directly or indirectly for the art dealer's own account until any balance due to the artist from the sale is paid in full.

(2) If the art dealer resells a work of fine art to which subsection (1) of this section applies to a bona fide purchaser before the artist is paid in full, the work of fine art ceases to be trust property and the proceeds of the resale are trust funds in the hands of the art dealer for the benefit of the artist to the extent necessary to pay any balance due to the artist. The trusteeship of any of the proceeds continues until the fiduciary obligation of the art dealer with respect to the transaction is discharged in full.

Sec. 5. No property that is trust property or trust funds pursuant to section 3 or 4 of this act is subject to the claims, liens, or security interests of the creditors of the art dealer.

Sec. 6. An art dealer may accept a work of fine art for commission on consignment from an artist only if prior to or within seven days of acceptance the art dealer enters into a written contract with the artist which includes, but is not limited to, the following:

(1) The value of the work of fine art;

(2) The time within which the proceeds of the sale are to be paid to the artist if the work of fine art is sold;

(3) The commission the art dealer is to receive if the work of fine art is sold; and

(4) The minimum price for the sale of the work of fine art and any discounts ordinarily given by the art dealer in his or her regular course of business.

Sec. 7. Any portion of an agreement which waives any provision of the Fine Art Consignment Act is void.

Sec. 8. Any art dealer who violates section 6 of this act shall be liable to the artist for any actual damages the artist may sustain, including, but not limited to, incidental and consequential damages by reason of the violation, and reasonable attorney's fees.

Sec. 9. The Fine Art Consignment Act shall not apply to a written contract executed prior to the effective date of this act unless the parties agree by mutual written consent that such act shall apply or such contract is extended or renewed after such date.

Sec. 10. In cases of conflict between the Fine Art Consignment Act and the Uniform Commercial Code, the Fine Art Consignment Act shall control.".

ATTORNEY GENERAL'S OPINION

Opinion No. 92028

DATE: February 21, 1992

SUBJECT: Formula for Determining Payments by Racetracks to the Track Distribution No. Fund

REQUESTED BY: Senator Howard Lamb
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

In light of the Nebraska Supreme Court's recent decision in Nebraska State Board of Agriculture v. Nebraska State Racing Commission, 239 Neb. 762, ___ N.W.2d ___ (1992) {"NSBA"}, you have asked us to again address the question of whether handle generated from wagering at racetracks conducting licensed horserace meetings via simulcasting should be included as part of the "total parimutuel handle" of a racetrack for purposes of determining the rate of the racetrack's contribution to the Track Distribution Fund {"Fund"} under Neb.Rev.Stat. §2-1208.04(1) (Reissue 1987), or whether only handle generated by a racetrack at live race meetings should be included in determining the percentage contribution of a racetrack to the Fund. By letter dated June 4, 1991, we advised the Nebraska State Racing Commission {"Commission"} that, in our opinion, the reference in §2-1208.04(1) to "any racetrack that had for its previous race meet a total parimutuel handle" should be interpreted to include only handle generated on-track at the previous live race meeting conducted by the racetrack. In our letter to the Commission, we noted and discussed the pending appeal before the Nebraska Supreme Court in NSBA.

Subsequent to the issuance of our informal opinion to the Commission, you requested our opinion on this issue by letter dated August 1, 1991. We answered your letter by correspondence dated September 24, 1991. At that time, we advised you that we had closely examined the question a second time, and "acknowledge{d} that arguments {could} be presented on both sides of this issue. . . ." Noting the pending appeal in NSBA, we declined to retract our earlier informal opinion, and indicated your request brought "to light the need for legislative clarification of this issue in the next unicameral session." As the court has now rendered its opinion in NSBA, you have again requested that we revisit this issue. We assume your request is based on your desire to introduce amendatory legislation in the event we decline to alter our previous opinion.

The issue in NSBA was whether the reference in Neb.Rev.Stat. §2-1208.03(5) (Reissue 1987) to the "total annual parimutuel handle" of a racetrack, "based on the previous racing year," should be construed to include both simulcast and live race meet handle at a racetrack for the purpose of determining whether a racetrack qualified as a "recipient track" eligible for distribution from the Fund. The Racing Commission contended that wagers on simulcast races are part of the total annual parimutuel handle of the track where the wagers are accepted. NSBA, 239 Neb. at 764. The Nebraska Supreme Court agreed, stating "Under §2-1208.03(5), all wagers placed at the track are aggregately considered for the purpose of the statute, whether such wagers are placed on races occurring at the site where the wagers are placed or are placed on races simulcast to the site where wagers are placed." Id. at 769.

The court's analysis of the statute included an interpretation of the word "annual" as included in the phrase "total annual parimutuel handle." It could be argued that the language of §2-1208.03(5), referring to the total "annual" parimutuel handle of a racetrack, based on the "previous racing year," is broader in scope than the language employed in 2-1208.04(1), which refers only to the "total parimutuel handle" that a racetrack had for "its previous race meet." Under this view, the court's conclusion that both simulcast and live race handle at a racetrack are to be aggregated for purposes of determining a racetrack's eligibility as a recipient track under §2-1208.03(5) was arguably based on the significance of the use of the references to total annual handle based on the previous racing year, which the court concluded evinced a legislative intent to include all handle at a racetrack generated during a calendar year.

In our opinion, however, a court, if faced squarely with the present question, would not distinguish the two statutes on this basis. To do so would, in effect, allow the contributing tracks to "have it both ways" at the expense of the recipient tracks. As the court pointed out in NSBA, the Track Distribution Fund was established "for the purpose of subsidizing smaller Nebraska racetracks at the expense of the state's larger and more successful tracks." Id. at 764. Although the question is a close one, and clarifying legislation would still be desirable, it is our opinion a court would likely hold that total parimutuel handle includes all wagers placed at a track whether such wagers are placed on races occurring at the site or are placed on races simulcast to the site. This conclusion is supported, albeit in dicta, by the court's discussion in NSBA. The court stated, "This case involves interaction of two legislative programs . . . The first of these programs is the Track Distribution Fund, by which revenue, based on a racetrack's total annual parimutuel handle, is distributed from larger racetracks to smaller racetracks. See §§2-1208.03 and 2-1208.04." Id. at 763-764. In describing the Track Distribution Fund, the court treats both statutes as one "legislative program." The court makes no distinction between the two statutes even though §2-1208.03 defines "recipient track" as "a racetrack with a total annual parimutuel handle, . . ." and §2-1208.04 describes a contributing track as "any racetrack that had for its previous race meet a total parimutuel handle. . . ." (emphasis added).

Consequently, in light of the Nebraska Supreme Court's decision in NSBA, we believe section 2-1208.04 requires racetracks to make contributions to the Track Distribution Fund based on "total parimutuel handle" including wagers on simulcast races accepted at the track.

Respectfully submitted,
DON STENBERG
Attorney General

Taxes other than property taxes may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature. The Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year.'

77-4105. (1) A taxpayer who has signed an agreement under section 77-4104 may elect to determine taxable income for purposes of the Nebraska income tax using the sales factor only. The election may be made for the year during which the application was filed and for each year thereafter through the eighth year after the end of the entitlement period. The election shall be made for the year of the election by computing taxable income using the sales factor only on the tax return.

(2) ~~A taxpayer who has signed an agreement under section 77-4104 shall receive the incentive provided in this subsection if the agreement contains one or more projects which together will result in the investment in qualified property of at least ten million dollars and the hiring of at least one hundred new employees. Such ten million dollar investment and hiring of at least one hundred new employees shall be considered a required level of investment and employment for this subsection and for the recapture of personal property tax only.~~

~~The following property used in connection with such project or projects and acquired by the taxpayer, whether by lease or purchase, after the date the application was filed shall constitute separate classes of personal property:~~

~~(a) Turbine-powered aircraft, including turboprop, turbojet, and turbofan aircraft, except when any such aircraft is used for fundraising for or for the transportation of an elected official;~~

~~(b) Mainframe business computers used for business information processing which require environmental controls of temperature and power and which are capable of simultaneously supporting more than one transaction and more than one user plus peripheral components which require environmental controls of temperature and power connected to such computers.~~

~~Computer peripheral components shall be limited to additional memory units, tape drives, disk drives, power supplies, cooling units, and communication controllers; and~~

~~(c) Personal property which is business equipment located in a single project if (i) the business equipment is involved directly in the manufacture or processing of agricultural products, (ii) the investment in the single project exceeds ten million dollars, and (iii) the use, value, and proper classification of the business equipment has been certified by the Tax Commissioner.~~

~~Such property shall be exempt from the tax on personal property from the first January 1 following the date of acquisition for property in subdivision (2)(a) of this section, or from the first January 1 following the end of the year during which the required levels were exceeded for property in subdivisions (2)(b) and (2)(c) of this section, through the sixteenth December 31 after the filing of the application.~~

~~(3)~~ When the taxpayer has met the required levels of employment and investment contained in the agreement, the taxpayer shall also be entitled to the following incentives:

(a) A refund of all sales and use taxes paid under the Nebraska Revenue Act of 1967 and the Local Option Revenue Act from the date of the application through the meeting of the required levels of employment and investment for all purchases, including rentals, of:

(i) Qualified property used as a part of the project;

(ii) Property, excluding motor vehicles, based in this state and used in both this state and another state in connection with the project except when any such property is to be used for fundraising for or for the transportation of an elected official;

(iii) Tangible personal property by the owner of the improvement to real estate that is incorporated into real estate as a part of a project; and

(iv) Tangible personal property by a contractor or repairperson after appointment as a purchasing agent of the owner of the improvement to real estate. The refund shall be based on fifty percent of the contract price, excluding any land, as the cost of materials subject to the sales and use tax; and

(b) A refund of the sales and use taxes paid under the Nebraska Revenue Act of 1967 and the Local Option Revenue Act on the types of purchases, including rentals, listed in subdivision (a) of this subsection for such taxes paid during each year of the entitlement period in which the taxpayer is at or above the required levels of employment and investment.

(3) ~~(4)~~ Any taxpayer who qualifies for the incentives contained in subsections (1) and ~~(3)~~ (2) of this section and who has added at least thirty new employees at the project shall also be entitled to:

(a) A credit equal to five percent of the amount by which the total compensation paid during the year to employees who are either Nebraska employees or base-year employees while employed at the project exceeds the average compensation paid at the project multiplied by the number of equivalent base-year employees.

For the computation of such credit, average compensation shall mean the total compensation paid at the project divided by the total number of equivalent employees at the project; and

(b) A credit equal to ten percent of the investment made in qualified property at the project.

The credits prescribed in subdivisions (a) and (b) of this subsection shall be allowable for compensation paid and investments made during each year of the entitlement period that the taxpayer is at or above the required levels of employment and investment.

The credit prescribed in subdivision (b) of this subsection shall also be allowable during the first year of the entitlement period for investment in qualified property at the project after the date of the application and before the required levels of employment and investment were met.

Sec. 183. That section 77-4107, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-4107. (1) If the taxpayer fails either to meet the required levels of employment or investment for the applicable project by the end of the sixth year after the end of the year the application was submitted for such project or to utilize such project in a qualified business at employment and investment levels at or above those required in the agreement for the entire entitlement period, all or a portion of the incentives set forth in the Employment and Investment Growth Act shall be recaptured or disallowed.

(2) The recapture or disallowance shall be as follows:

(b) In the case of a taxpayer who has failed to maintain the project at the required levels of employment and investment for the entire entitlement period, ~~any reduction in the personal property tax,~~ any refunds in tax allowed under subdivision ~~(3)(a)~~ (2)(a) of section 77-4105, and any refunds or reduction in tax allowed because of the use of a credit allowed under subsection ~~(4)~~ (3) of section 77-4105 shall be partially recaptured from either the taxpayer or the owner of the improvement to real estate and any carryovers of credits shall be partially disallowed. One-seventh of the refunds~~, one-seventh of the reduction in personal property tax,~~ and one-seventh of the credits used shall be recaptured and one-seventh of the remaining carryovers ~~and the last remaining year of personal property tax exemption~~ shall be disallowed for each year the taxpayer did not maintain such project at or above the required levels of employment or investment.

(3) Any refunds or reduction in tax due, to the extent required to be recaptured, shall be deemed to be an underpayment of the tax and shall be immediately due and payable.

When tax benefits were received in more than one year, the tax benefits received in the most recent year shall be recovered first and then the benefits received in earlier years up to the extent of the required recapture.

(4) ~~Any personal property tax that would have been due except for the exemption allowed under the Employment and Investment Growth Act, to the extent it becomes due under this section, shall be considered an underpayment of such tax and shall be immediately due and payable to the county or counties in which the property was located when exempted. All amounts received by a county under this section shall be allocated to each taxing unit levying taxes on tangible personal property in the county in the same proportion that the levy on tangible personal property of such taxing unit bears to the total levy of all of such taxing units.~~

~~(5)~~ Notwithstanding any other limitations contained in the laws of this state, collections of any taxes deemed to be underpayments by this section shall be allowed for a period of ten years after the signing of the agreement or three years after the end of the entitlement period, whichever is later.

~~(6)~~ (5) Any amounts due under this section shall be recaptured notwithstanding other allowable credits and shall not be subsequently refunded under any provision of the Employment and Investment Growth Act unless the recapture was in error.

~~(7)~~ (6) The recapture required by this section shall not occur if the failure to maintain the required levels of employment or investment was caused by an act of God or national emergency.".

UNANIMOUS CONSENT - **Print in Journal**

Mr. Beutler asked unanimous consent to print the following amendment to LB 306 in the Journal. No objections. So ordered.

AM3157

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. The Legislature recognizes that water is one of Nebraska's most valuable natural resources and that the management, conservation, and beneficial use of ground water and surface water are essential to the continued economic prosperity and well-being of the state. The Legislature acknowledges that an integrated ground water and surface water management system is needed in order to optimize use of interrelated ground and surface waters upon which public water suppliers depend for water supply. It is the intent of the Legislature that public water suppliers with well fields dependent upon induced recharge may make application for instream appropriations under sections 46-2,107 to 46-2,119.

Sec. 2. That section 46-202, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

46-202. (1) The water of every natural stream not heretofore appropriated within the State of Nebraska, including the Missouri River, is hereby declared to be the property of the public and is dedicated to the use of the people of the state, subject to appropriation.

(2) The water of every natural stream within the State of Nebraska, including the Missouri River, appropriated for storage in a surface reservoir or for underground water storage, is hereby declared to be

subject to further appropriation for recovery and beneficial use.

(3) The water of every natural stream and hydrologically connected ground water within the State of Nebraska, including the Missouri River, is hereby declared to be subject to appropriation for beneficial use, including induced ground water recharge, by public water suppliers.

Sec. 3. That section 46-288, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

46-288. For purposes of ~~sections 46-288 and 46-289, unless the context otherwise requires, the following definitions shall be used~~ this section and section 46-289:

(1) Basin of origin shall mean the river basin in which the point or proposed point of diversion of water is located;

(2) Beneficial use shall include, but not be limited to, reasonable and efficient use of water for domestic, municipal, agricultural, industrial, commercial, power production, subirrigation, fish and wildlife, ground water recharge, an interstate compact, water quality maintenance, or recreational purposes. Nothing in this subdivision shall be construed to affect the preferences for use of surface water as provided in section 46-204;

(3) Interbasin transfer shall mean the diversion of water in one river basin and the transportation of such water to another river basin for storage or utilization for a beneficial use except any transfers made by a public water supplier as defined in section 46-638 associated with an instream appropriation or pursuant to a permit issued under section 46-642; and

(4) River basin shall mean any of the following natural hydrologic basins of the state, with delineations being those on the Nebraska river basin map officially adopted by the Nebraska Natural Resources Commission and on file in the commission's office on August 30, 1981: (a) The White River and Hat Creek basin; (b) the Niobrara River basin; (c) the Platte River basin, including the North Platte and South Platte River basins, except that for purposes of transfer

between the North and South Platte River basins each shall be considered a separate river basin; (d) the Loup River basin; (e) the Elkhorn River basin; (f) the Republican River basin; (g) the Little Blue River basin; (h) the Big Blue River basin; (i) the Nemaha River basin; and (j) the Missouri tributaries basin.

Sec. 4. That section 46-2,107, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

46-2,107. The Legislature finds that the maintenance, conservation, management, storage, and timely release of the waters of the natural streams within the State of Nebraska are in the public interest and are practices essential to the well-being of present and future generations. In furtherance of these practices, the public interest demands the recognition of instream uses for ~~fish,~~ recreation, public water supply through induced ground water recharge, and fish and wildlife. The Legislature also finds that proposals for future water development should fully consider multiple uses, including instream flows whether from natural flow or from reservoir releases, and recognizes the positive impact of impoundments which can provide significant instream flow benefits.

Sec. 5. That section 46-2,108, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

46-2,108. As used in sections 46-2,107 to 46-2,119, ~~unless the context otherwise requires,~~ instream appropriation shall mean the undiverted application of the waters of a natural stream within or bordering upon the state for recreation, public water supply through induced ground water recharge, or fish and wildlife. ~~purposes.~~ An instream appropriation may be obtained only by the Game and Parks Commission, ~~or~~ a natural resources district, or a public water supplier as defined in section 46-638 and only for that amount of water reasonably necessary for ~~recreation or fish and wildlife~~ such use. The instream use of water for recreation, public water supply through induced ground water recharge, or fish and wildlife shall be considered a beneficial use of water.

Sec. 6. That section 46-2,109, Reissue

Revised Statutes of Nebraska, 1943, be amended to read as follows:

46-2,109. Each natural resources district, each public water supplier, and the Game and Parks Commission shall conduct studies to identify specific stream segments which the district, supplier, or commission considers to have a critical need for instream flows. Such studies shall quantify the instream flow needs in the identified stream segments. Any district, any supplier, or the Game and Parks Commission may request the assistance of the Conservation and Survey Division of the University of Nebraska, the Nebraska Natural Resources Commission, the Game and Parks Commission, the Department of Environmental Control, the Department of Water Resources, or any other state agency in order to comply with this section.

Sec. 7. That section 46-2,110, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

46-2,110. Following notice and a public hearing, any natural resources district, any public water supplier, or the Game and Parks Commission may file with the Director of Water Resources an application for a permit to appropriate water for instream flows in each stream segment identified pursuant to section 46-2,109. The application shall include the locations on the stream at which the need for instream flows begins and ends and the time of year when instream flows are most critical. The application shall also provide a detailed description of the amount of water necessary to provide adequate instream flows.

Mr. Schellpeper offered the following amendment to the Ashford pending amendment:
AM3171

(Amendments to AM3109)

1. Strike section 206 and insert the

following new sections:

"Sec. 184. That section 77-2708, Revised Statutes Supplement, 1991, be amended to read as follows:

77-2708. (1)(a) The sales and use taxes imposed by the Nebraska Revenue Act of 1967 shall be due and payable to the Tax Commissioner monthly on or before the twenty-fifth day of the month next succeeding each monthly period unless otherwise provided pursuant to the Nebraska Revenue Act of 1967.

(b)(i) On or before the twenty-fifth day of the month following each monthly period or such other period as the Tax Commissioner may require, a return for such period, along with all taxes due, shall be filed with the Tax Commissioner in such form and content as the Tax Commissioner may prescribe and containing such information as the Tax Commissioner deems necessary for the proper administration of the Nebraska Revenue Act of 1967. The Tax Commissioner, if he or she deems it necessary in order to insure payment to or facilitate the collection by the state of the amount of sales or use taxes due, may require returns and payment of the amount of such taxes for periods other than monthly periods in the case of a particular seller, retailer, or purchaser, as the case may be. The Tax Commissioner shall by rule and regulation require reports and tax payments from sellers, retailers, or purchasers depending on their yearly tax liability. Annual returns shall be required if such sellers', retailers', or purchasers' yearly tax liability is less than nine hundred dollars, quarterly returns shall be required if their yearly tax liability is nine hundred dollars or more and less than twelve hundred dollars, and monthly returns shall be required if their yearly tax liability is twelve hundred dollars or more. The Tax Commissioner shall have the discretion to allow an annual return for seasonal retailers, even when their yearly tax liability exceeds the amounts listed in this subdivision.

The Tax Commissioner may adopt and promulgate rules and regulations to allow annual, semiannual, or quarterly returns for any retailer making monthly remittances or payments of sales and use taxes by electronic funds transfer. Such rules and regulations may establish a method of determining the amount of the payment that will result in substantially all of the tax liability being paid each quarter. At least once each year, the difference between the amount paid and the amount due shall be reconciled. If the difference is more than ten percent of the amount paid, a penalty of fifty percent of the unpaid amount shall be imposed.

(ii) For purposes of the sales tax, a return shall be filed by every retailer liable for collection from a purchaser and payment to the state of the tax, except that a combined sales tax return may be filed for all licensed locations which are subject to common ownership. For the purposes of this subdivision, common ownership shall mean the same person or persons own eighty percent or more of each licensed location. For purposes of the use tax, a return shall be filed by every retailer engaged in business in this state and by every person who has purchased personal property, the storage, use, or other consumption of which is subject to the use tax, but who has not paid the use tax due to a retailer required to collect the tax.

(iii) Returns shall be signed by the person required to file the return or by his or her duly authorized agent but need not be verified by oath.

(iv) A taxpayer who keeps his or her regular books and records on a cash basis, an accrual basis, or any generally recognized accounting basis which correctly reflects the operation of the business may file the sales and use tax returns required by the Nebraska Revenue Act of 1967 on the same accounting basis that is used for the regular books and records, except that on credit, conditional, and installment sales the retailer who keeps his or her books on an accrual basis may report such sales on the cash basis and pay the tax upon the collections made during each month. If a taxpayer transfers, sells, assigns, or otherwise disposes of an account receivable, he or she shall be deemed to have received the full balance of the consideration for the original sale and shall be liable for the remittance of the sales tax on the balance of the total sale price not previously reported, except that such transfer, sale, assignment, or other disposition of an account receivable by a retailer to a subsidiary shall not be deemed to require the retailer to pay the sales tax on the credit sale represented by the account transferred prior to the time the customer makes payment on such account. If the subsidiary does not obtain a Nebraska sales tax permit, the taxpayer shall obtain a surety bond in favor of the State of Nebraska to insure payment of the tax and any interest and penalty imposed thereon under this section in an amount not less than two times the amount of tax payable on outstanding accounts receivable held by the subsidiary as of the end of the prior calendar year. Failure to obtain either a sales tax permit or a surety bond in accordance with this section shall result in the payment on the next required filing date of all sales taxes not previously remitted. When the retailer has adopted one basis or the other of reporting credit, conditional, or installment sales and paying the tax thereon, he or she will not be permitted to change from that basis without first having notified the Tax Commissioner.

(c) The taxpayer required to file the return shall deliver or mail any required return together with a remittance of the net amount of the tax due to the office of the Tax Commissioner on or before the required filing date. Failure to file the return, filing after the required filing date, failure to remit the net amount of the tax due, or remitting the net amount of the tax due after the required filing date shall be cause for a penalty of forfeiture of the collection fee allowed pursuant to subdivision (d) of this subsection or five dollars, whichever is greater.

(d) The taxpayer shall deduct and withhold, from the taxes otherwise due from him or her on his or her tax return, ~~three percent of the first five thousand dollars remitted each month and one percent of all amounts in excess of five thousand dollars remitted each month to reimburse himself or herself for the cost of collecting the tax, except that for each month from October 1, 1991, to September 30, 1992, the taxpayer shall deduct and withhold, from the taxes otherwise due from him or her on his or her tax return,~~ one and one-half percent of the first one thousand dollars remitted each month and one-half percent of all amounts in excess of one thousand dollars remitted each month to reimburse himself or herself for the cost of collecting the tax. Taxpayers filing a combined return as allowed by subdivision (1)(b)(ii) of this subsection shall compute such collection fees on the basis of the receipts and liability of each licensed location.

(2)(a) If the Tax Commissioner determines that any sales or use tax amount, penalty, or interest has been paid more than once, has been erroneously or illegally collected or computed, or was paid on a purchase made before May 29, 1987, which purchase qualified for a refund under section 77-27,186 at the time of purchase, the Tax Commissioner shall set forth that fact in his or her records and the excess amount collected or paid may be credited on any sales, use, or income tax amounts then due and payable from the person under the Nebraska Revenue Act of 1967. Any balance may be refunded to the person by whom it was paid or his or her successors, administrators, or executors.

(b) No refund shall be allowed unless a claim therefor is filed with the Tax Commissioner by the person who made the overpayment or his or her attorney, assignee, executor, or administrator within three years from the required filing date following the close of the period for which the overpayment was made, within six months after any determination becomes final under section 77-2709, or within six months from the date of overpayment with respect to such determinations, whichever of these three periods expires the later, unless the credit relates to a period for which a waiver has been given. Failure to file a claim within the time prescribed in this subsection shall constitute a waiver of any demand against the state on account of overpayment.

(c) Every claim shall be in writing on forms prescribed by the Tax Commissioner and shall state the specific amount and grounds upon which the claim is founded. No refund shall be made in any amount less than two dollars.

(d) The Tax Commissioner shall allow or disallow a claim within one hundred eighty days after it has been filed. If the Tax Commissioner has neither allowed nor disallowed a claim within such one hundred eighty days, the claim shall be deemed to have been allowed.

(e) Within thirty days after disallowing any claim in whole or in part, the Tax Commissioner shall serve notice of his or her action on the claimant in the manner prescribed for service of notice of a deficiency determination.

(f) Within thirty days after the mailing of the notice of the Tax Commissioner's action upon a claim filed pursuant to the Nebraska Revenue Act of 1967, the action of the Tax Commissioner shall be final unless the taxpayer seeks review of the Tax Commissioner's determination as provided in section 77-27,127.
